

# PALESTINE TRADE CATALOGUE

# FOREWORD

BY

SIR DOUGLAS HARRIS, K.B.E., C.S.I., C.I.E.

CHAIRMAN OF THE CATALOGUE COMMITTEE OF THE  
PALESTINE WAR SUPPLY BOARD

The primary object of the Palestine Trade Catalogue, which is being published under the auspices of Government and of which this volume forms the first part, is to assist and stimulate trade between Palestine and other territories, especially those of the Middle East. There has, in the past, been no single work of reference to which merchants and importers in those territories could turn in order to see what Palestine is producing or can produce. It is the aim of the Catalogue to remedy this deficiency and to present as comprehensive a picture as possible of the production and manufacturing capacity of the country.

The need for such a Catalogue has been enhanced by the industrial expansion which has taken place in Palestine during the war. In order to save shipping space, Palestinian industry has been called upon to supply the needs of the armed forces, of the civil population and, in some cases, of neighbouring territories also, in respect of a large variety of stores and commodities which were previously imported. To this end new industries have been established and pre-existing industries have been re-organized and enlarged; in the result, Palestine is to-day producing a range of articles which might well have seemed incredible three years ago.

The Catalogue is not limited to the products obtainable under emergency war conditions but shows what Palestine can produce in normal times. In other words, it is intended not only for the present but for the future also. It is the hope of the Catalogue Committee that, when normal conditions of trade are restored, the Catalogue will prove to be a valuable factor in establishing between Palestine and other countries those closer commercial relations which cannot but redound to the benefit of all concerned.

*Douglas Harris*

---

## THE PALESTINE TRADE CATALOGUE

is divided into Parts which are being issued in the form of separate books, each devoted to a particular branch of Palestine production and trade. In each Part the Alphabetical List provides the customary data of a directory, while the Classified List gives the products or services together with the names of the respective producers or traders. Fuller information is contained in the Catalogue Section in which the firms' own descriptive matter is published in the name and on the responsibility of the firms concerned. To facilitate reference, insertions in the Catalogue Section as well as advertisements are arranged according to trade groups and both Catalogue and Advertisement Sections are preceded by their Lists of Contents.

In the compilation of firms' descriptive matter, technical assistance has been given by the editorial staff and all possible care taken in ensuring the accuracy of the information. As this is the first time that a Catalogue of such scope and design is being produced in Palestine, it may not have been possible to avoid omissions and imperfections. Suggestions for correction and improvement are welcomed and will receive the careful consideration of the Editors.

Correspondence and Enquiries should be addressed to:

# FOREWORD TO PART ONE

BY

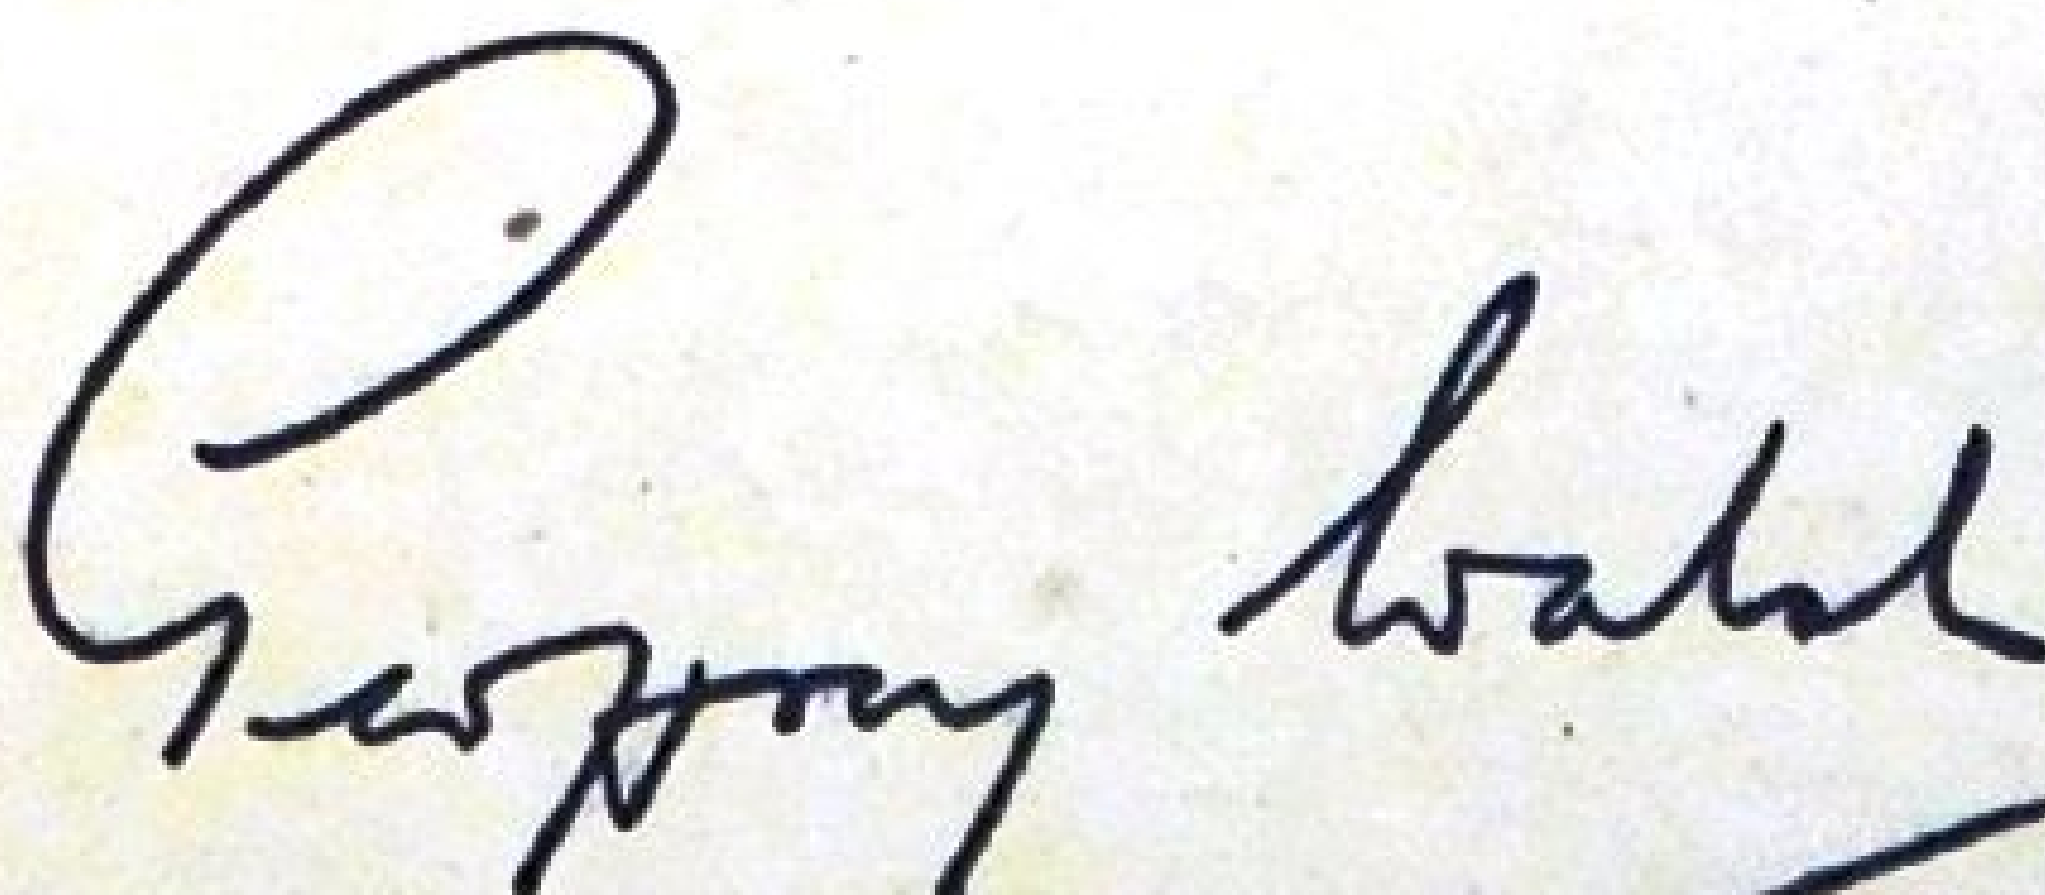

G. WALSH, Esq., C. B. E.

ECONOMIC ADVISER TO HIS EXCELLENCY THE HIGH COMMISSIONER,  
FOOD CONTROLLER,  
CHAIRMAN OF THE CITRUS CONTROL AND MARKETING BOARDS.

I welcome this opportunity of writing a Foreword to Part I of the Palestine Trade Catalogue since I am especially interested in the wide range of commodities grouped under the Head of Food, Drink and Tobacco. Under war conditions the motto of Food Control is 'A fair share for all', and when peace returns it is to be hoped that the slogan will be equally applicable not only to the internal economy of Palestine but also to external trade.

A perusal of this section of the Palestine Trade Catalogue will indicate the high standard which has been attained in the production and preparation of foodstuffs, drinks and tobacco. Palestine citrus has already achieved a world reputation for excellence and so long as quality is maintained and prices are competitive, there is good reason to hope that a similar proud position will be established in world markets for other Palestine products.

As Food Controller, I write this Foreword with a certain wistfulness since problems of supply and transport obscure the immediate horizon, as Economic Adviser, however, a wider range of vision warrants the confident belief that when normal channels of trade are no longer hampered by war restrictions, the Palestine Trade Catalogue will provide a useful and necessary link between local suppliers and an increasing clientèle in Middle East and more distant markets.

  
A handwritten signature in cursive script, reading "Gregory Walsh", is written above a long horizontal line.

## NOTICE

The object of this Catalogue is to provide a comprehensive picture of the production capacity of Palestine both in peace and war. Without the inclusion of peace-time products the Catalogue would have been far from complete and such inclusion will enhance its value as a work of reference immediately hostilities cease. In the meantime, however, the inclusion of an item in the Catalogue should not be taken to connote either that the article in question is produced in wartime or that, if so produced, its export is permitted.

CITRUS FRUIT

# PALESTINE CITRUS

## M I L E S T O N E S

2000 B.C.	CHINA	Citrus fruits first mentioned in the literature of their original home — China.
250	PALESTINE	<i>THE CITRON ACCLIMATIZED IN PALESTINE.</i>
50 A.D.		Oranges, Lemons and Citrons commonly grown in Palestine.
1191	CRUSADERS	Richard Coeur-de-Lion and the Crusaders rest and refresh themselves in Palestine's citrus groves.
1799	NAPOLEON	The army of Napoleon Bonaparte encamps in the orange groves of Jaffa during his siege of the city.
1850	'JAFFA' ORANGE	<i>THE BIRTH OF THE PRESENT-DAY 'JAFFA' ORANGE</i> through the sudden appearance in a Jaffa grove of a new, oval-shaped, seedless type of orange — bigger, sweeter and of better flavour and fragrance than any variety known so far.
1856	QUEEN VICTORIA	The first case of the new variety is sent abroad, as a present to Queen Victoria from the British Consular Agent in Jaffa.
1885	<b>100,000</b>	Exports of 'Jaffa' oranges reach for the first time 100,000 cases.
1912	GRAPEFRUIT	The cultivation of grapefruit introduced into Palestine from the United States. Palestine's groves of 'Jaffa' oranges occupy an area of 30,000 dunams (3,000 hectares). Annual exports exceed 1,600,000 cases of the new sweet and seedless variety.
1913		
1917	ALLENBY	Allenby's armies encamp in the orange groves north of Jaffa.
1938/39	<b>15,000,000</b>	<i>PALESTINE'S CITRUS AREA TOTALS 300,000 DUNAMS, ANNUAL EXPORTS EXCEED 15,000,000 CASES</i>

**PALESTINE RANKS SECOND AMONGST THE CITRUS EXPORTING COUNTRIES OF THE WORLD**

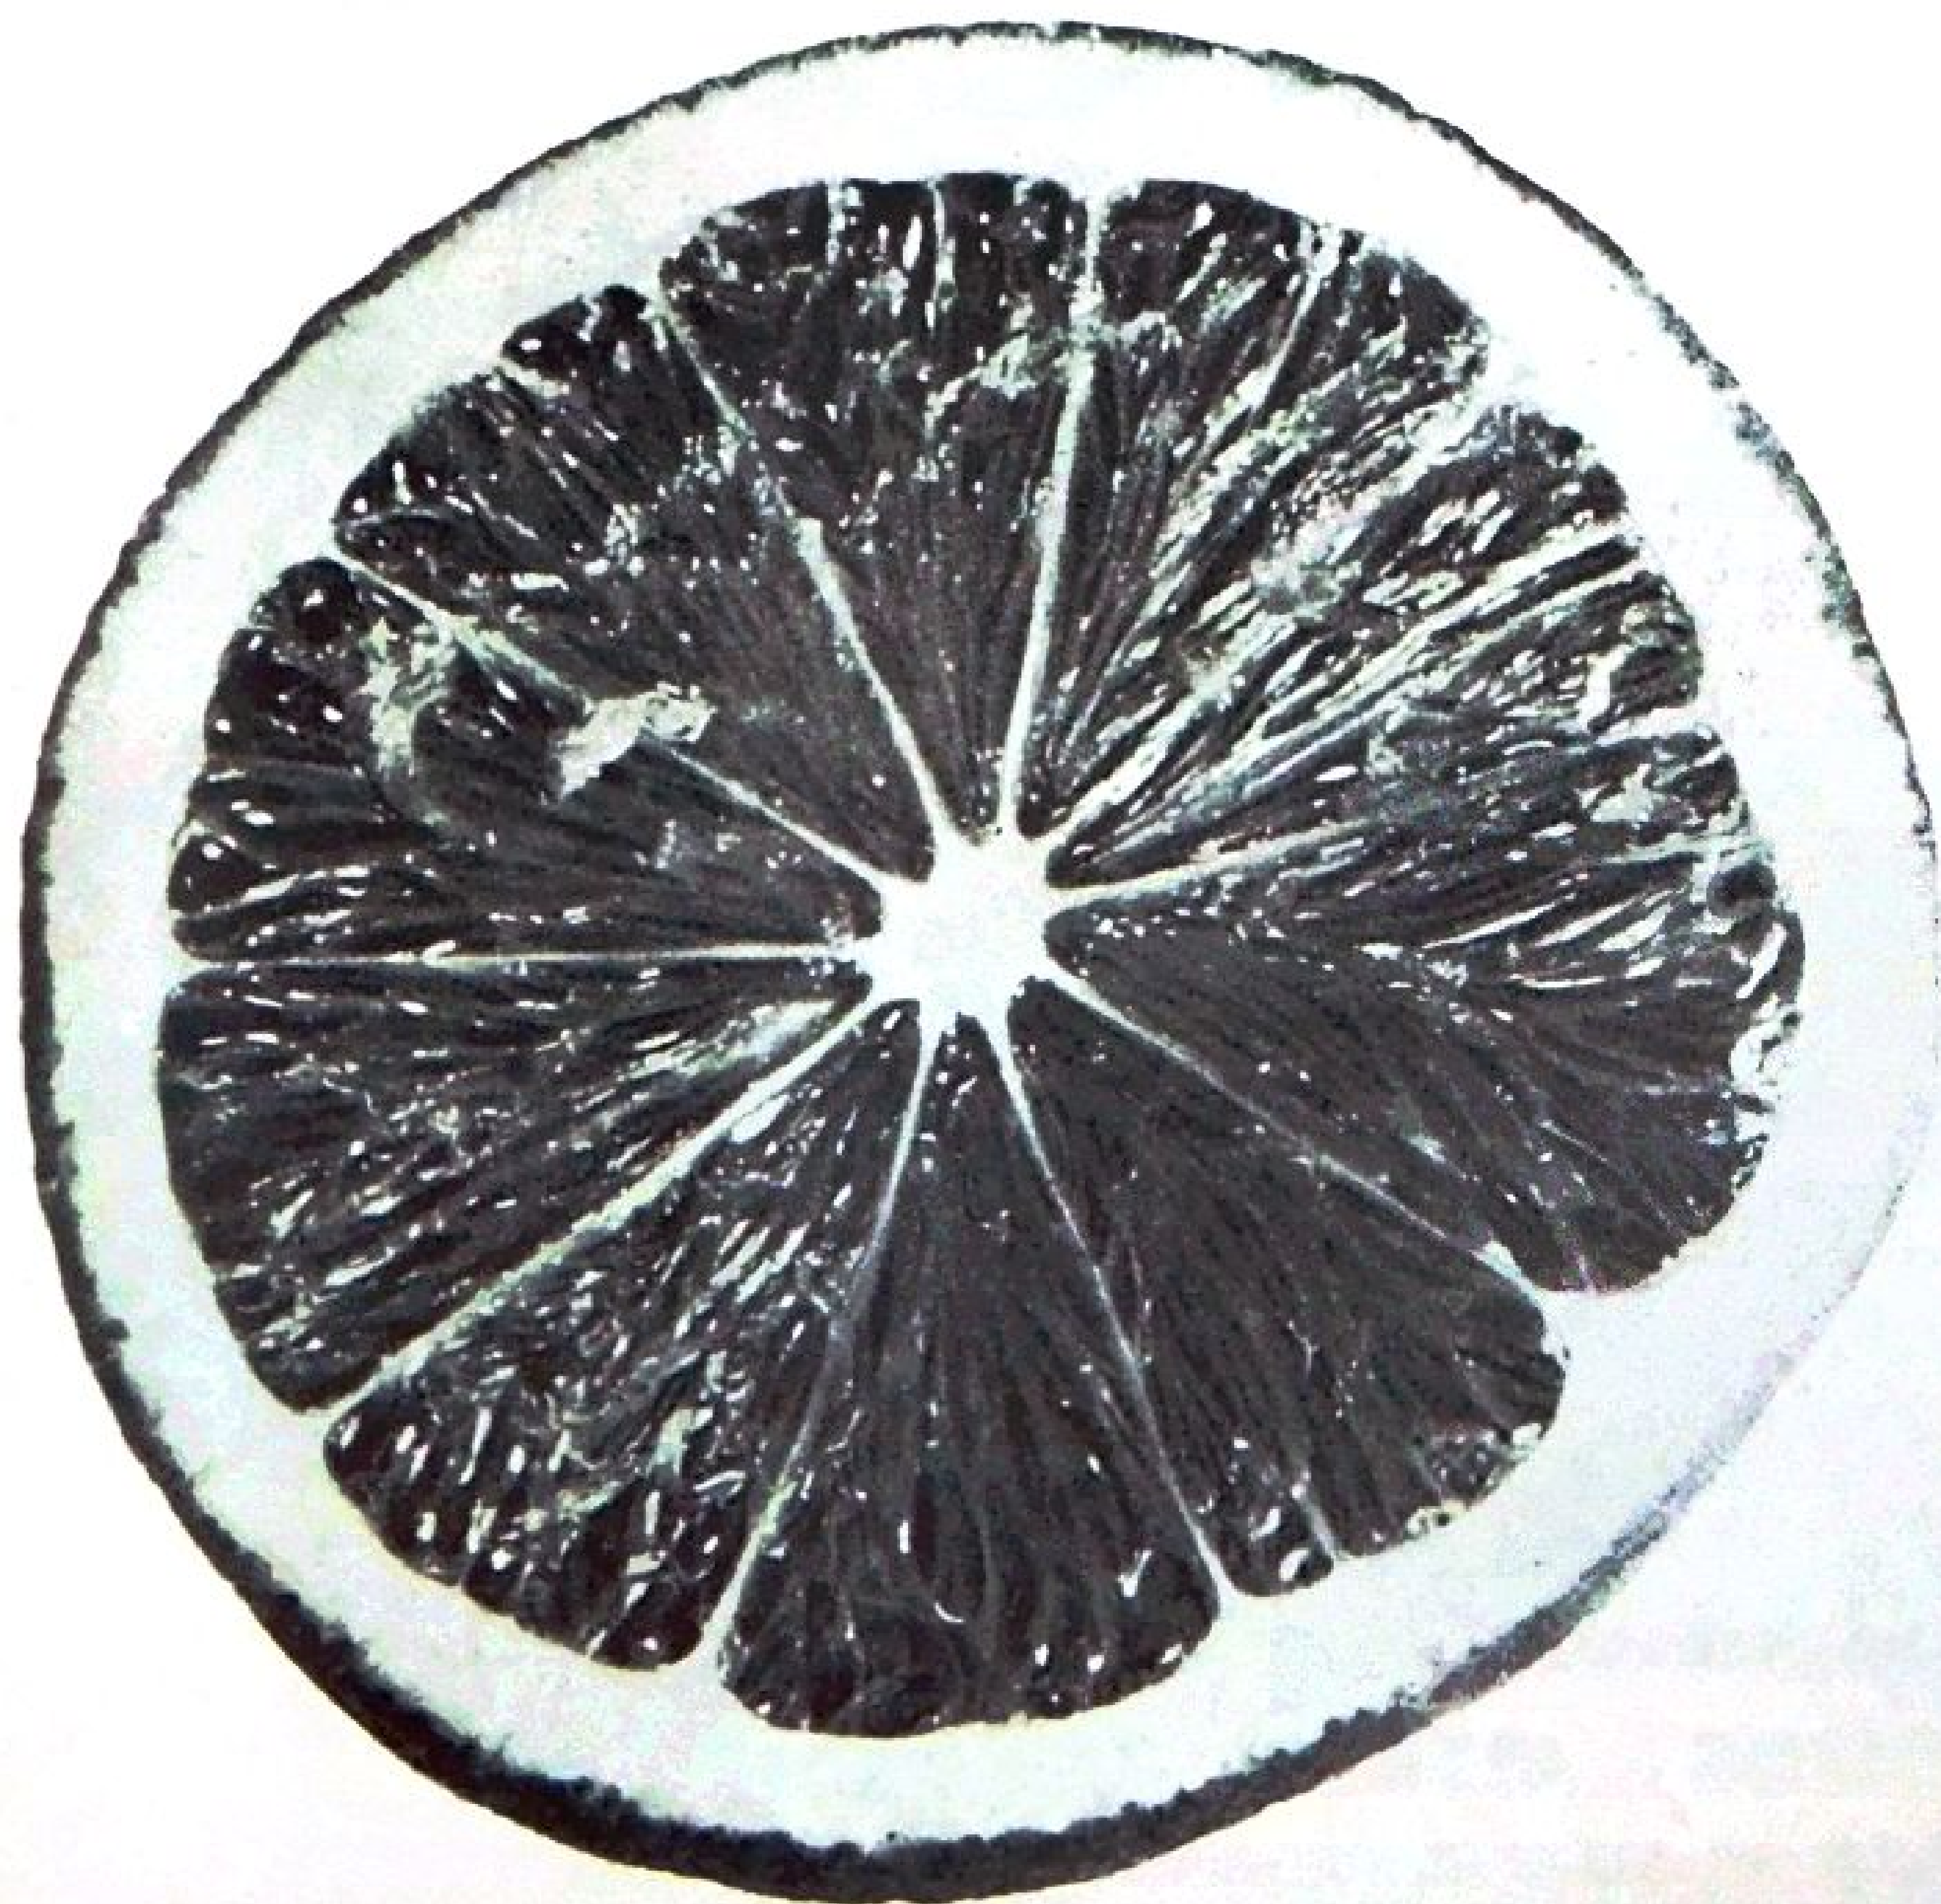

*"It bears its 'apples' at all seasons;  
for when some have been gathered,  
others are still ripening on the tree  
already bearing new blossom".*

Theophrastes of Eresos (300 B.C.)

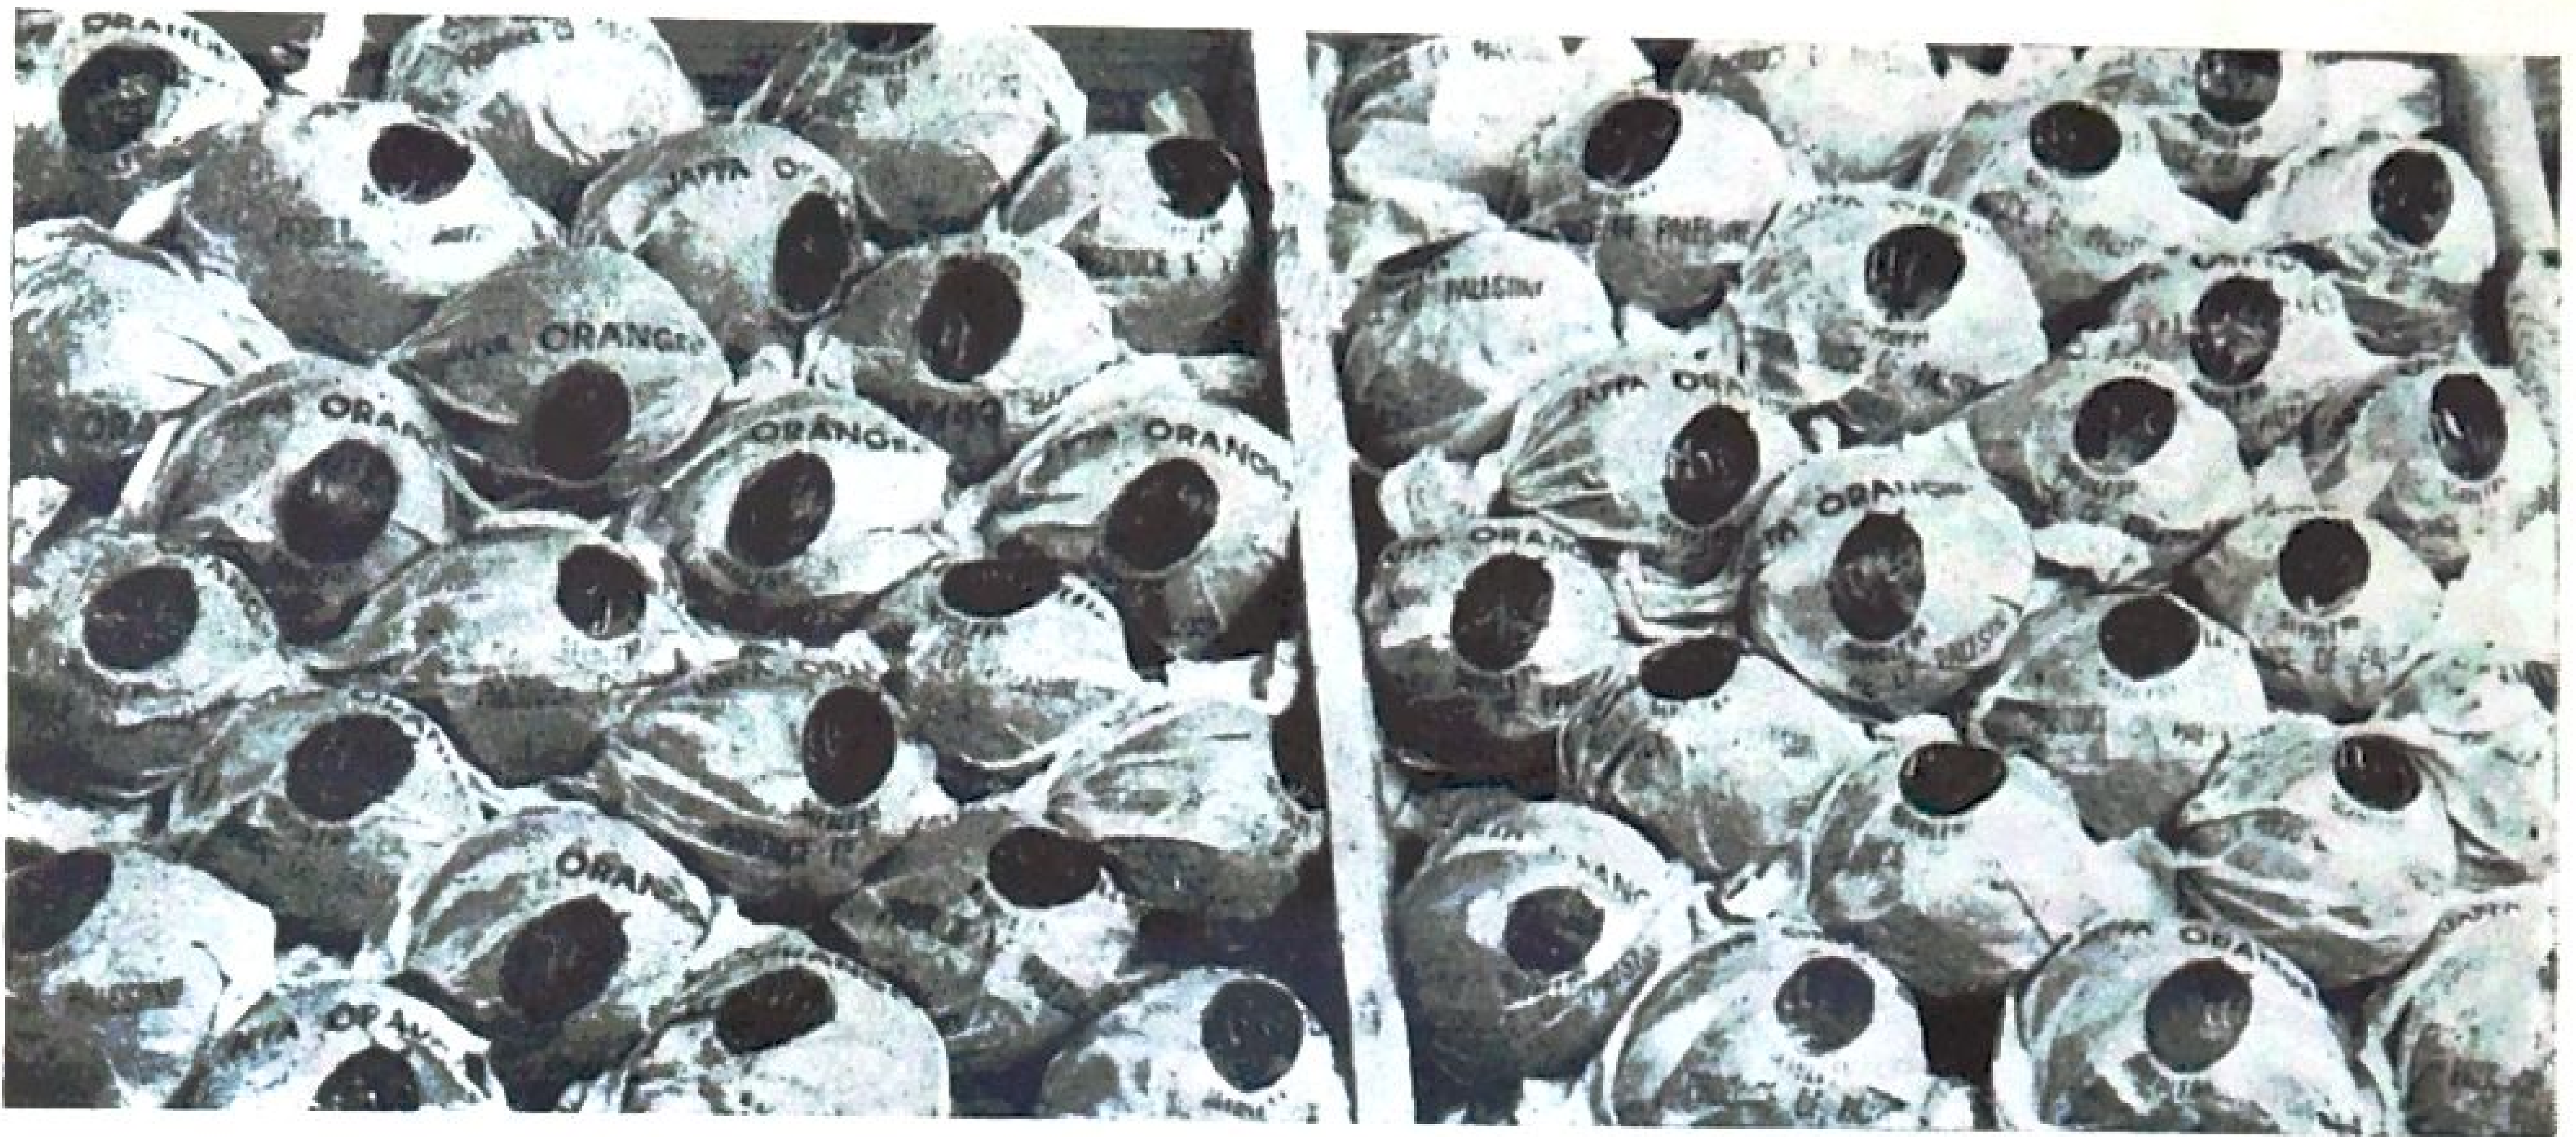

A familiar springtime sight in the  
Maritime Plain: ripe 'JAFFA'  
oranges still on the branches of  
trees already heavily laden with  
the blossoms of a new crop.

**OVAL SHAPE — ABSENCE OF SEEDS — GREAT SWEETNESS — EXQUISITE FLAVOUR.**

these are the qualities  
which have earned the  
'JAFFA' its reputation  
as the best orange ever  
grown. The same pecu-  
liarities of climate, soil  
and water which gave  
the 'JAFFA' Orange its  
superior qualities are  
responsible also for the  
exceptionally pleasant  
flavour — due to the  
ideal blending of sour,  
bitter and sweet elements  
— of the world-famous  
'JAFFA' Grapefruit.

A WELL-PACKED CASE OF 'JAFFA' ORANGES

## PALESTINE CITRUS SHIPPING SEASON

LEMONS	. . . . .	September	to	May
GRAPEFRUIT	. . . . .	October	to	May
ORANGES:				
'Jaffa' (Shamuti)	. . . . .	November	to	April
'Late Valencia'	. . . . .	April	to	June

Stringent grading and packing regulations, enforced by a large staff of Government inspectors, ensure that only fruit of the best quality, sound and well-packed in cases of approved dimensions, is exported.

## AUTHORIZED COMMERCIAL COUNTS:

Grapefruit	80	96	112							
Oranges	150	180	210	240	270	294				fruit per case
Lemons	150	180	210	240	260	296	360			

## SIZE AND WEIGHT OF CASES

used for packing 'JAFFA' Oranges:

74 cm long,	37 cm wide,	30 cm high,	47 kg gross,	42 kg net
74 " " "	36 " " "	30 " " "	42 " " "	37 " " "

# PALESTINE CITRUS

THE DISCOVERY OF AMERICA BY CHRISTOPHER COLUMBUS and of the maritime route to India by Vasco da Gama was due not only to their courage, perseverance and seamanship, but also to their knowledge of the antiscorbutic properties of oranges and lemons, of which they carried a supply in their ships. Having recognized the health value of citrus fruit, the Dutch East India Company introduced into their colony of the Cape of Good Hope the first orange trees to be grown in South Africa. Sir James Lancaster, the commander of the first expedition of merchant adventurers to sail from the British Isles to India, went a step further by taking with him from St. Helena, where he had called en route, a quantity of bottled lemon juice in addition to fresh citrus fruit. This enabled him to keep a serious outbreak of scurvy under control until his arrival at Madagascar where fresh fruit could once more be obtained.

The health properties of citrus fruit are due principally to the remarkably high percentage of Vitamin C they contain.

To obtain all the good there is in 'Jaffa' oranges, grapefruit or lemons in times of shipping space scarcity and to save freight on the water contained in the fresh fruit, examine on the opposite page the list of citrus products offered by Palestine's modern factories, guided and advised by scientists of world repute.

# PRODUCTS

**JUICES** PRESERVED WITH SO<sub>2</sub>,  
PASTEURIZED, \* CONCENTRATED:  
Orange, Grapefruit, Lemon

**SQUASHES** Orange, Grapefruit, Lemon

**CANNED GRAPEFRUIT**

# THE JAFFA CITRUS EXCHANGE

The JAFFA CITRUS EXCHANGE fulfils the functions of a Chamber of Commerce for the Citrus Trade. Founded in 1920, its membership comprises all Palestine's Co-operative Societies of citrus growers and some of the most important non-co-operative citrus exporters. During the last pre-war shipping season (1938/39) the members of the Exchange exported 63 per cent of Palestine's citrus crop, viz. 9,700,000 out of a total of 15,300,000 packed cases.

## CITRUS EXPORTERS — MEMBERS OF THE EXCHANGE

# JAFFA EXPORTERS

Jaffa has been famous for the excellence of its orchards for at least 3000 years. In the 13th Century B.C., a 'King's messenger' of Pharaoh Rameses II wrote of their beauty in enthusiastic terms; to-day, the district still produces what is universally recognised as the best orange in existence. Expert knowledge, born of this long tradition, has won high reputation, as growers and packers of Jaffa Oranges, for:

# PARDESS SYNDICATE

## OF PALESTINE CITRUS GROWERS CO-OPERATIVE SOCIETY LTD.

20, ROTHSCHILD BLVD., TEL-AVIV, P.O.B. 1290 . TELEPHONE. 4281/2 . CABLES: PARDESSYND

Pardess Syndicate is the central marketing agency acting for and on behalf of leading Palestine Citrus Co-operatives whose membership totals 1,500 growers owning an area of over 50,000 dunams of grove. In 1938/39—the last pre-war season—these Co-operatives exported 5,700,000 cases, i e., over one-third of Palestine's total crop. In 1939/40 — the first war season — Palestine's citrus exports dropped to about half the crop and totalled: oranges — 6,439,703, grapefruit — 999,178 and lemons — 149,300 cases. Of these 32.1%, 38.9% and 37.5% respectively were handled by Pardess Syndicate which was responsible for 2,515,409 cases. Pardess Syndicate's widely ramified organisation is constituted as follows:

### AFFILIATED CITRUS GROWERS' CO-OPERATIVES

PARDESS CO-OPERATIVE SOCIETY OF ORANGE GROWERS LTD., TEL-AVIV  
ADDIR CO-OPERATIVE SOCIETY OF ORANGE GROWERS LTD., TEL-AVIV  
A.P.A.I. PALESTINE FRUIT GROWERS CO-OPERATIVE SOCIETY LTD., HADERA  
BUSTAN ORANGE GROWERS CO-OPERATIVE ASSOCIATION LTD., PETAH TIQVA  
HERZLIA CITRUS GROWERS CO-OPERATIVE ASSOCIATION LTD., HERZLIA  
PRISHARON CITRUS MARKETING CO-OPERATIVE SOCIETY LTD., NATANYA

### SUBSIDIARY COMPANIES

THE JAFFA ORANGE SYNDICATE LTD. and THE JAFFA FRUIT CO. LTD.  
which handle on a commission basis the produce of groves owned by non-members.

### SPECIAL DEPARTMENTS

#### INSURANCE DEPT.

which holds agencies of British Insurance Companies for Marine, Motor, Transport, Fire and Accident Insurance.

#### SHIPPING DEPT.

which represents shipping lines, the agencies of which have been transferred by the affiliated Co-operatives to the Jaffa Orange Syndicate Ltd.

### AGENTS AND CORRESPONDENTS ABROAD

closely supervise the market in the United Kingdom and other countries and act there in all matters relating to receipt and sale of the fruit dispatched from Palestine by Pardess Syndicate.

As the result of the remarkable growth of the production of citrus fruit in Palestine, modern methods became increasingly necessary in all the phases of the Citrus Trade: Cultivation, Picking, Packing, Transport and Marketing. The realisation of the fact by the growers led to the establishment — in April 1939 — of **PARDESS SYNDICATE-PALESTINE'S LARGEST CITRUS EXPORTING ORGANISATION**

# TNUVA

CENTRAL MARKETING INSTITUTION OF AGRICULTURAL  
COOPERATIVE SOCIETIES IN PALESTINE

TNUVA is the central co-operative organisation established in 1925 for the marketing of the agricultural produce of the Jewish Labour Settlements. It specialises in milk, milk products, eggs, fresh fruit and vegetables and their preserves, citrus by-products, honey, poultry and fish.

TNUVA organisation in Palestine includes local dairies in the settlements, central dairies in the main cities and larger colonies, a cheese factory at Tel-Joseph, honey sorting and packing factory at Shehurat Borohov, a factory for making Zoof — a honey beverage — at Ramat Gan, egg candling and grading plants and ripening and cold storage rooms in the cities and in a large number of settlements.

TNUVA retail shops in the towns are its direct link with the consumer. Apart from these, TNUVA products are available at groceries and greengrocers, in town-markets, etc.

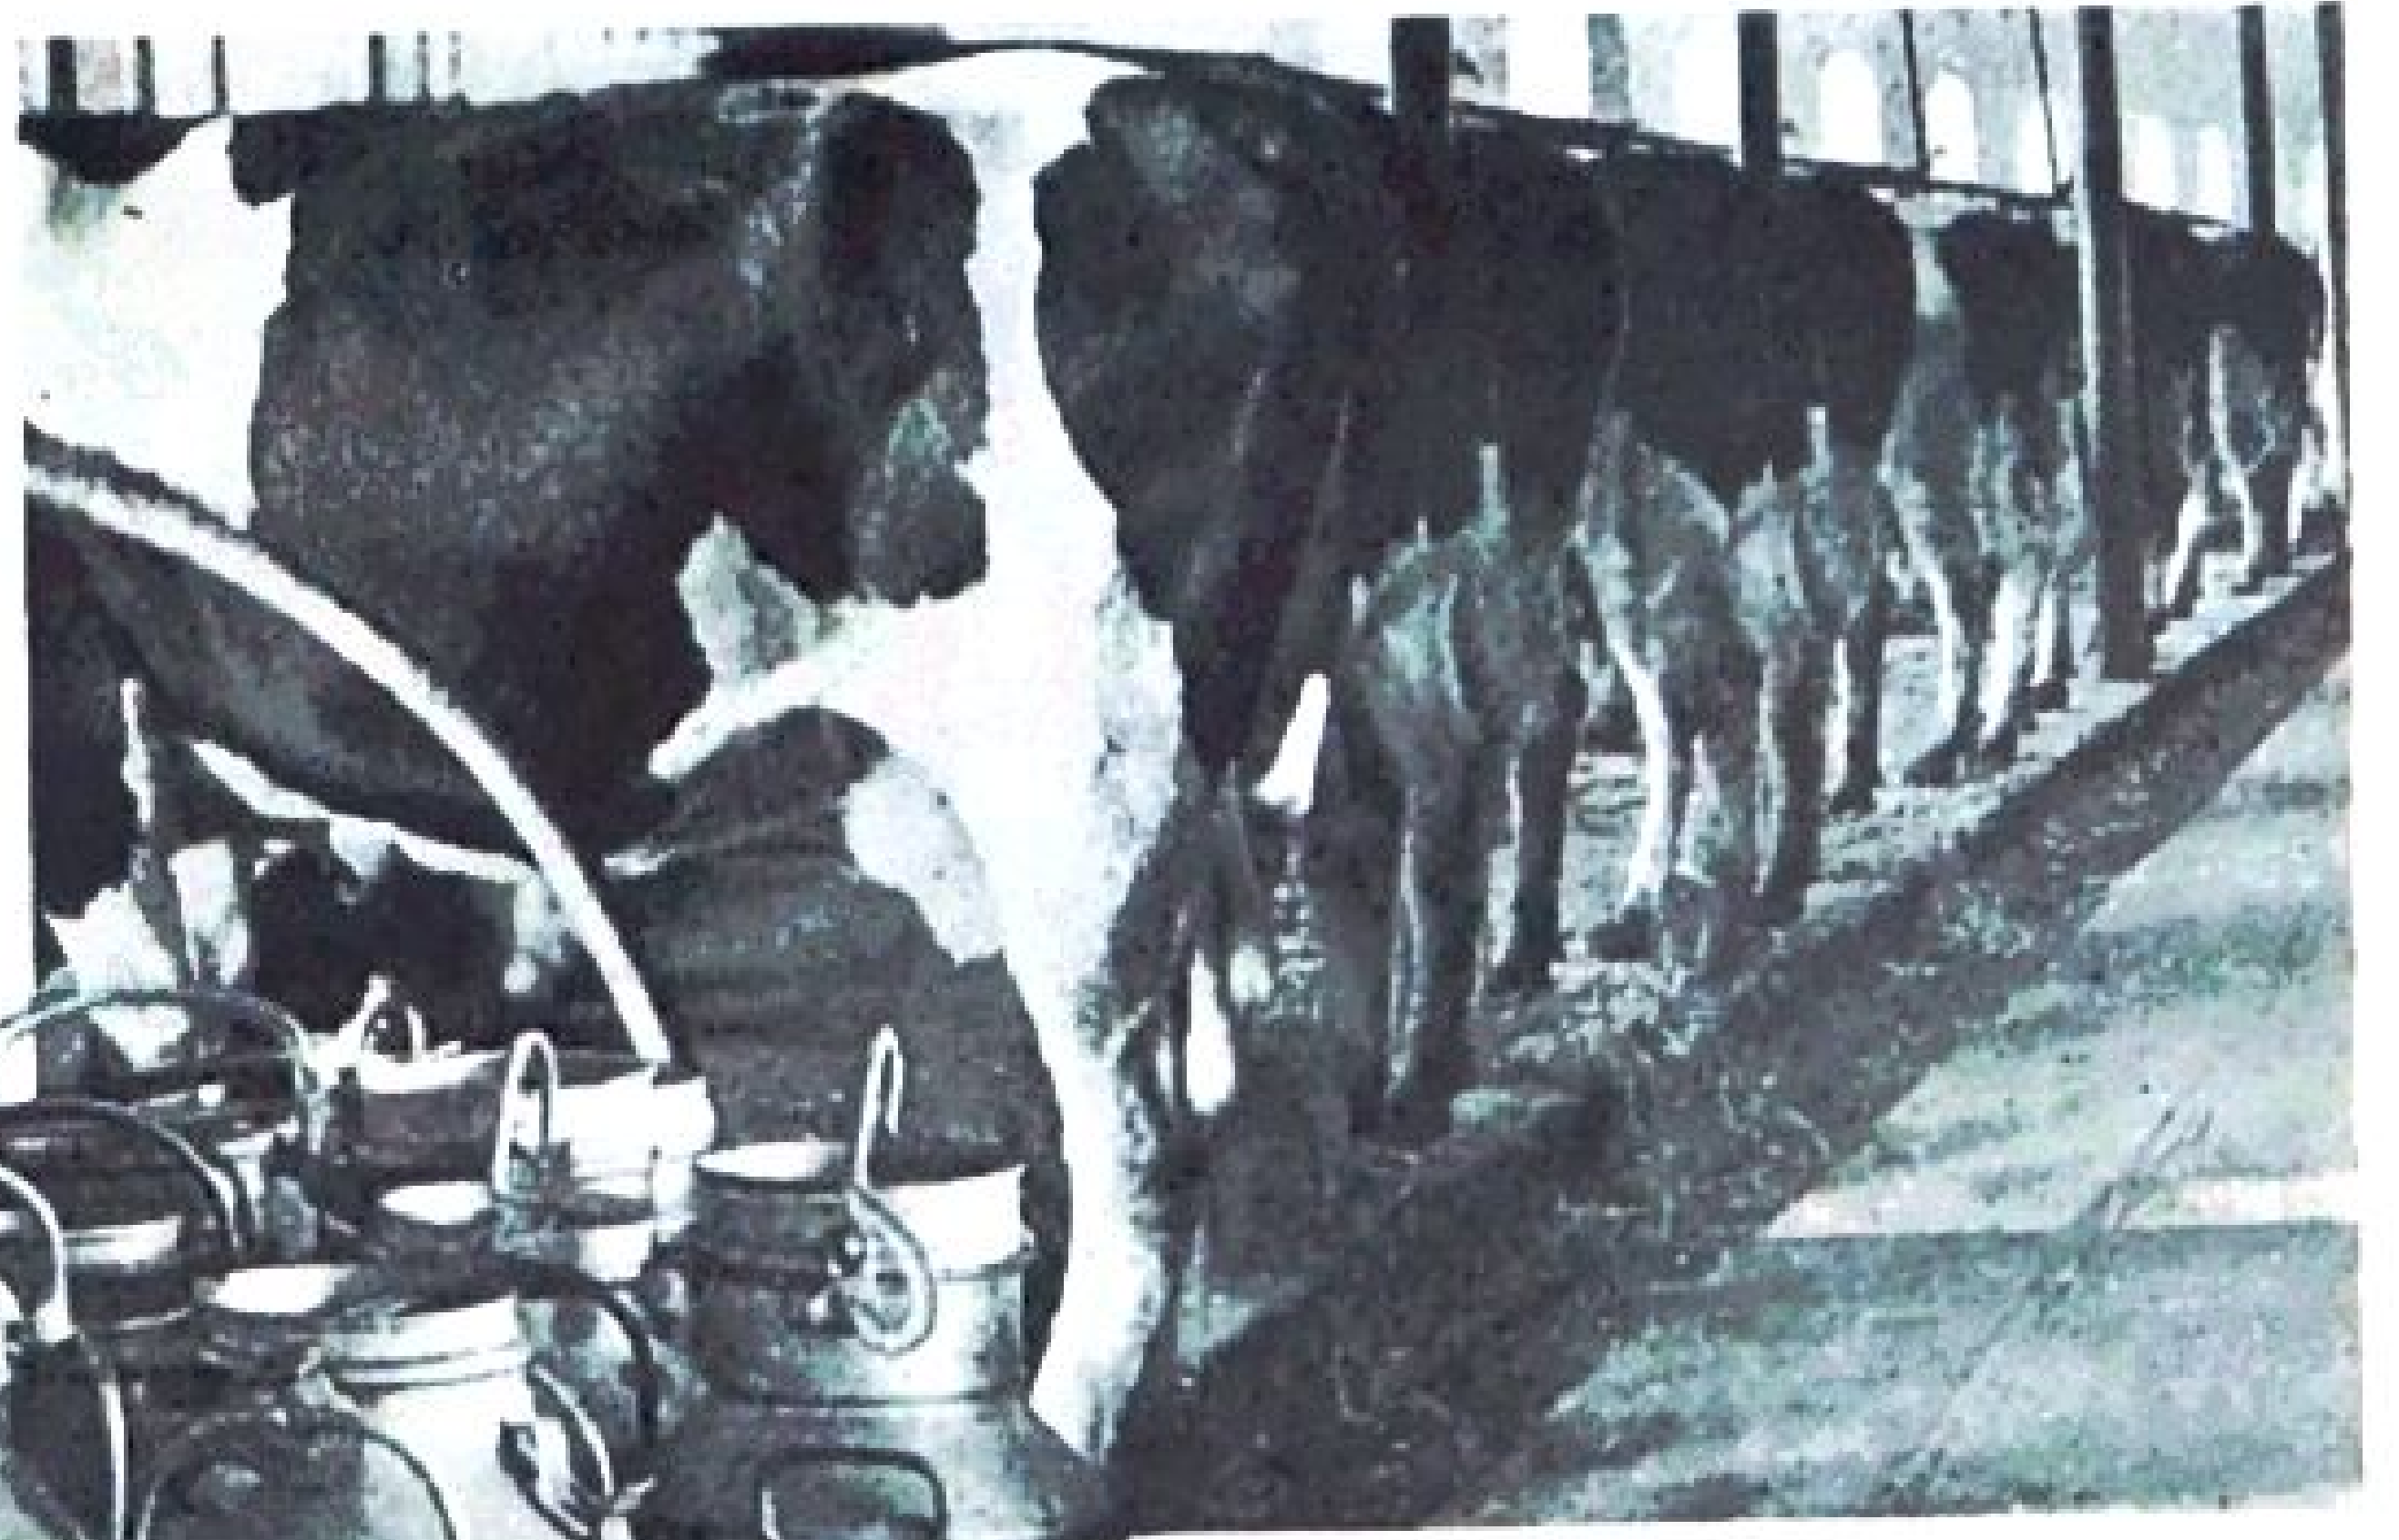

In the following pages brief information is given on TNUVA products. In addition, see in this Part of the Palestine Trade Catalogue: TNUVA-EXPORT for Citrus Fruit; ESHED-GAT-RIMON for Fruit and Vegetable Preserves; TOPAS for Citrus Pectin and various Citrus By-Products.

# T N U V A     D A I R Y     P R O D U C T S

During the past two decades cattle have been imported into Palestine from Holland as well as from Damascus and Beirut. A new strong breed has resulted. The present average annual yield per cow in the settlements marketing through TNUVA is 4100 litres of milk, the best cows yielding up to 5000 and 6000 litres.

TNUVA Central Dairies are the largest in the Middle East and are equipped with up-to-date machinery for the manufacture of milk products under the most hygienic conditions.

GRAPES	MAY - SEPTEMBER
BANANAS	OCTOBER - MAY
APPLES	JULY - APRIL
PEARS	JULY - SEPTEMBER
PLUMS	MAY - AUGUST
STRAWBERRIES	MARCH - MAY
MELONS	JUNE - JULY
WATER-MELONS	JUNE - AUGUST

PALESTINE CITRUS FRUIT AND GRAPES date back to Biblical times. Most other fruits as well as many varieties of vegetables have been introduced into the country only very recently. Such a common feature of farm produce as the potato, for instance, was brought to Palestine only after the First World War and necessitated years of experimenting until it successfully established itself on the Palestine soil. Strawberries, again, completely unknown to Palestine twenty years ago, are now produced and marketed in Palestine in appreciable quantities and are also exported in the form of jam.

## T N U V A E G G S

FRESH VEGETABLES, unlike fruit, are only to a limited extent an exportable commodity in any country. There have nevertheless been encouraging beginnings of vegetable exports from Palestine to the United Kingdom and other markets, where they reached the consumer in the winter and spring months when local vegetables are not available.

TNUVA FRUIT AND VEGETABLES are packed for transport in Palestine in specially designed wooden boxes. Apples, pears, plums and grapes

as well as tomatoes and some other vegetables are wrapped in tissue paper and the best varieties of cauliflower in cellophane paper; strawberries are packed in cartons. Banana bunches are transported in TNUVA special banana-vans. Ripening and cold storage facilities are provided all the way through, beginning from the settlements where the fruit and vegetables are grown and picked and ending at the TNUVA Central Marketing Stores in the towns.

## TNUVA FISH

# HAMASHBIR HAMERKAZI

## PALESTINE CO-OPERATIVE WHOLESALE SOCIETY LIMITED

HEAD OFFICE: TEL-AVIV, SALAMEH ROAD, P. O. B. 130, TEL. 1336-9  
 BRANCH OFFICE: HAIFA, ALLENBY STREET, P. O. B. 295, TEL. 4271

Hamashbir Hamerkazi is the Central Supplying Institution of the Co-operative Movement in Palestine. It serves the co-operative agricultural settlements as well as the consumers', producers' and other co-operatives in the towns and villages and works on lines similar to those of the Co-operative Wholesale Society in Great Britain.

The supplying activities of Hamashbir Hamerkazi cover a very wide range of commodities beginning with farm requirements like machinery, fertilizers, etc. and ending with general consumers' goods, household articles, etc. For details see the respective Parts of the Catalogue.

A GRAIN AND SEED CLEANING PLANT AND A FLOUR AND FODDER MILL ARE  
 MAINTAINED BY HAMASHBIR HAMERKAZI.

### GRAIN AND SEED CLEANING PLANT

The Plant was established in 1940 and is the first and only one of its kind in Palestine and the neighbouring countries. Best varieties of seeds of every description are specially grown on own experimental fields and are selected, tested and recleaned in the Plant, which is equipped with the most up-to-date apparatus. Vegetable, flower and field seeds are treated with disinfectants. The main varieties of improved seeds offered to the farmers in Palestine and for export are:

#### VEGETABLE SEEDS:

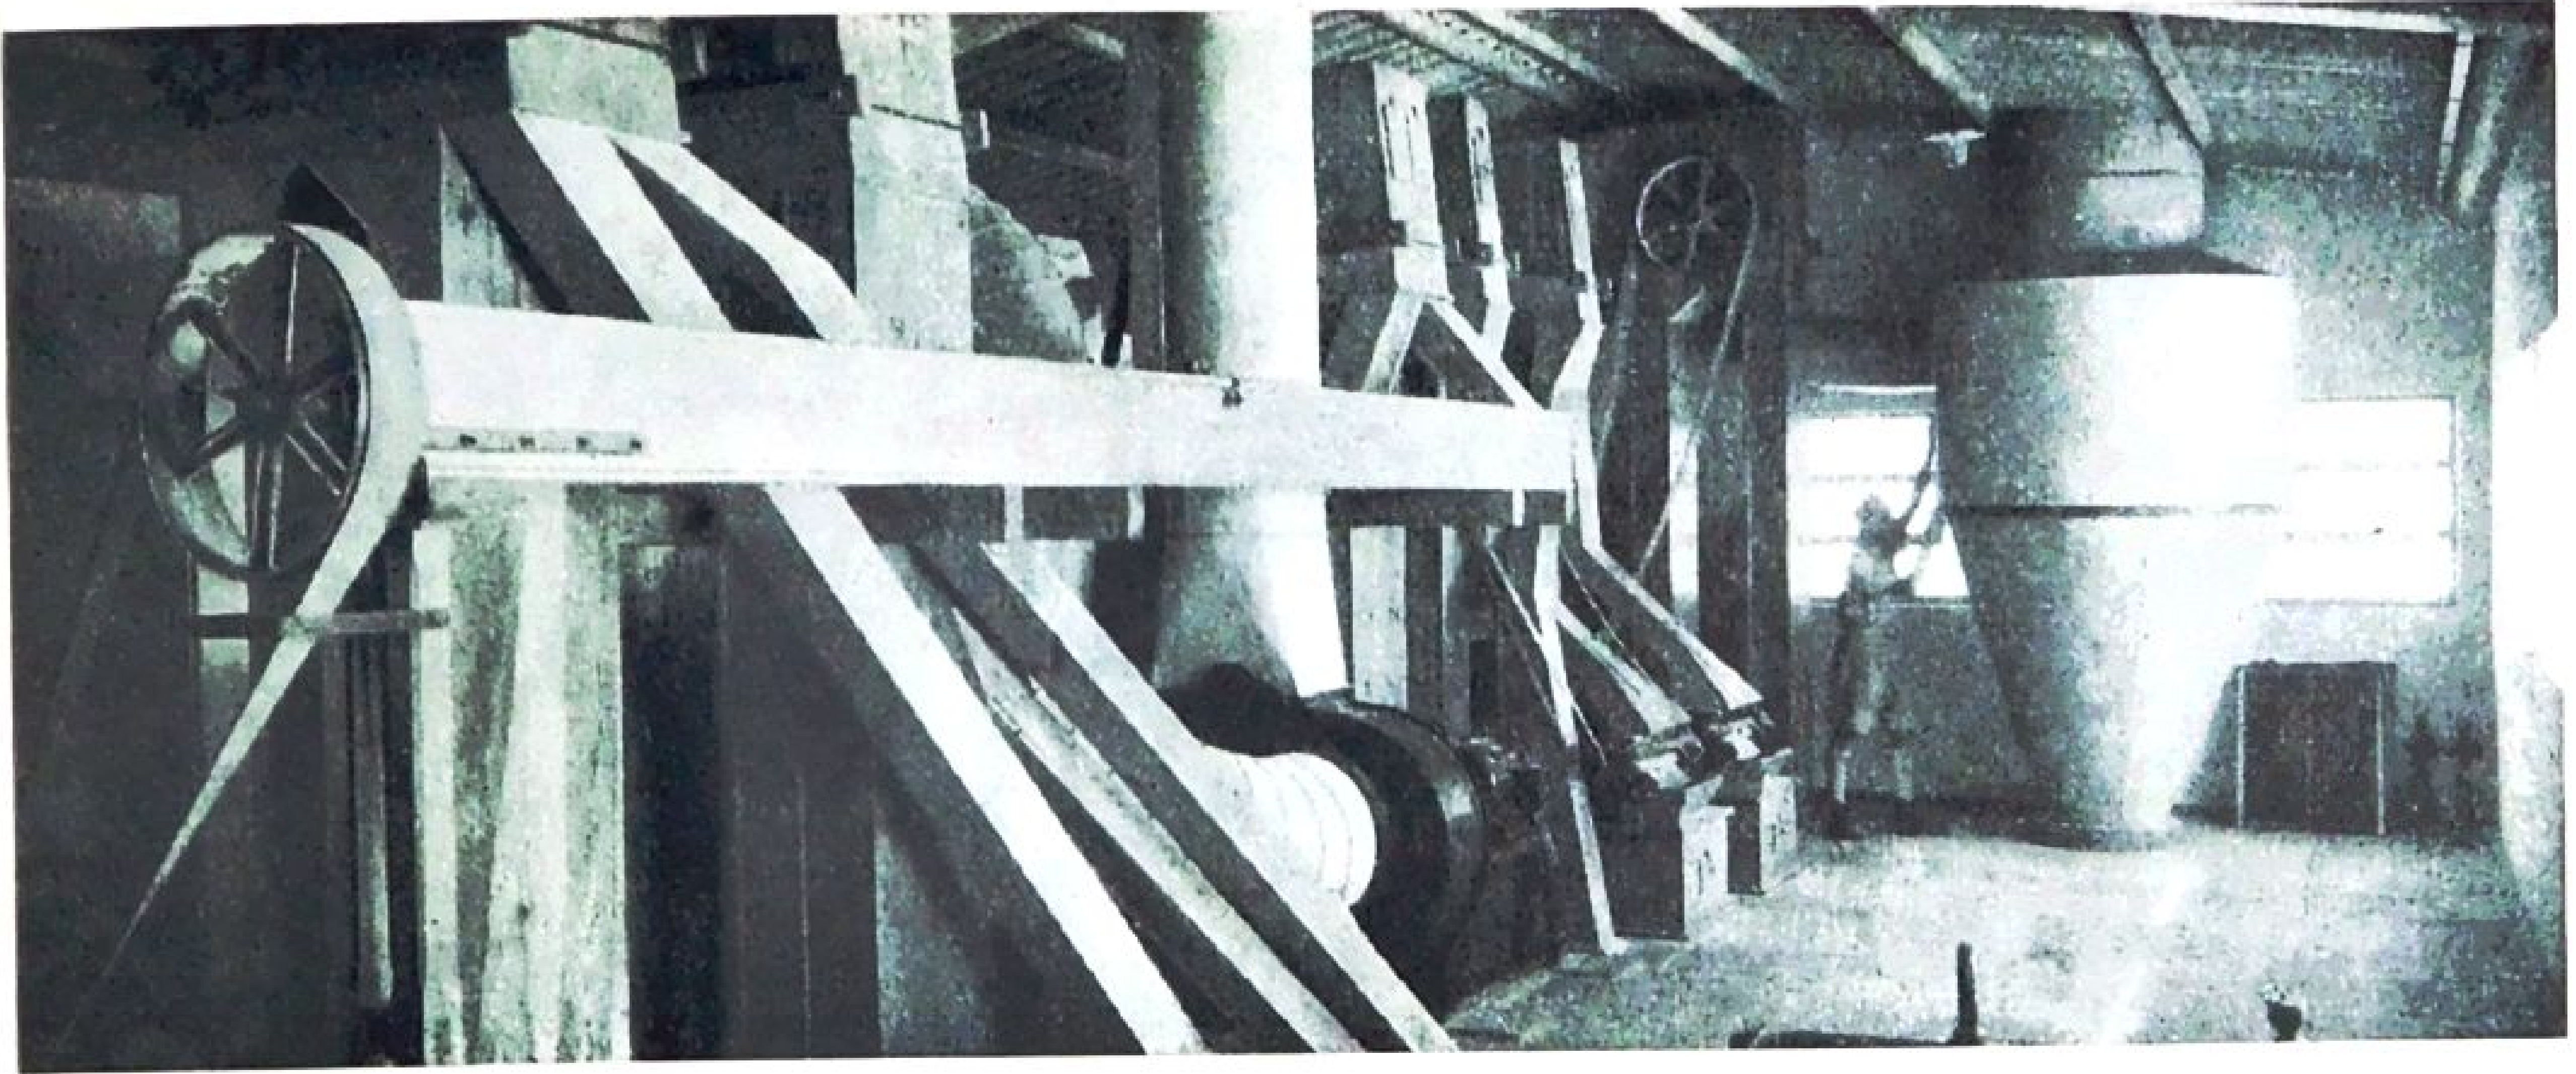

BEAN	ONION
CABBAGE	PARSLEY
CARROT	PEA
CAULIFLOWER	PEPPER
CUCUMBER	PUMPKIN
EGGPLANT	RADISH
HARICOT BEAN	SPINACH
LETTUCE	SWEET CORN
MARROW	TOMATO
MELON	WATERMELON

#### FIELD SEEDS:

BARLEY	PASPALUM
CLOVER	PENCILARIA
FIELD-PEA	RHODES GRASS
GROUNDNUT	SETARIA
LUCERNE	SOYA-BEAN
MAIZE	SUDAN GRASS
MILLET	SUNFLOWER
OAT	VETCH
	WHEAT

#### FLOWER SEEDS:

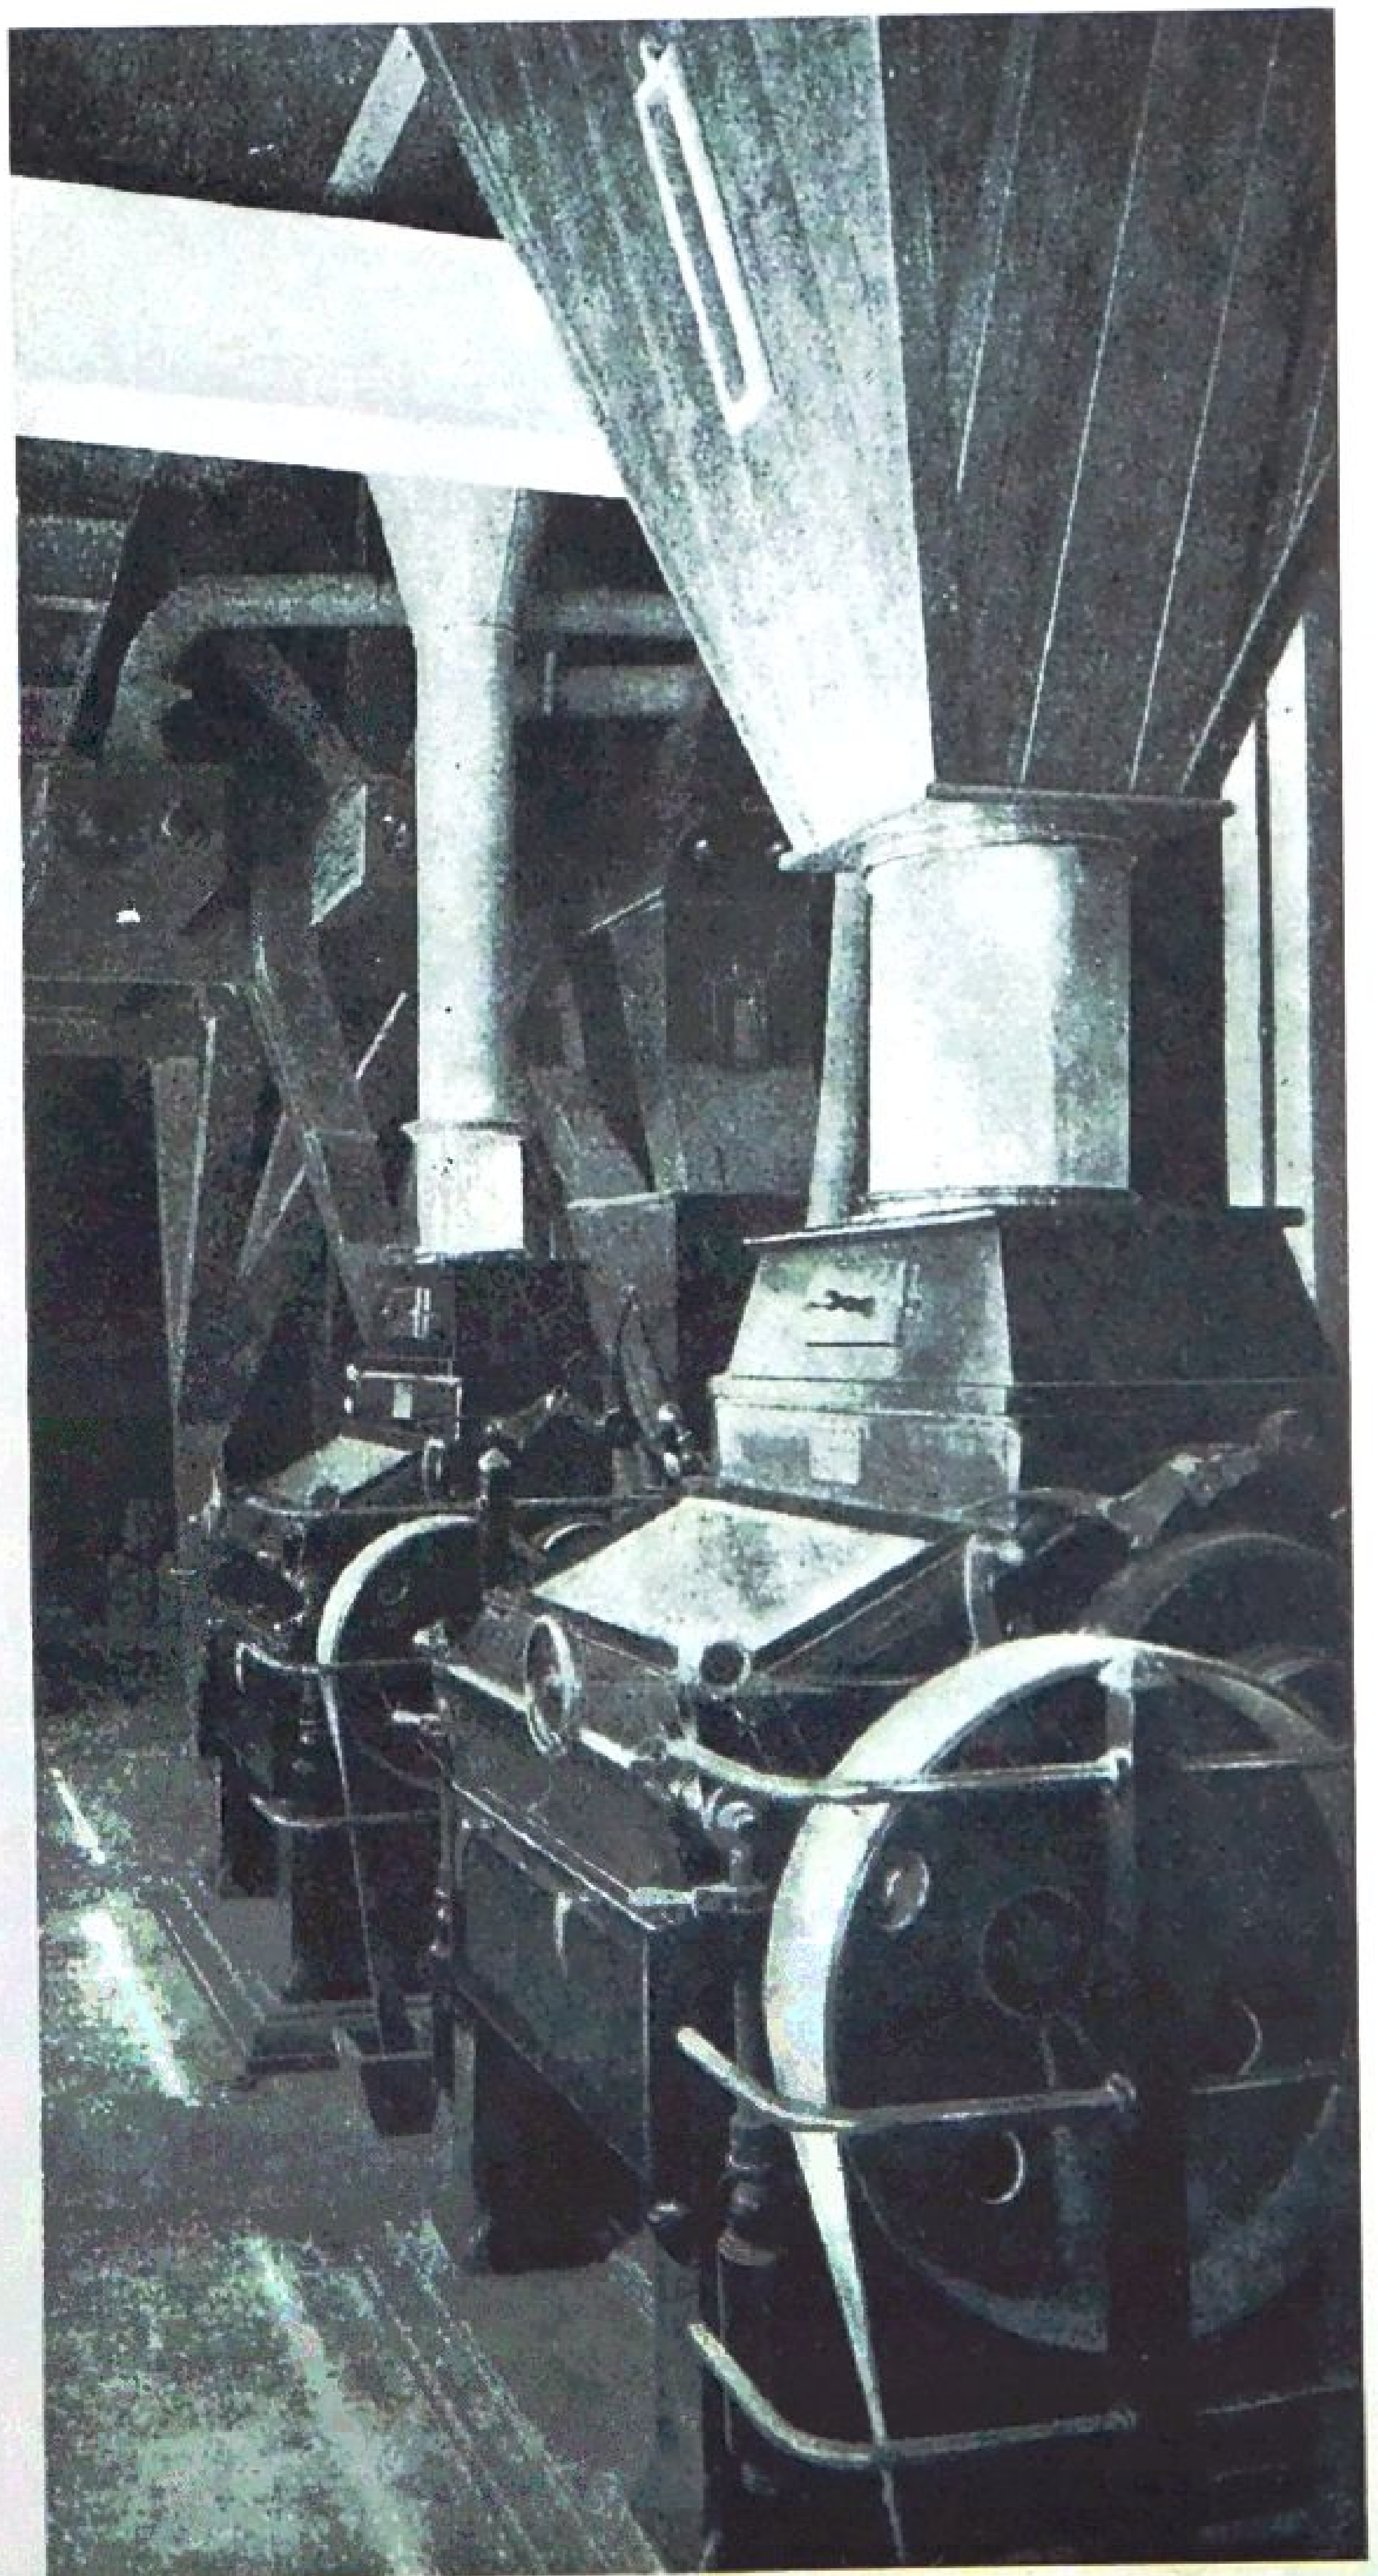

ANTIRRHINUM	GERBERA
AQUILEGIA	GONPHRENA
ARCTOTIS	GYPSOPHILA
ASTRUM	LATHYRUS
CALENDULA	MATHIOLA
CALLIOPSIS	SCABIOUSA
CELOSIA	STATICE
DELPHINIUM	SINNATA
DIANTHUS	TAGETES
GAILLARDIA	ERECTA
	ZINNIA

#### FLOUR AND FODDER MILL

FLOUR, BRAN, CEREALS,  
FEEDING MEALS, CRUSHED  
AND GROUND GRAINS,  
MASHES FOR POULTRY  
(PREPARED UNDER THE  
SUPERVISION OF THE  
POULTRY BREEDERS  
ASSOCIATION), ETC.

The Mill started its production  
in 1940 and has a fully equipped  
modern plant.

Araten & Co., also known under the name of the Palestine Seed Co. Ltd., are Palestine's oldest and leading seed growers and merchants. Since the inception of the firm in 1923 Araten & Co. have been engaged in systematic and steady research and practical work conducted in own experimental fields. As a result varieties of vegetables, flowers and trees previously completely unknown in Palestine have been successfully introduced into the local agriculture and gardening. The firm's wide knowledge of the various soils, climatic conditions and widely differing cultivation methods prevailing both in Palestine and the adjacent countries serves as warranty for the quality and suitability of Araten's seeds.

Araten's seeds are grown under the supervision of the firm's experienced staff.

Araten's imported seeds are all tested in own experimental fields prior to marketing.

108, ALLENBY RD., TEL-AVIV, P.O.B. 209, TELEPHONE 5117

**T**he Company was founded in 1941 to serve the farming community organised in the Jewish Farmers' Federation. Established by the latter in times critical for the citrus industry which was hit by the suspension of exports during the war, the Company first turned its attention to such new uses of the fruit as would provide income in addition to that obtained from sales for local consumption and from the citrus processing industry. The production of hand-pressed essential oils was therefore promoted by the Company and their export to the United Kingdom and other countries organised.

The Company also acts as suppliers of farmers' requirements in fertilizers, seeds, bran and other fodder. It is engaged in the purchase on Government account of the farmers' cereal crops and has concluded contracts for the cultivation and supply of potatoes and other farm produce.

The formation of Subsidiary Companies for specialised activities is contemplated.

THE *Assis*

PALESTINE FRUIT PRODUCTS CO. BEJARANO BROS.

P.O.B. 175 • TEL-AVIV • TELEPHONES 7106/7 • CABLES: ASSIS TELAVIV

**T**he Factory was established in 1929 and has since kept pace with Palestine's rapidly developing cultivation of citrus and other fruits and vegetables, from which it manufactures juices, squashes, marmalades, jams, jellies and all kinds of preserves. The factory buildings, lately considerably enlarged, have been constructed in accordance with all hygienic requirements. They are situated in the heart of the orange belt and are connected by first-class roads with all parts of the country, thus facilitating the receipt of fruit and vegetables in the fresh condition necessary for production purposes. Easy communications with ports and railways make export convenient.

The ASSIS Plant is equipped with up-to-date-machinery and production is carried out by an expert staff working under the supervision of scientists whose daily task it is to secure, maintain and further develop the high quality of all the products bearing the ASSIS name.

Incoming fruit and vegetables are rigidly inspected and each day's production is tested in the factory's own laboratories.

## JUICES AND SQUASHES

### ASSIS PURE CITRUS JUICES

Orange, Grapefruit, Lemon. Pure Fruit Juice extracted from selected sunripened fruit grown in the vicinity of the ASSIS factory.

Preserved with SO<sub>2</sub>. In barrels of 200 to 350 litres net.

### ASSIS CONCENTRATED CITRUS JUICES

Orange, Grapefruit, Lemon. Processed to a concentration of 6:1 or 7:1 according to latest scientific methods by up-to-date stainless steel American Vacuum Plant, in which the product is never exposed to a higher temperature than 35—37° Centigrade.

The Concentrate obtained is bright yellow in colour and has high Vitamin content. The natural flavour is carefully preserved. The Concentrates are unflavoured and contain no chemical preservatives. Can also be prepared with small quantity of SO<sub>2</sub>. In barrels of 200 to 350 litres net.

### ASSIS SQUASHES (SYRUPS)

Orange ('Jafforange' brand), Grapefruit, Lemon, Lime, Raspberry, Cherry, Pomegranate. In bottles.

Pure Fruit Juice sweetened with pure sugar. Sugar content 35% to 65% according to demand. For aerated water manufacturers, a special quality rich in fruit cells can be obtained in barrels of 200 to 350 litres.

**ASSIS PURE PASTEURIZED GRAPEFRUIT JUICE**

Produced on highly scientific lines by 'Flash' pasteurization. No sugar or chemical preservatives are added. High Vitamin C content.

**CANNED FRUIT**

**ASSIS CANNED FRUITS IN HEAVY SYRUP**

Apricots, Plums, Quinces, Figs, Grapes, Cherries, Apples. In jars or tins.

**ASSIS CANNED GRAPEFRUIT**

Fresh-picked ripe grapefruit canned in heavy syrup. Segments carefully freed from skin and pips. No preservative added.

**PULPS AND PEELS**

**ASSIS PULPS FOR MARMALADE MAKING**

Bitter Orange, Orange, Grapefruit. Finest machine-shredded Peels and Juice. Rich in natural Pectin content. In tins up to 2½ litres for home marmalade making; in tins up to 10 litres or barrels for marmalade factories. Barrelled Pulp is preserved with SO<sub>2</sub>. Tinned Pulp is sterilised and contains no preservative.

**ASSIS CITRUS PEELS IN BRINE OR PRESERVED**

Orange, Grapefruit, Lemon, Citron (Ethrog). Halved Peels for confectionery or marmalade making. In wooden barrels.

**ASSIS CANDIED PEELS**

Candied Orange, Grapefruit or Citron Peels. Mixed Candied Citrus Peels. Whole, Quartered or Cut Peels.

### MARMALADES AND JAMS

Selected fresh fruit and pure refined sugar only are used in the manufacture of Assis marmalades and jams with no addition of artificial colouring or flavouring. Assis marmalades and jams are obtainable in 1-lb or 2-lb glass-jars or in tins of various sizes.

#### ASSIS MARMALADES

Bitter Orange, Sweet Orange, Grapefruit, Citron (Ethrog). In jars or tins.

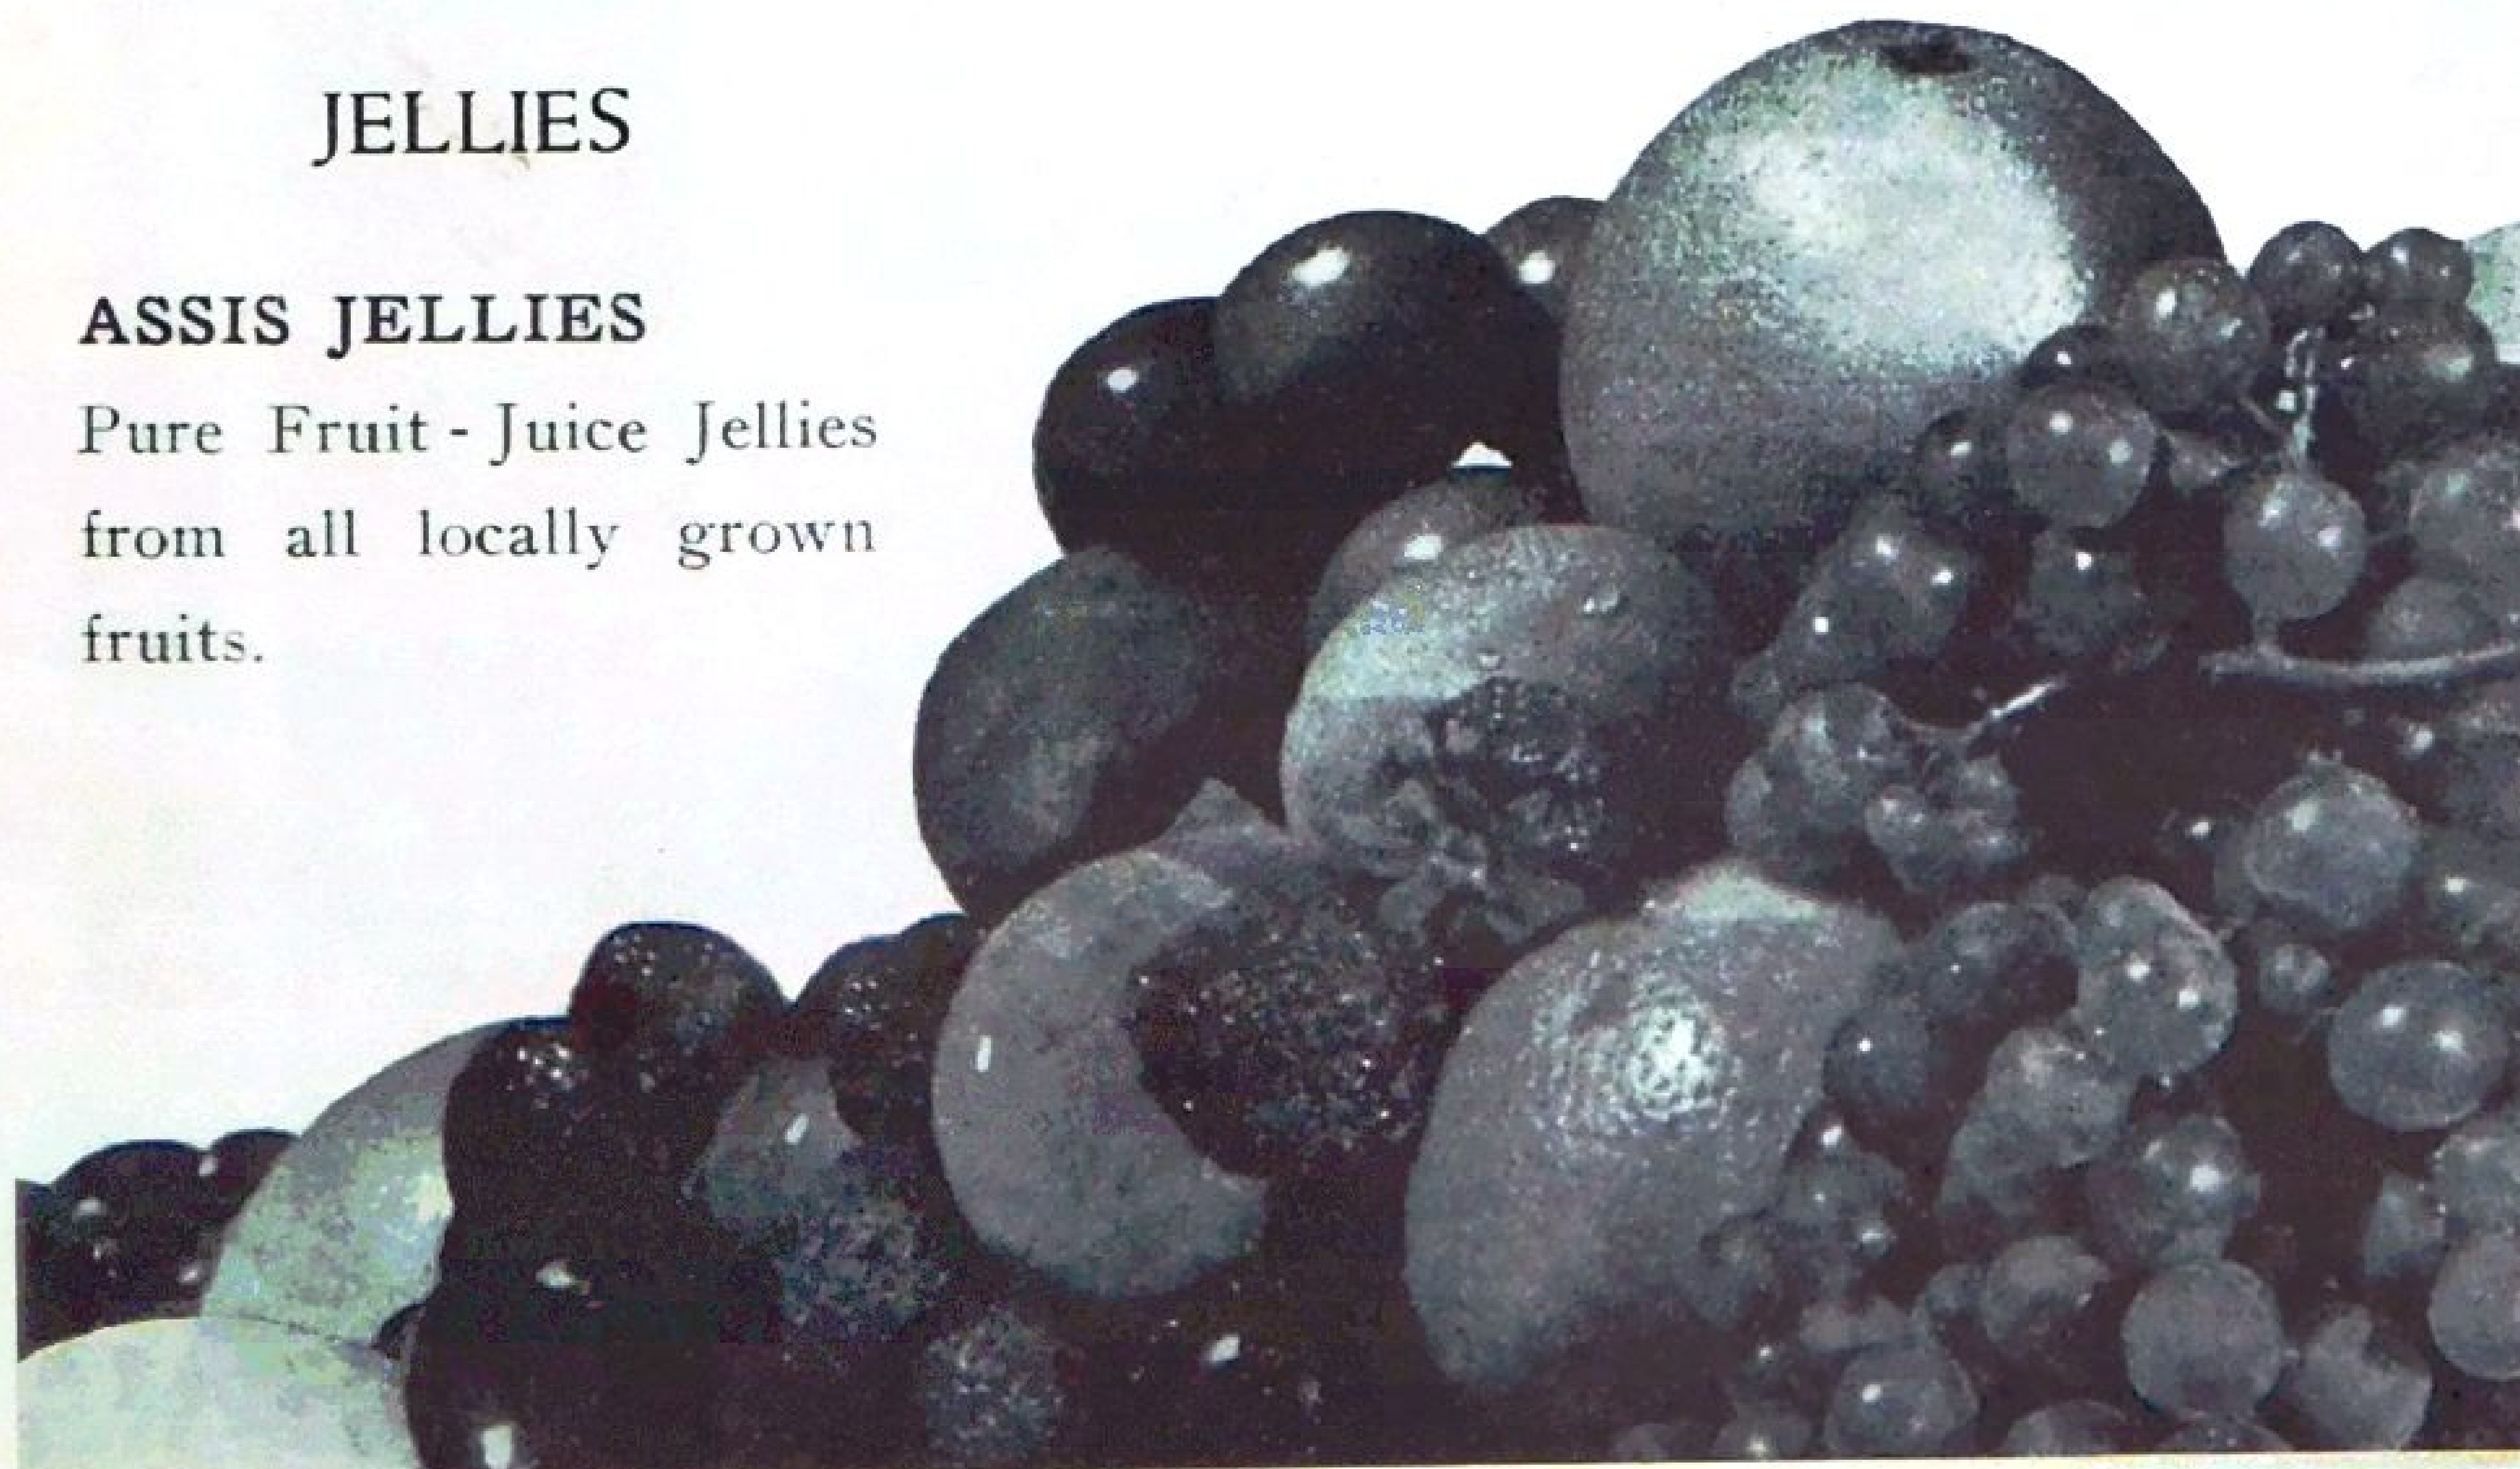

#### ASSIS JAMS

Apricot, Strawberry, Raspberry, Cherry, Fig, Quince, Mulberry, Plum, Powidl, Mixed Fruit, Pineapple, Whortleberry. In jars or tins.

### JELLIES

#### ASSIS JELLIES

Pure Fruit - Juice Jellies from all locally grown fruits.

## TOMATO PRODUCTS

### ASSIS TOMATO JUICE

Pure Natural Pasteurized Juice. No preservatives or artificial colouring. High Vitamin-C content. Ready for drinking. In bottles or tins.

### ASSIS TOMATO KETCHUP

No preservatives or artificial colouring. In bottles or tins.

### ASSIS TOMATO PUREE

A highly concentrated natural tomato product. In tins, without preservatives, or in barrels, chemically preserved.

### ASSIS TOMATO SOUP

Prepared from fresh tomatoes, butter, cream and spices. Contains no meat. Free from artificial preservatives and colouring. In tins.

## SAUERKRAUT AND PICKLES

### ASSIS FRESH DILL PICKLES

(Cucumbers in Vinegar)

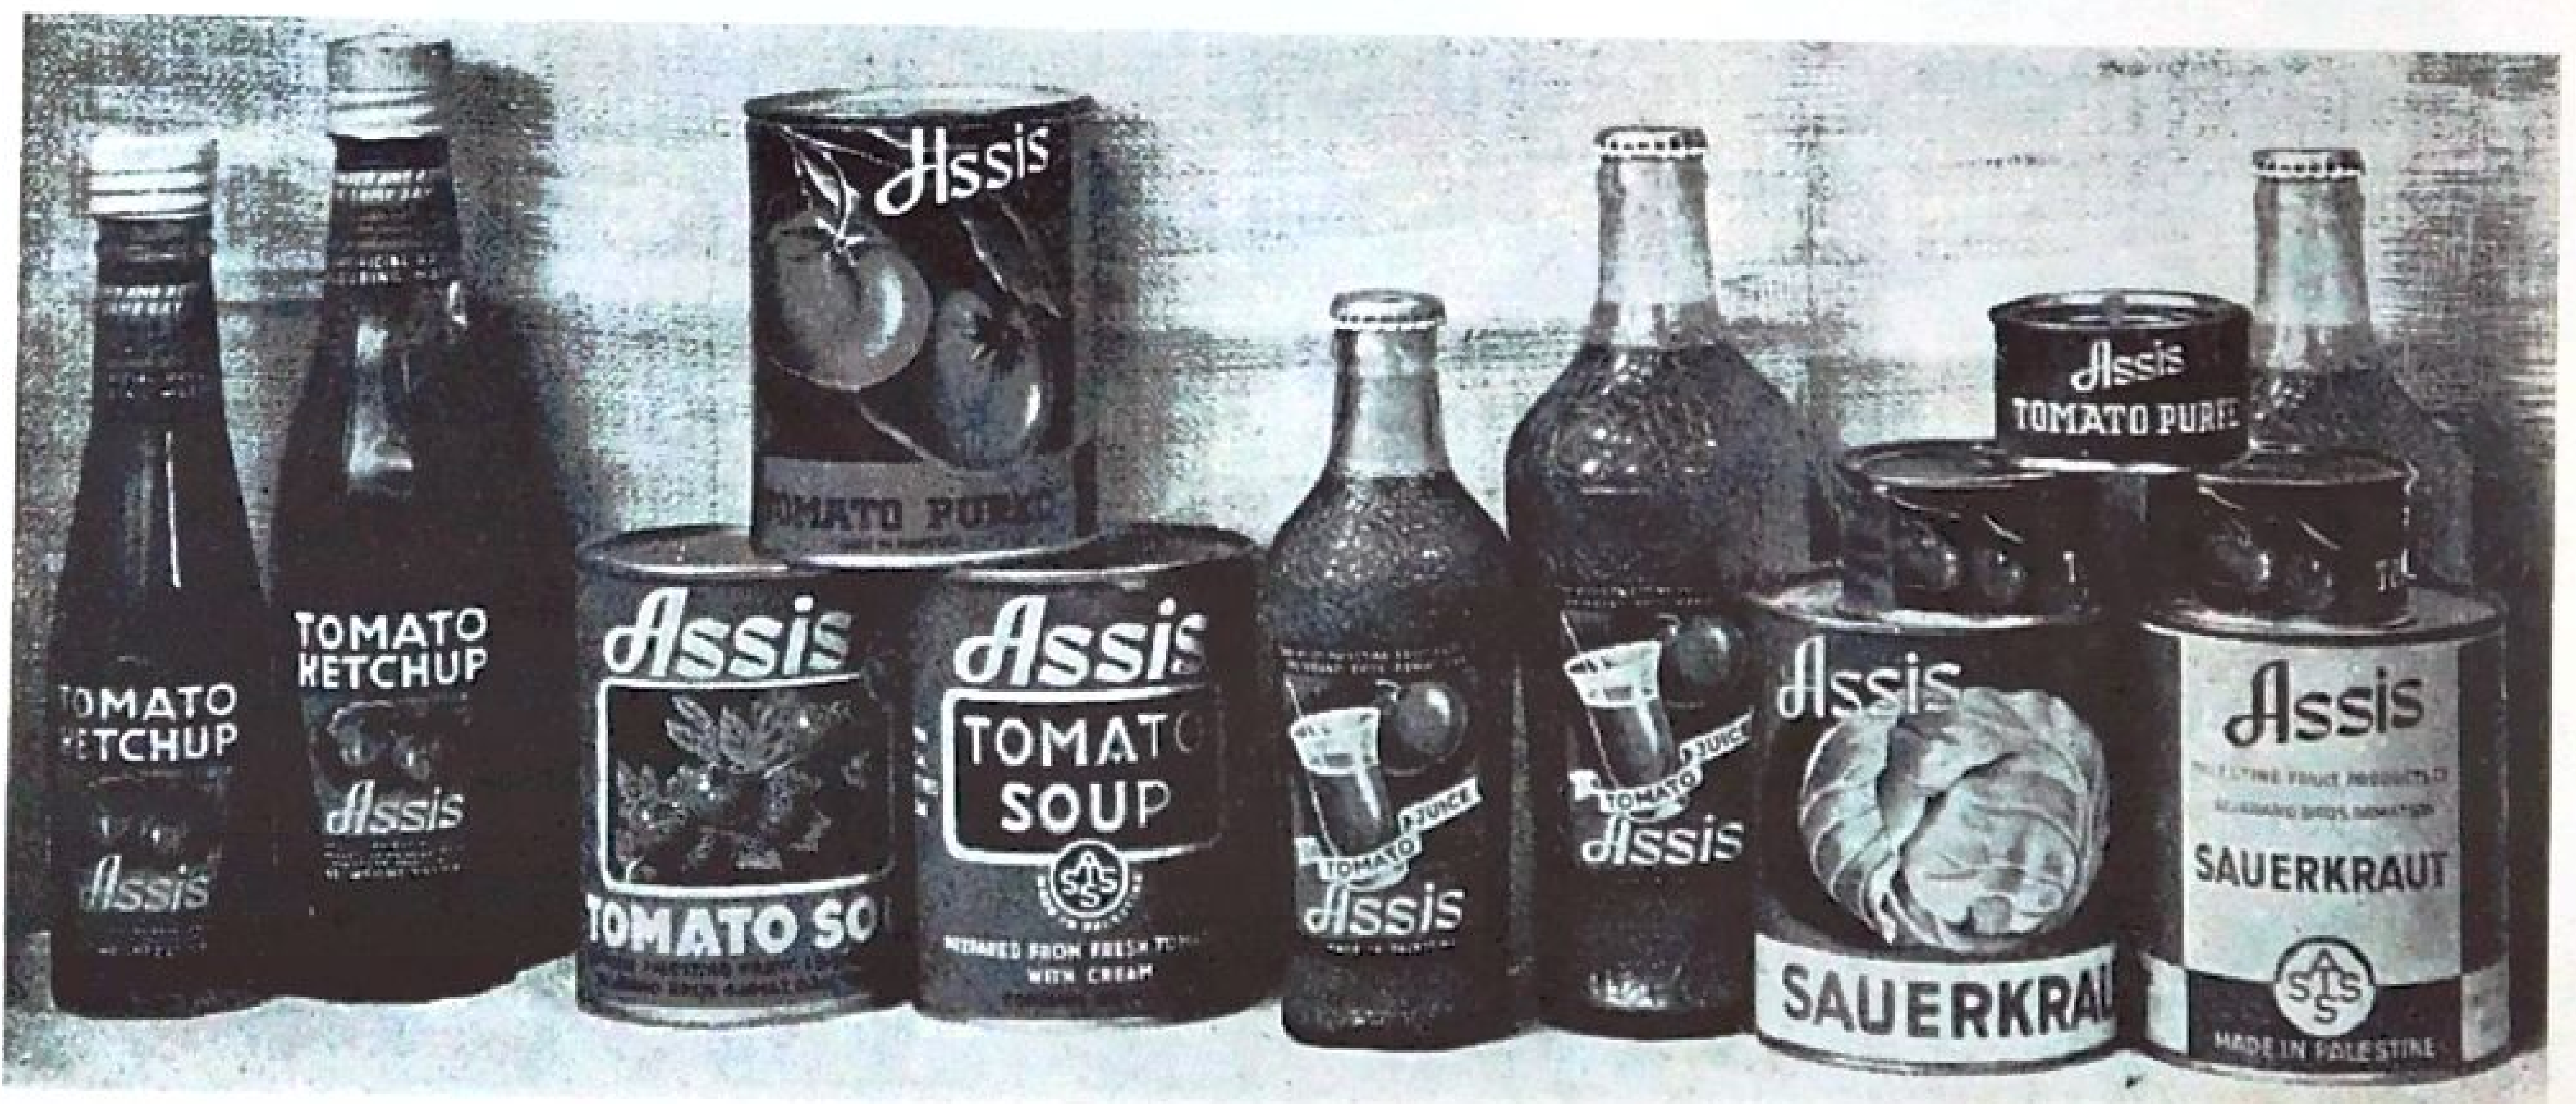

Delicately spiced and flavoured. In tins or jars.

### ASSIS SAUERKRAUT

(Sour Cabbage). In tins.

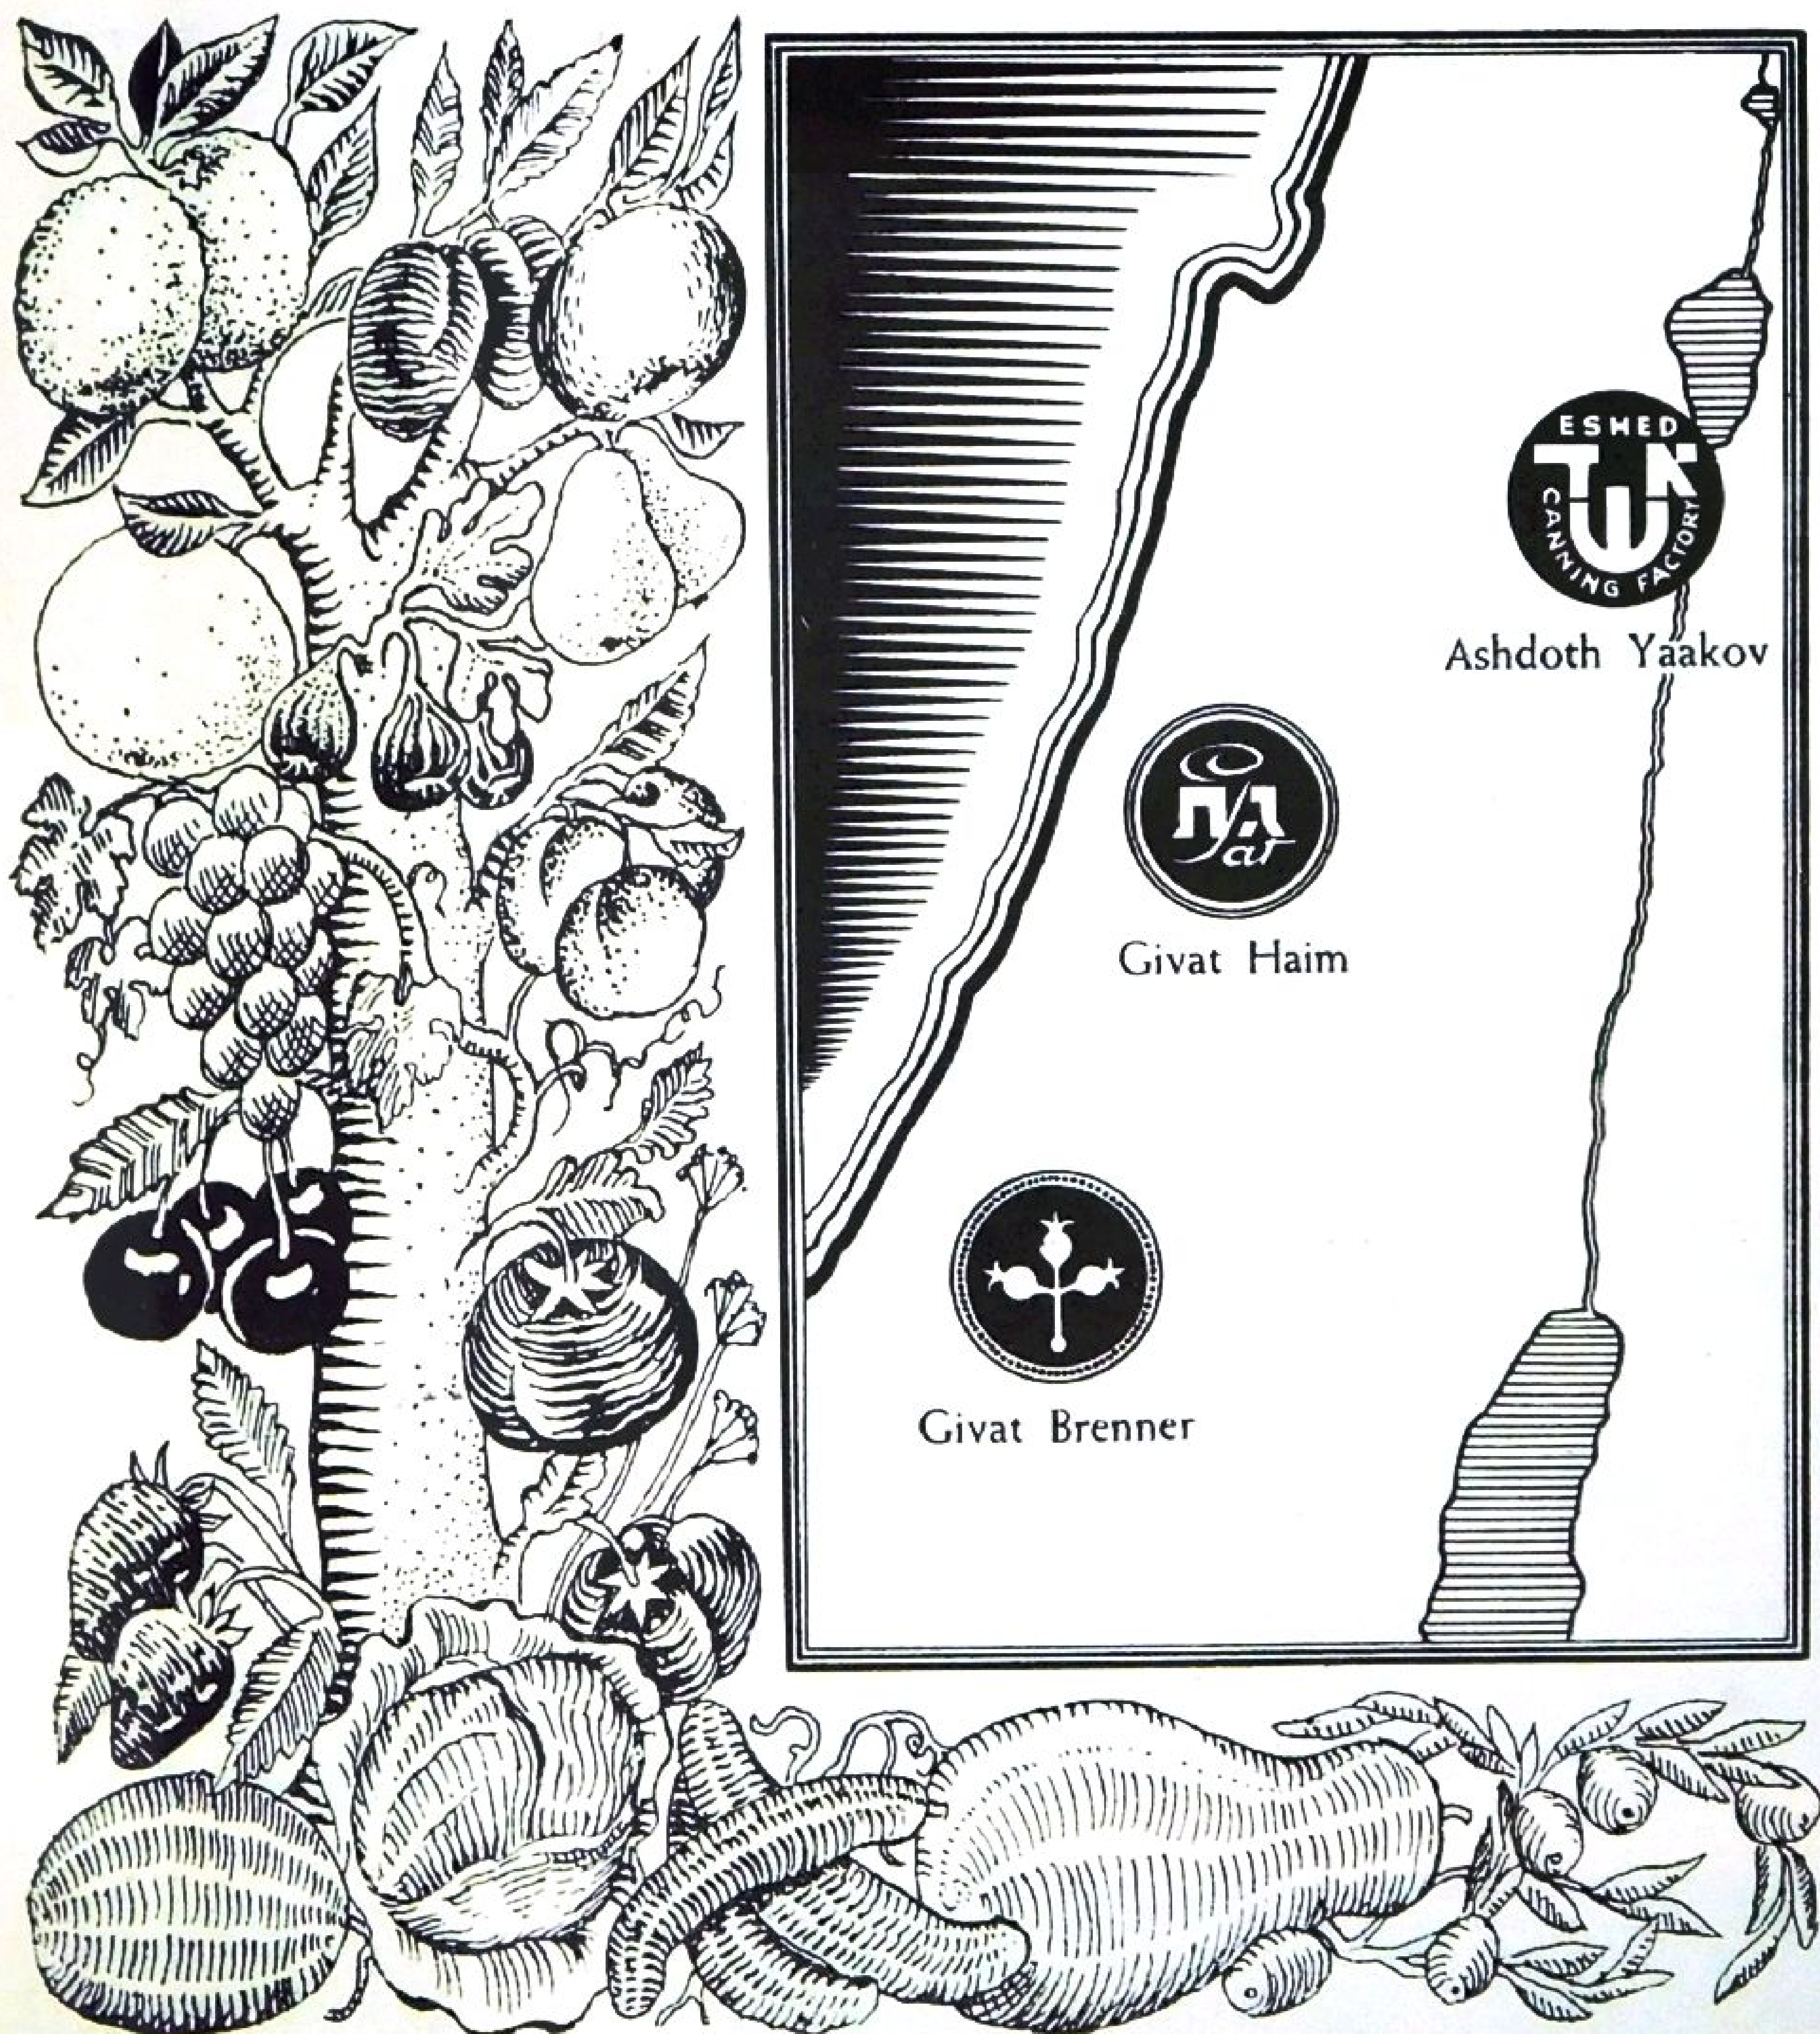

### ASSIS MIXED PICKLES

In tins or jars.

# PRIMAN LTD.

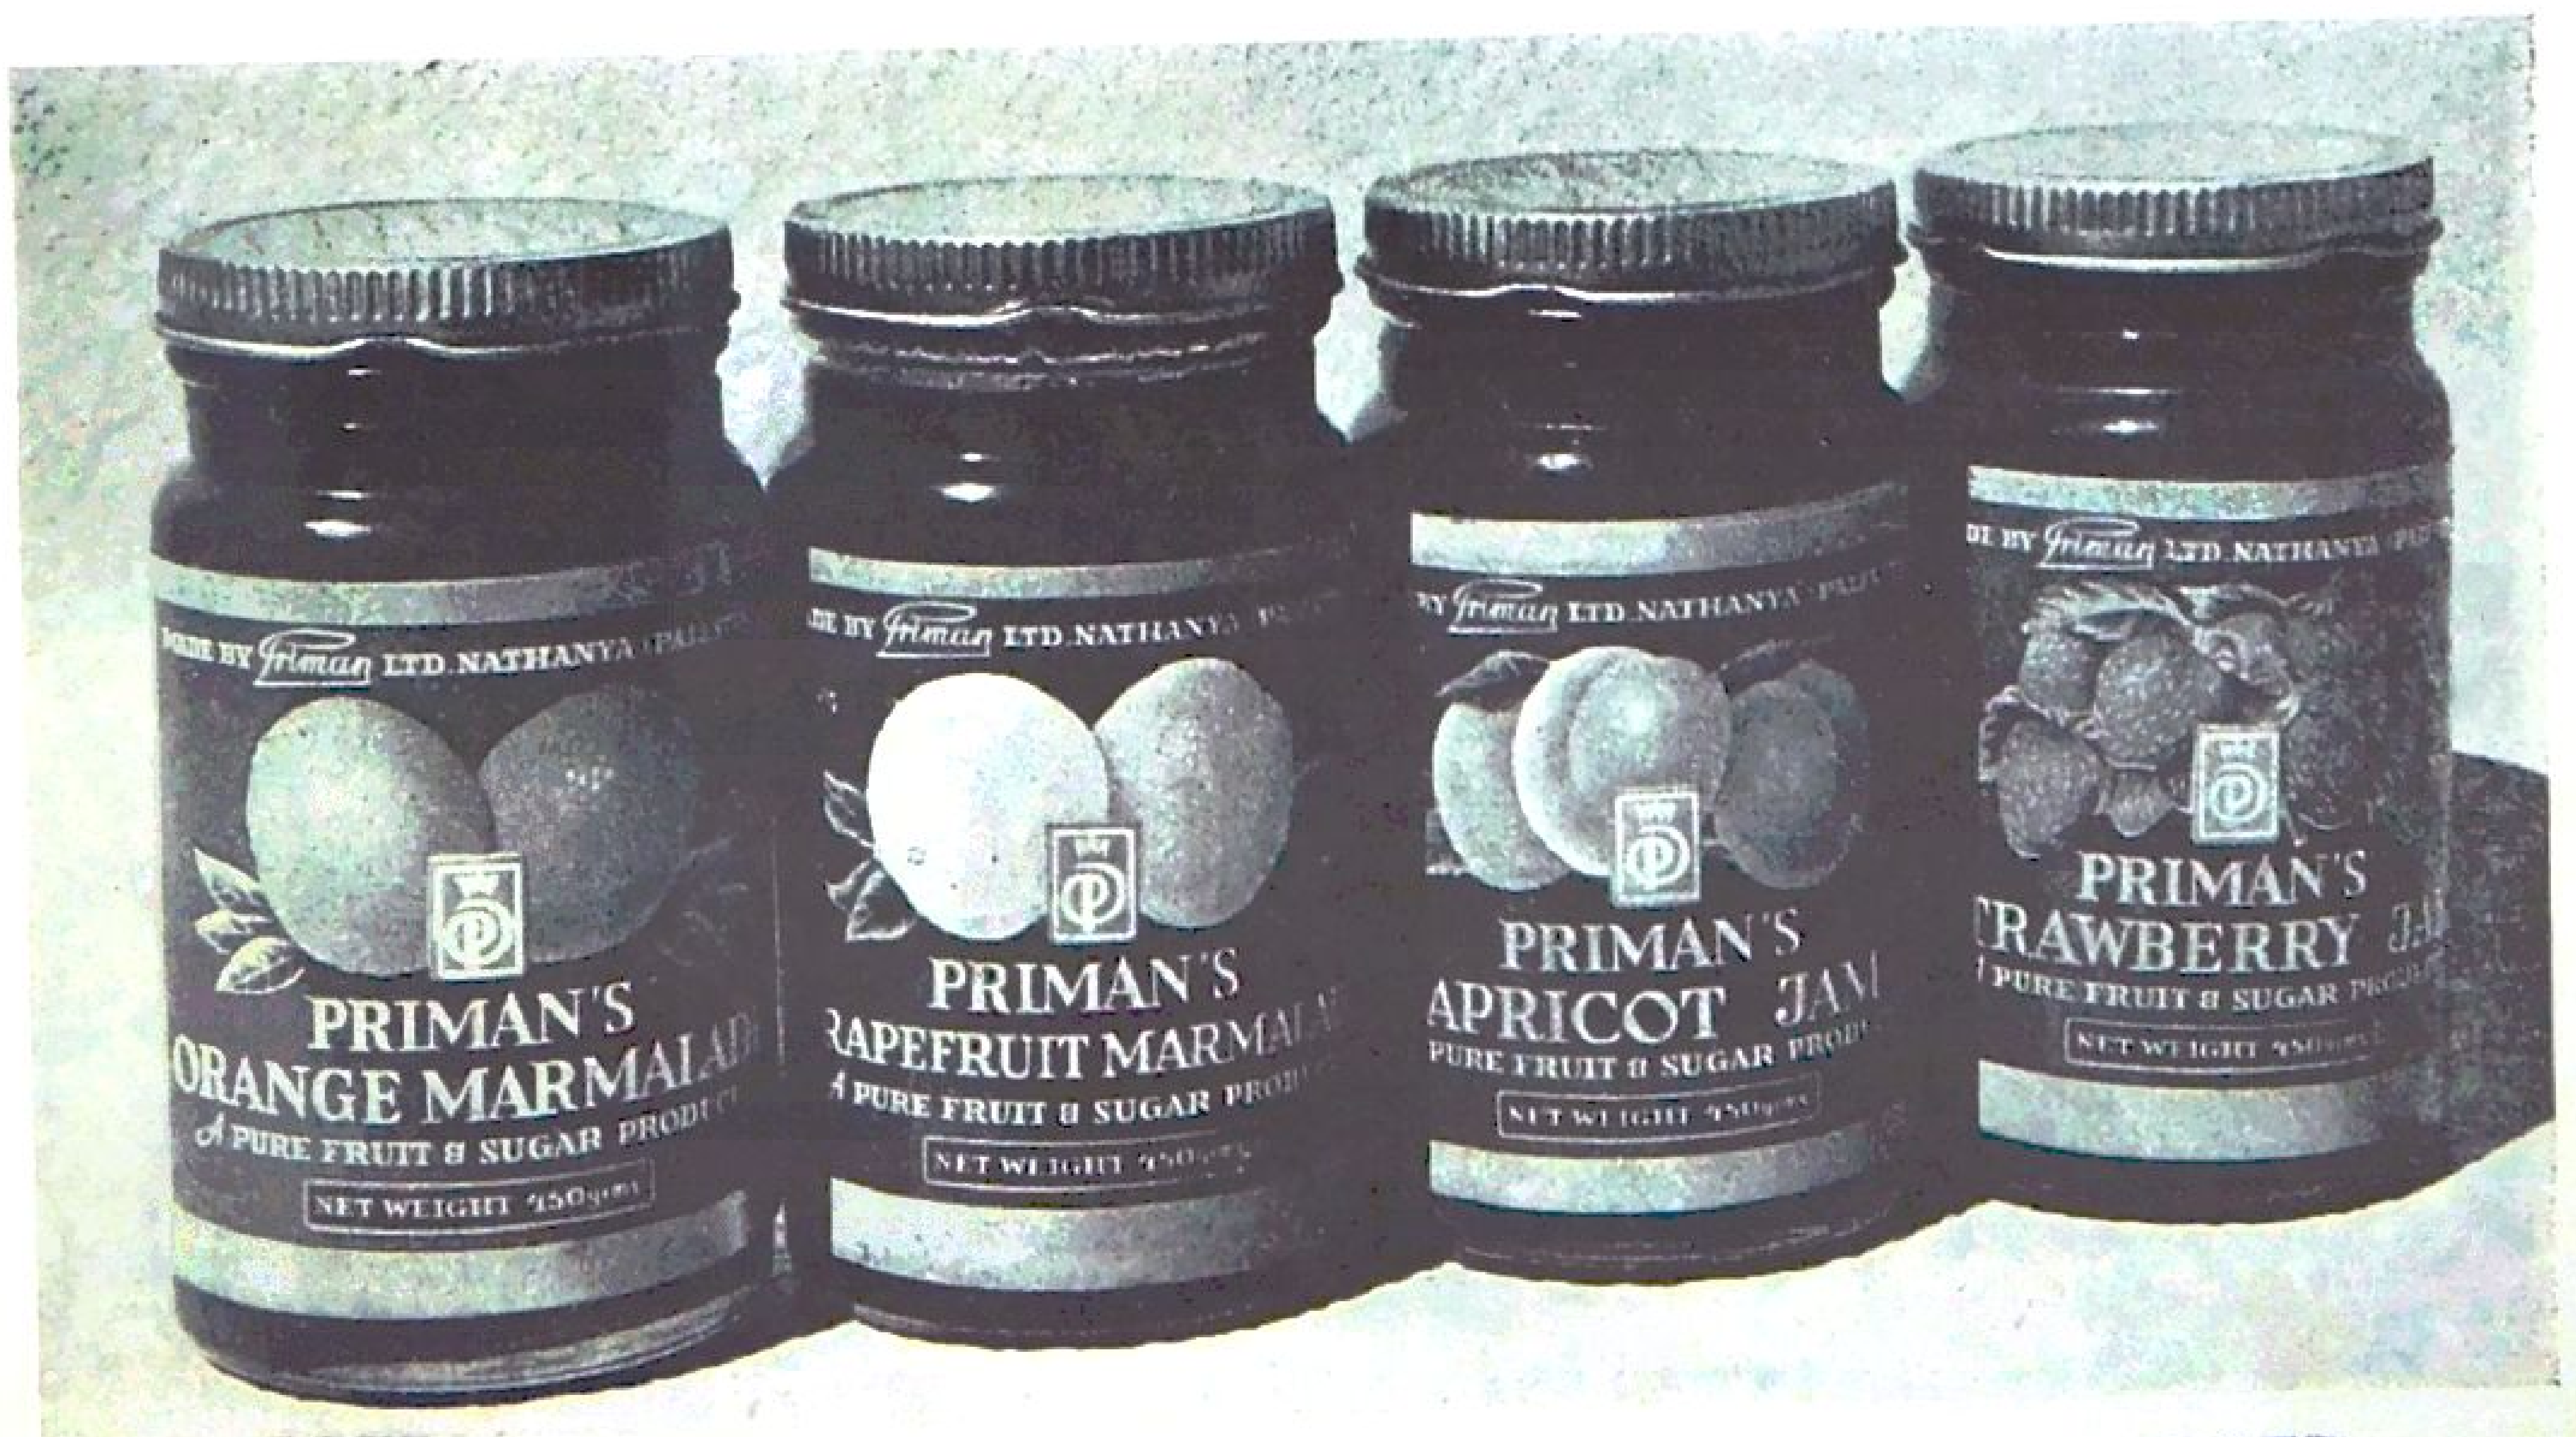

MANUFACTURERS OF CANNED FOODS

HEAD OFFICE: RAMAT-GAN, TEL. 7291. LETTERS: P.O.B. 2004, TEL-AVIV

CABLES: PRIMAN TELAVIV

PRIMAN PRODUCTS are manufactured in Natanya — the centre of a fruit and vegetable growing district stretching along the shore of the Mediterranean. Under its former name of Primason Ltd., the factory was established in 1934 and has since specialised in the manufacture of Jams and Marmalades and in the preservation of Palestine Fruit, Vegetables and Fish. The factory's modern equipment, including a can-making plant, and the expert staff employed, enable the Company to manufacture high-class products preserving all the freshness, flavour and nutrition value of Palestine's famous farm and orchard produce. Some of Priman's main articles are listed in the following pages.

## **Priman's Jams and Marmalades**

made of fresh fruit and pure sugar without the addition of any preservatives or artificial flavouring or colouring matter. In glass jars and tins of various sizes.

MARMALADES: Sweet Orange, Bitter Orange, Grapefruit, Citron (Ethrog)

JAMS: Apricot, Plum, Cherry, Strawberry, Fig, Mixed

## **Priman's Canned Fruit**

IN PURE SYRUP. IN TINS.

SLICED GRAPEFRUIT, whole segments. Prepared from specially selected delicious 'Jaffas'. Carefully skinned. Rich in vitamins.

APRICOTS (Halved and Whole), SLICED QUINCES, STRAWBERRIES, APPLE SAUCE, PLUMS.

## **Priman's Prepared Foods**

STUFFED PEPPERS, STUFFED TOMATOES — In tomato sauce, deliciously spiced, stuffed with rice, rich in flavour. In 99  $\varnothing$  mm tins.

BAKED BEANS with tomato sauce. In 1-lb tins.

---

PRIMAN LTD. MANUFACTURERS OF CANNED FOOD • NATANYA

## Priman's Vegetables

Grown on farms under the supervision of the Factory's experts. Picked, prepared and canned the same day to preserve the original freshness. Free from any artificial preservative or colour. In 1-lb and 2-lb tins.

GREEN PEAS available in four grades: Standard, Medium, Fine, Superfine.

YOUNG STRING (HARICOT) BEANS, SPINACH, CARROTS, CAULIFLOWER

Other Palestine Vegetables canned to order.

## Priman's Condiments

TOMATO KETCHUP. Fine Flavour. In bottles of various sizes.

TOMATO PUREE. Highly concentrated. In 70 g to 5 kg tins.

## Priman's Pickles

Unsurpassed in flavour and taste. CUCUMBER IN VINEGAR, GREEN TOMATOES AND MIXED PICKLES SAUERKRAUT (Sour Cabbage). In  $\frac{1}{2}$  kg to 5 kg tins. In jars to order.

## Priman's Canned Fish

Lake of Gennesaret and the Mediterranean Fishermen's Catches.

Canned in Natanya by PRIMAN — Palestine's first and only Cannery of Fish.

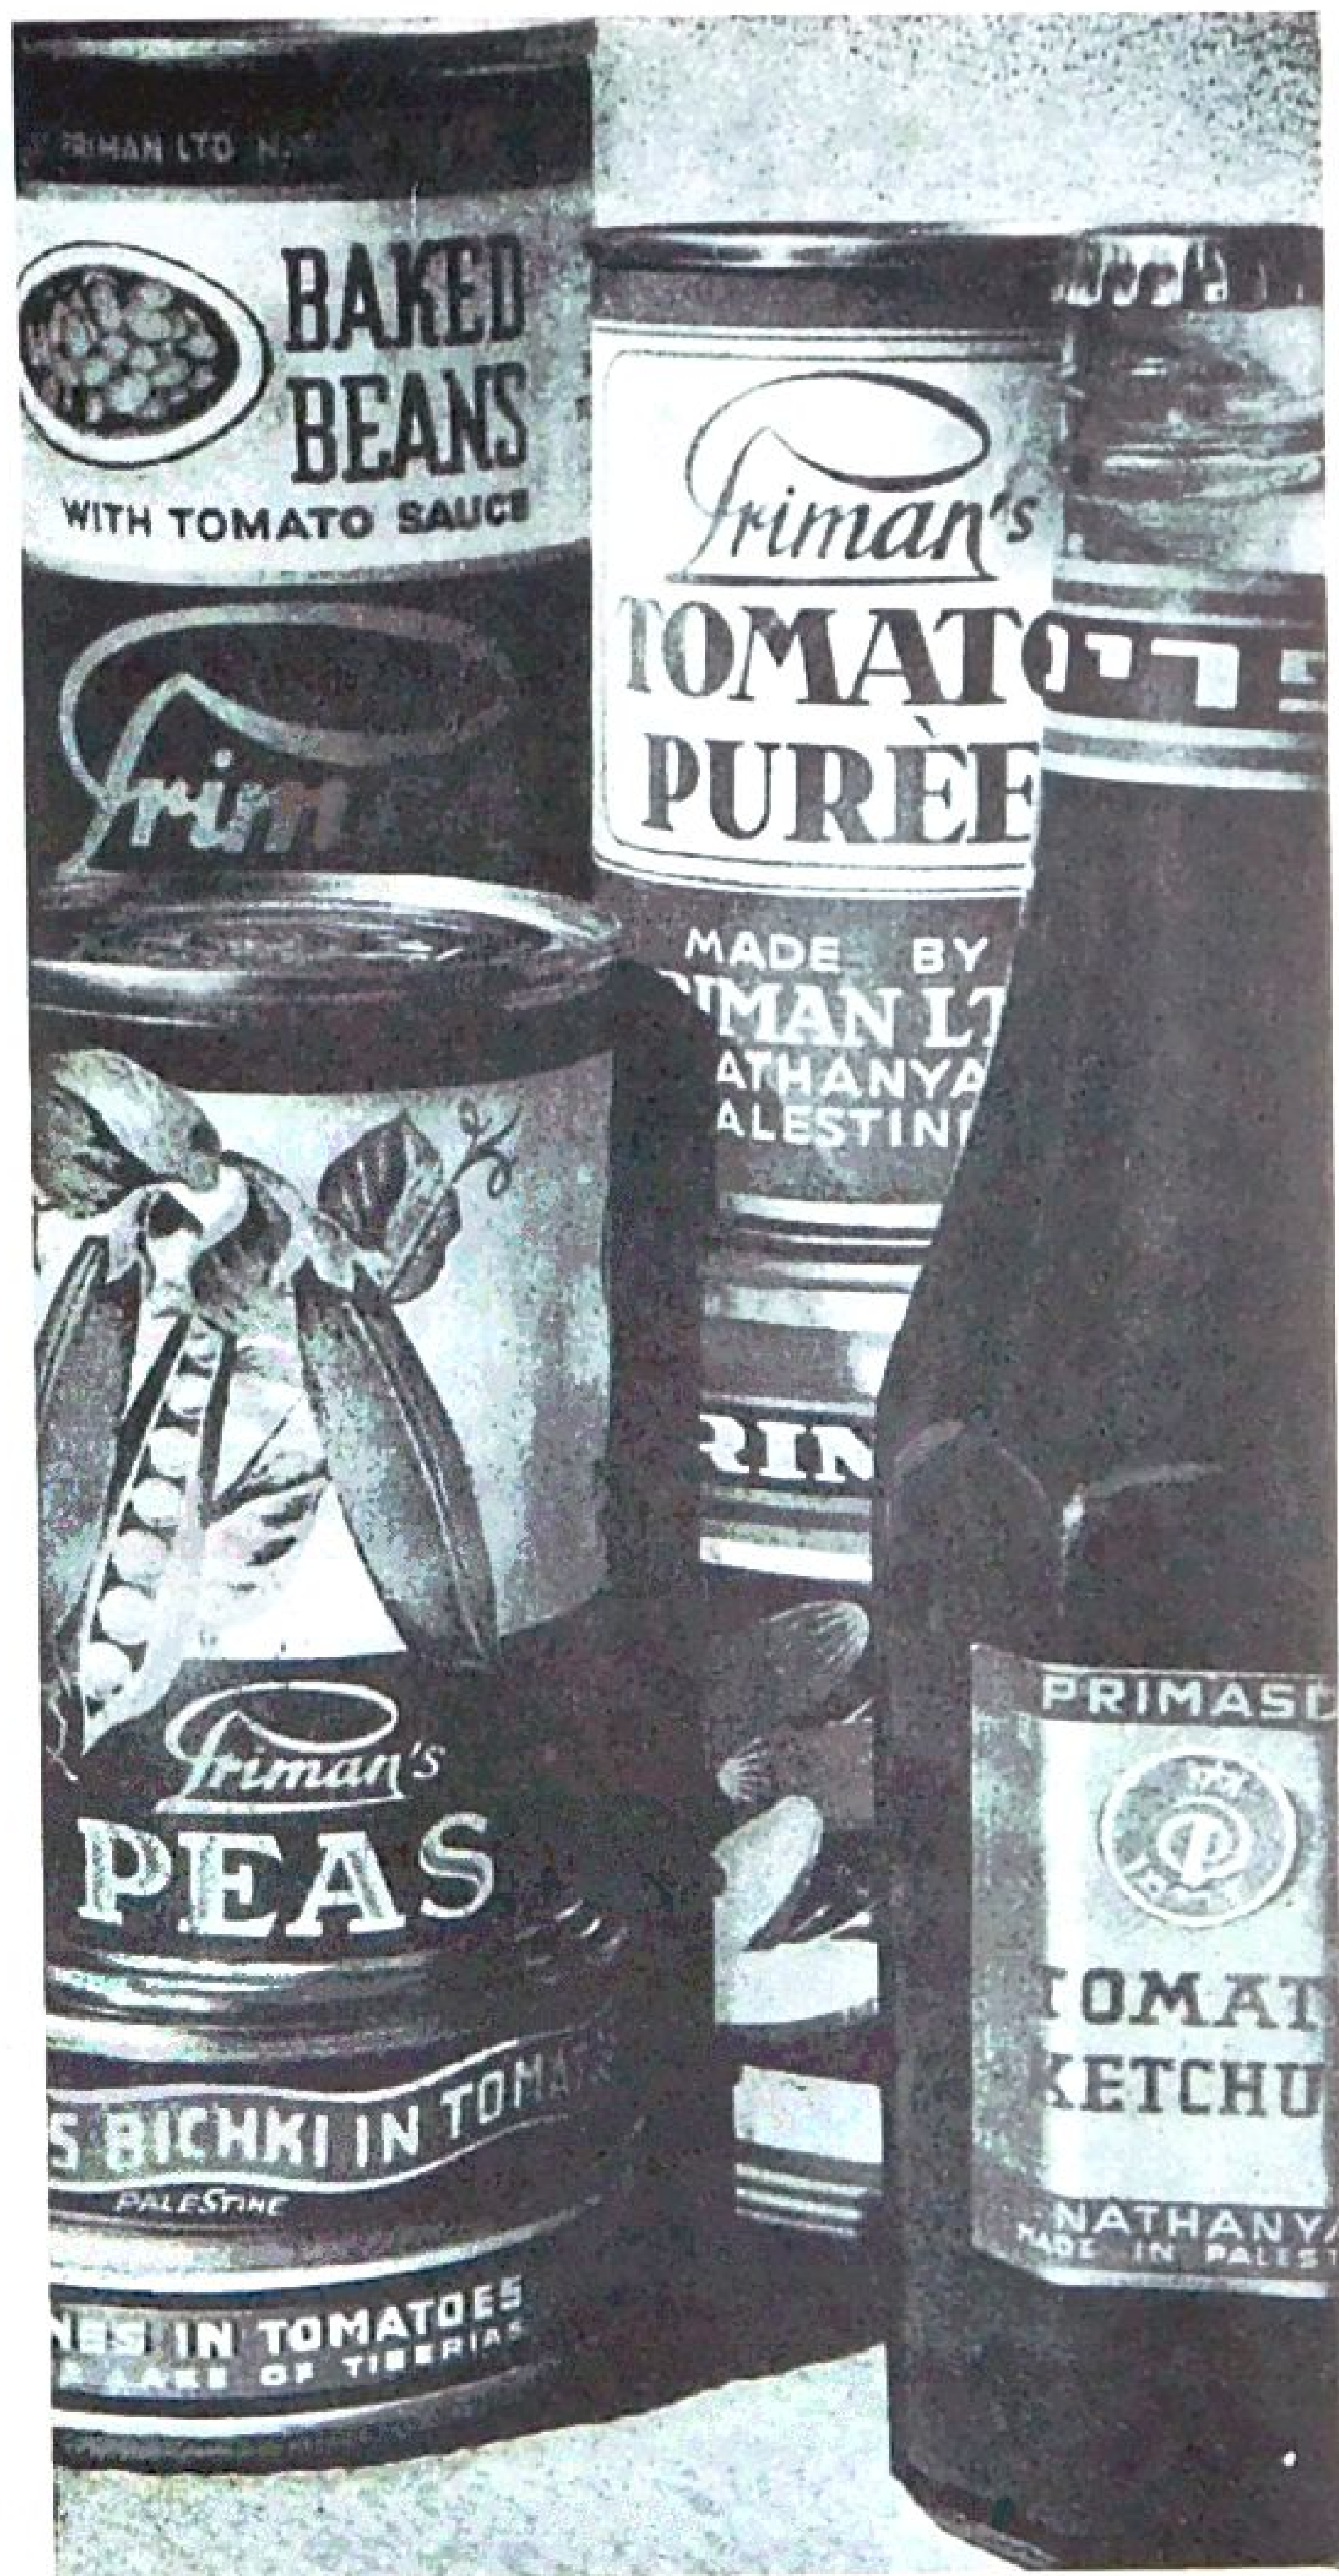

SARDINES in OIL, in tins of  $\frac{1}{4}$  club.

SARDINES IN TOMATOES, in 93  $\phi$  and 99  $\phi$  mm tins.

SKUMBRIA IN TOMATOES, in oval tins.

SPRATS IN OIL, in 93  $\phi$  and 99  $\phi$  mm tins.

BICHKI IN TOMATO SAUCE, available in 83  $\phi$  and 99  $\phi$  mm round-shaped tins.

## 'PRI-PERI' — SPECIALISTS IN CITRUS PRODUCTS

The Factory uses as raw material freshly - picked Shamuti and Valencia Oranges, Grapefruit and Lemons from which Natural Juices, Concentrates, Essential Oils, Dried Peels and other products of high nutritive value are made. These again are used by the foodstuffs industry for the preparation of juices, marmalades and similar products and by the pharmaceutical and other industries. In Palestine, 'PRI-PERI' was the first to produce citrus concentrates on a large commercial scale as well as dried peels for use in the manufacture of pectin.

'PRI-PERI' works in close co-operation with its associates—The Citrus Products Co. Ltd., Glasgow and London, which are engaged in the manufacture and marketing of citrus products for consumption in the United Kingdom.

# MITZARON LTD.

## FACTORY OF CITRUS JUICES AND BY-PRODUCTS

### CITRUS GROWERS AND PACKERS.

OFFICE: 119, ROTHSCHILD BLVD., TEL-AVIV, TEL. 2353. CABLES: MITZARON TELAVIV

Situated in the centre of the citrus region of the Sharon district and surrounded by groves owned by its proprietors, the Mitzaron Factory uses for its production a selection of the best varieties of citrus fruits: 'Jaffa' (Shamuti) Oranges, Marsh Seedless Grapefruit and Lemons.

The vitamin content of the extracted and concentrated Mitzaron juices is exceptionally high and their nutritive value is warranted by the high sugar concentration.

The properties of Concentrated Orange Extract are best illustrated by the following data:

*Specific gravity: 1.330—1.352; Sugar content: 65%—70% (grade Brix); Vitamin content: 260—280 mg per kg.*

One ton of Concentrated Orange Juice is obtained from 550 boxes of fresh fruit or one kg is equivalent to the nutritive value of one hundred average size oranges.

The corresponding figures for the Lemon Concentrate are: one ton equivalent to 600 boxes or 1 kg to 130-150 lemons.

One ton Grapefruit Concentrate is equivalent to 750 boxes or 1 kg to 60 grapefruits.

The Concentrates are delivered in paraffin-coated wooden barrels of 200 to 300 kg, made in the factory.

Mitzaron Ltd. also manufactures Citrus Oils, hand or machine pressed, from the peel of the fruit prior to the extraction of the juices.

#### MITZARON PRODUCTS:

##### NATURAL CITRUS JUICES

Preserved with SO<sub>2</sub> (Sulphur Dioxide). For the wholesale market.

##### EXTRACTED OR CONCENTRATED JUICES

In paraffin-coated barrels of 200 to 300 kg or in small barrels to order.

##### HAND-PRESSED ESSENTIAL OILS

In drums or bottles.

##### MACHINE-PRESSED ESSENTIAL OILS

In drums or bottles.

**F**rom time immemorial Palestine has been famous for its superb olive oil. The olive tree which lives to an immense age, is a common feature of the landscape of the Holy Land. It is repeatedly mentioned in the Bible, and in chapter 8 of Genesis an olive leaf appears as the first terrestrial object to testify that the Flood had ended. Owing to particularly favourable climatic conditions, the country also produces other oilseeds of a high quality.

These natural advantages of Palestine were, however, only fully exploited with the erection of the 'SHEMEN' WORKS, Haifa, which were founded in 1924 and are owned by the Palestine Oil Industry 'Shemen' Ltd., a company incorporated in England.

SHEMEN products have been awarded numerous prizes and medals at various International Exhibitions and Fairs including: Padua, Italy (1931), Florence, Italy (1934), Mendoza, Argentine (1934), London (1935), Paris (1935) and Tel-Aviv (1929, 1932, 1934 and 1936).

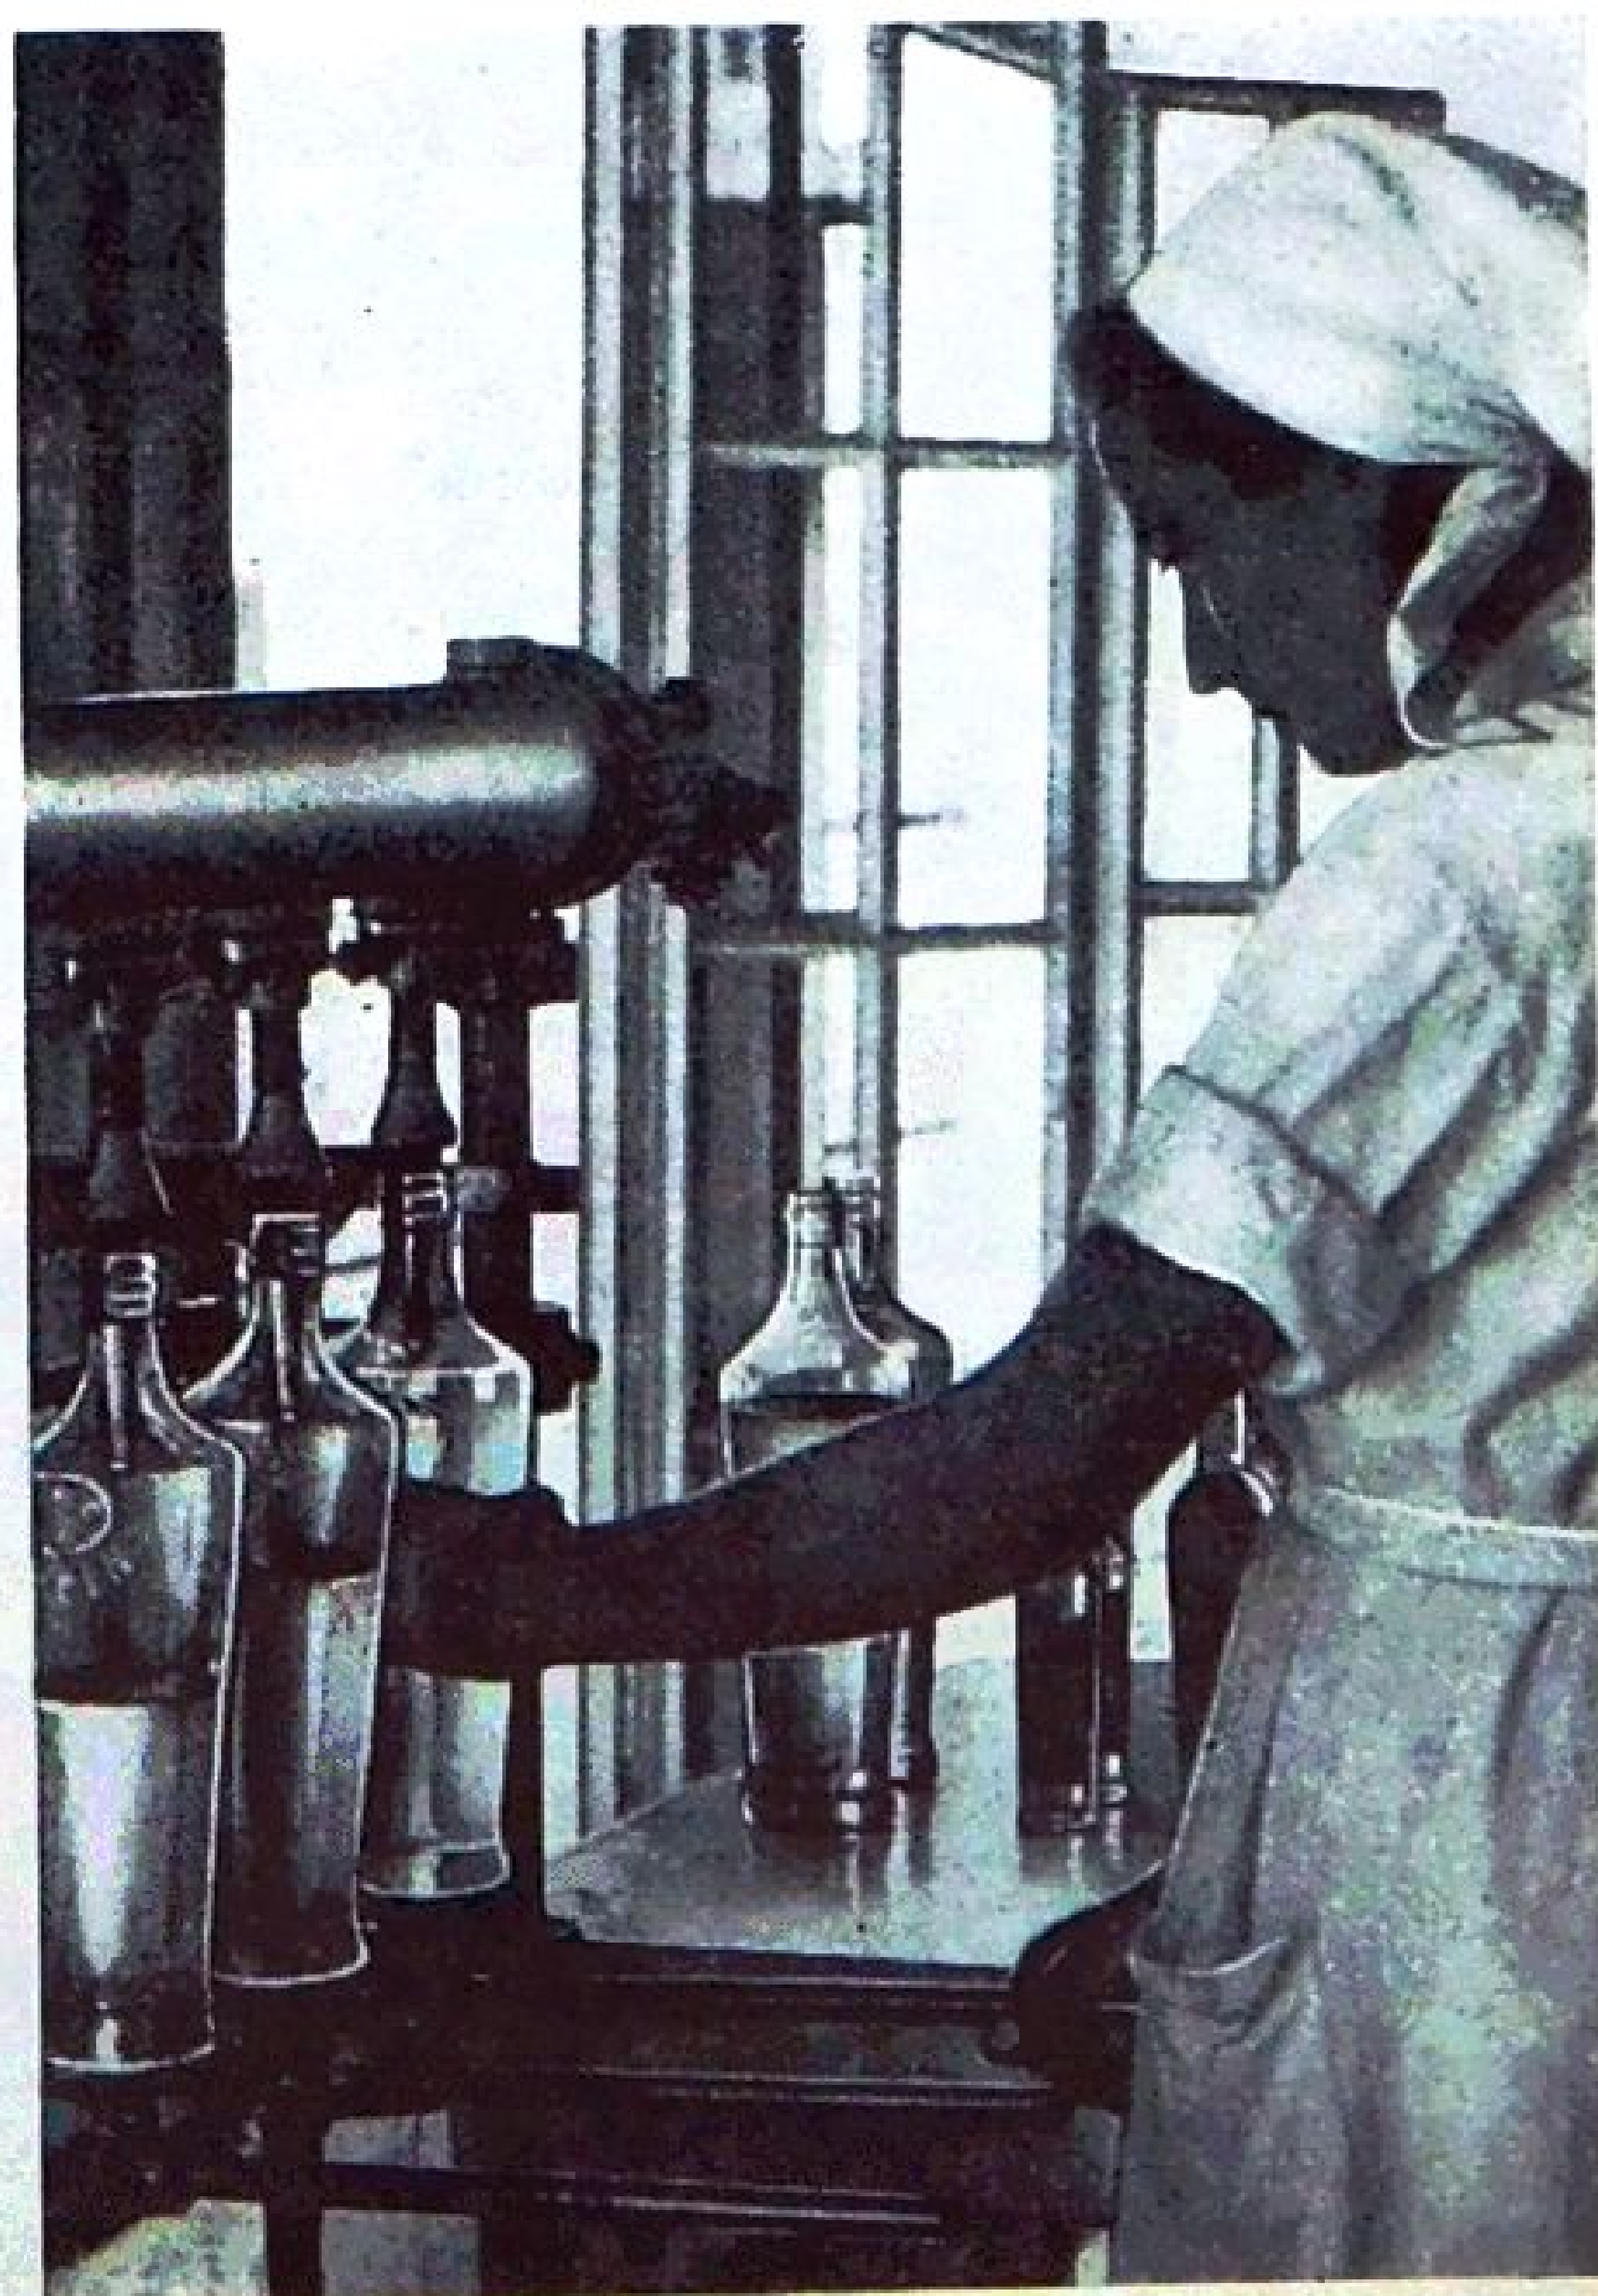

The SHEMEN Factory is not only most modern in equipment and in scientific methods of production and of marketing, but it is also the largest of its kind in Palestine and counts amongst the most important industrial undertakings in this part of the world. 'SHEMEN' products include besides edible oils also soaps, cosmetics, oil paints and boiled linseed oil, oil cakes, glycerine, etc. — 49 different lines in all, listed in the relative parts of the Palestine Trade Catalogue. Before the War SHEMEN Works were steadily and successfully developing an export trade in a number of these products, more especially in the edible oils.

**THE WORLD KNOWN BRAND FROM THE HOLY LAND**

SHEMEN WORKS were the first to apply scientific methods and to introduce complete mechanisation in the production of edible oils in Palestine. The greatest care is taken in the choice of first grade raw materials. Automatic expellers are employed for the pressing of the oil, which is then filtered through special presses.

Particular attention is paid to the refining process which is carried out by means of elaborate apparatus that rid the oil of the harmful acids and improve its taste and colour. Throughout the entire manufacturing process SHEMEN products are untouched by hand. Strictest attention through all the stages of production ensures the perfect hygienic condition of the finished article. The refined oils are stored in specially designed glass-lined tanks, and then are automatically tinned and bottled. No SHEMEN product leaves the factory without first having been tested and approved in the Works' chemical laboratory, which is equipped with the most up-to-date testing and research instruments and appliances.

**SHEMEN OLIVE OIL**

is a 'first pressing' oil, made from the choicest Palestine olives. The deep-golden yellow of this oil is a proof of its purity.

Shemen Olive Oil is recognised by dietetic authorities as a product of the highest nutritive value — rich in essential hydrocarbons and vitamins and easily digestible. No better nourishment than food prepared with Shemen Olive Oil can be given to children and convalescents.

This pure Palestine oil is unequalled for salad dressing, sauces and mayonnaise as well as for cooking, baking and frying. It greatly improves the taste and health-giving properties of all foods and adds a new attractiveness and flavour to dishes.

HEAD OFFICE: TELEPHONE 3904

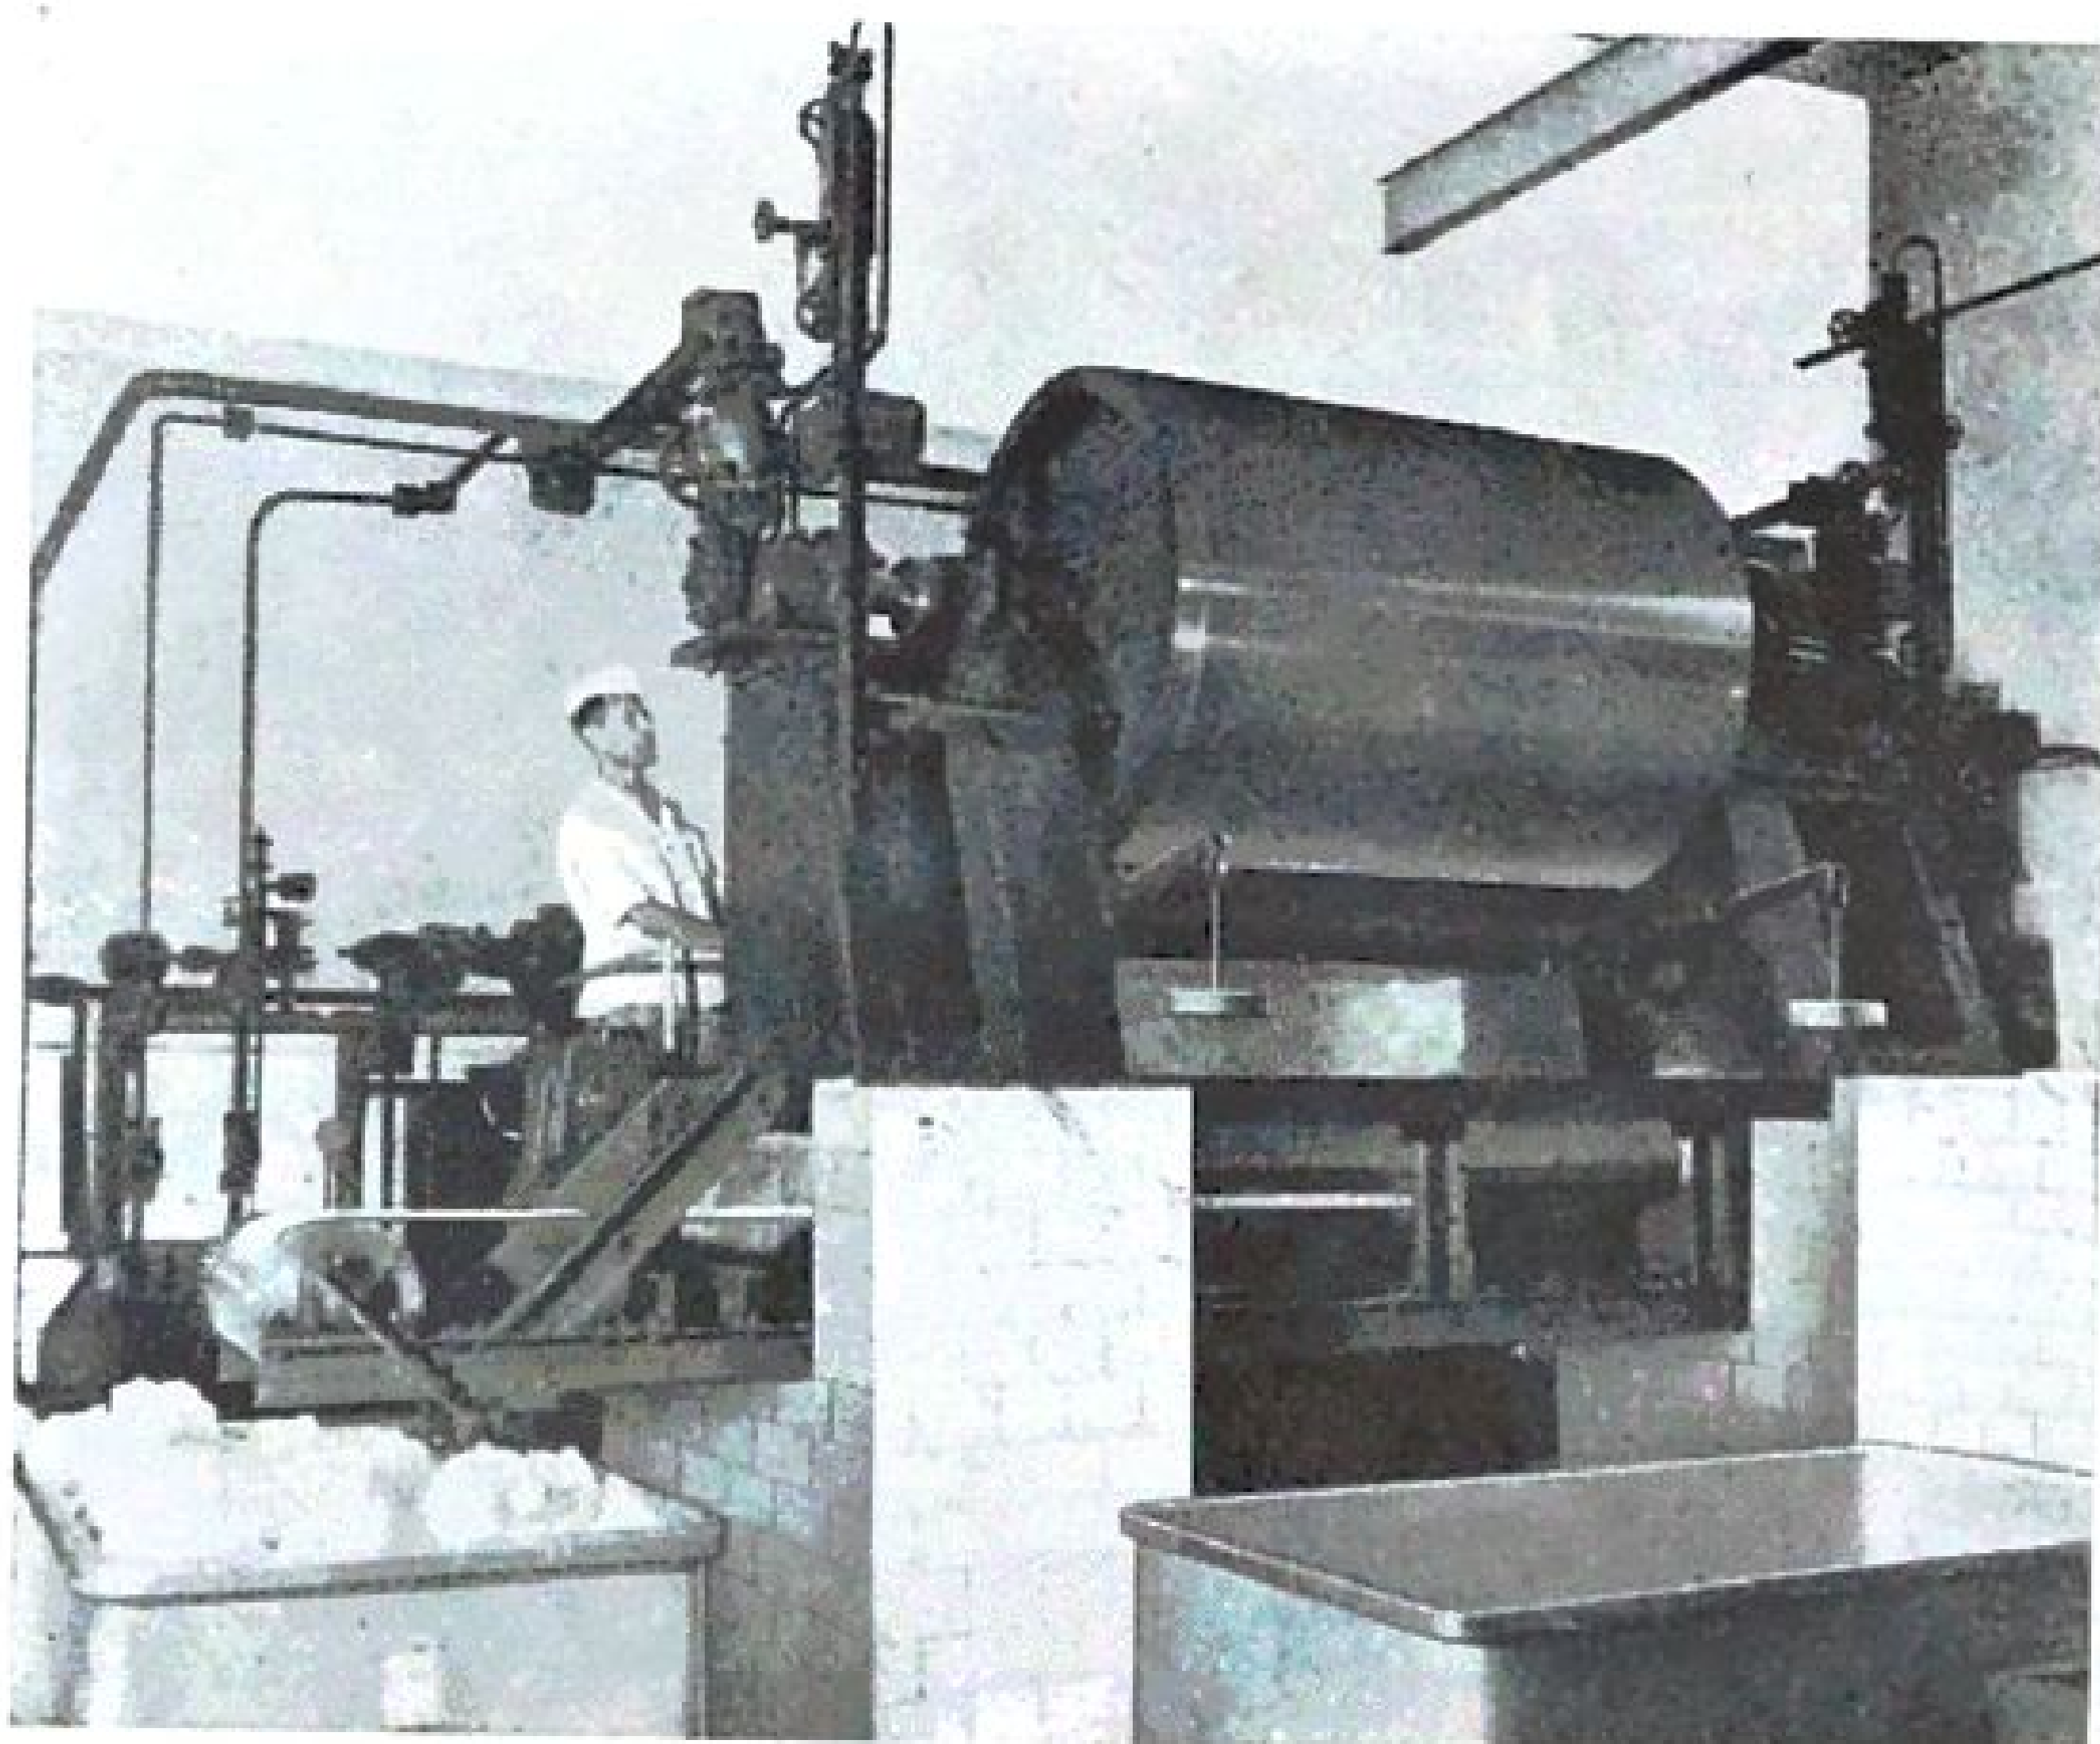

The Margarine Factory of Palestine Edible Products Ltd. is the largest of its kind in the Middle East. Since 1938, the year of its establishment, the world-known 'Blue Band' Margarine, up to that time imported from England, has been manufactured in Palestine accord-

ing to the original recipes of the European 'BLUE BAND' brand. 'Blue Band' is, consequently, the only margarine made in Palestine which is vitaminised in conformity with the standard prescribed in England by the Ministry of Food.

The factory is equipped throughout with machinery of the latest type. Manufacture is by the most up-to-date methods, and the processes are so arranged as to ensure a finished product untouched by hand. Packing is carried out by automatic machines in specially cooled rooms. 'Blue Band' Margarine, freshly made each day, is distributed throughout the country by the firm's own fleet of closed vans.

POSTAL ADDRESS: POST OFFICE, NAHALAL. TEL. NAHALAL 18.

Established in 1941, this Factory is the latest addition to the Palestine Margarine Industry. It is owned by the co-operative agricultural settlement of Gordonia, Kfar Hahores, situated in the Upper Galilee. The Factory's product bears the brand-name of 'Oren', the Hebrew word for 'pine' — a designation selected because of the pine trees — a familiar feature of the surrounding hilly country.

## 'OREN' MARGARINE

is marketed co-operatively in the agricultural settlements throughout the country through Hamashbir Hamerkazi, and is obtainable in packets of 100 g, 200 g and  $\frac{1}{2}$  rotl.

'Oren' Margarine is produced with the strictest observance of all rules of hygiene and is available in two main varieties: one with and the other without the addition of pure milk.

# SHAMNON

OIL AND SOAP INDUSTRY, ESTABLISHED 1935

OFFICE: 4, ZEVULUN ST., TEL-AVIV, TEL. 4716. TEL. JAFFA 1466.

### ELITE'S FANCY BOXES

A large selection of Fancy Cardboard, Straw and Tin Boxes filled with Pralines and/or Chocolates is made and packed at the 'ELITE' Factory in Ramat Gan.

'ELITE', established 1933, is the largest factory in the Middle East manufacturing chocolate, cocoa and sweets. Its up-to-date machinery and European specialists enable 'ELITE' to produce the finest chocolates and sweets under the most hygienic conditions. ELITE'S Chocolate is made with pure cocoa, pure cocoa-butter, sugar, fullcream milk and wholesome flavourings. No substitutes of any kind are used in the 'Elite' products. 'Elite' manufactures many more products than those listed above. For particulars apply to 'Elite', Sales Department, Tel-Aviv, P. O. B. 895.

## COCOA, CHOCOLATE AND CONFECTIONERY WORKS

TEL-AVIV, P.O.B. 138, TEL. 5074.

**T**he LIEBER Company are Palestine's oldest chocolate and cocoa manufacturers. Established in 1921 under the name of RAANAN, the factory was enlarged and reorganised in 1926, since which time it has been known as LIEBER'S. Up-to-date machinery is used by the Company and all hygienic rules are strictly observed in the production and packing. Long manufacturing experience and the staff of experts account for the quality and taste of LIEBER'S products.

LIEBER'S renowned specialities are chocolate blocks, drinking chocolate and cocoa. LIEBER'S other popular lines include Drop Reels, Dragées and a wide range of confectionery, sweets and fancy lines. In the following pages information will be found on a few of LIEBER'S products. For the complete list and for details please apply to the Head Offices: 1, RAANAN ST., P.O.B. 138, TEL-AVIV. Trade inquiries will receive immediate attention. Orders are subject to our acceptance and to the current Export Regulations of the Government of Palestine.

# SOCIETE CO-OPERATIVE VIGNERONNE DES GRANDES CAVES RICHON-LE-ZION ET ZICRON JACOB LTD.

HEAD OFFICE: RISHON-LE-ZION. TEL. 2. CABLES: CAVES RICHON-LE ZION.

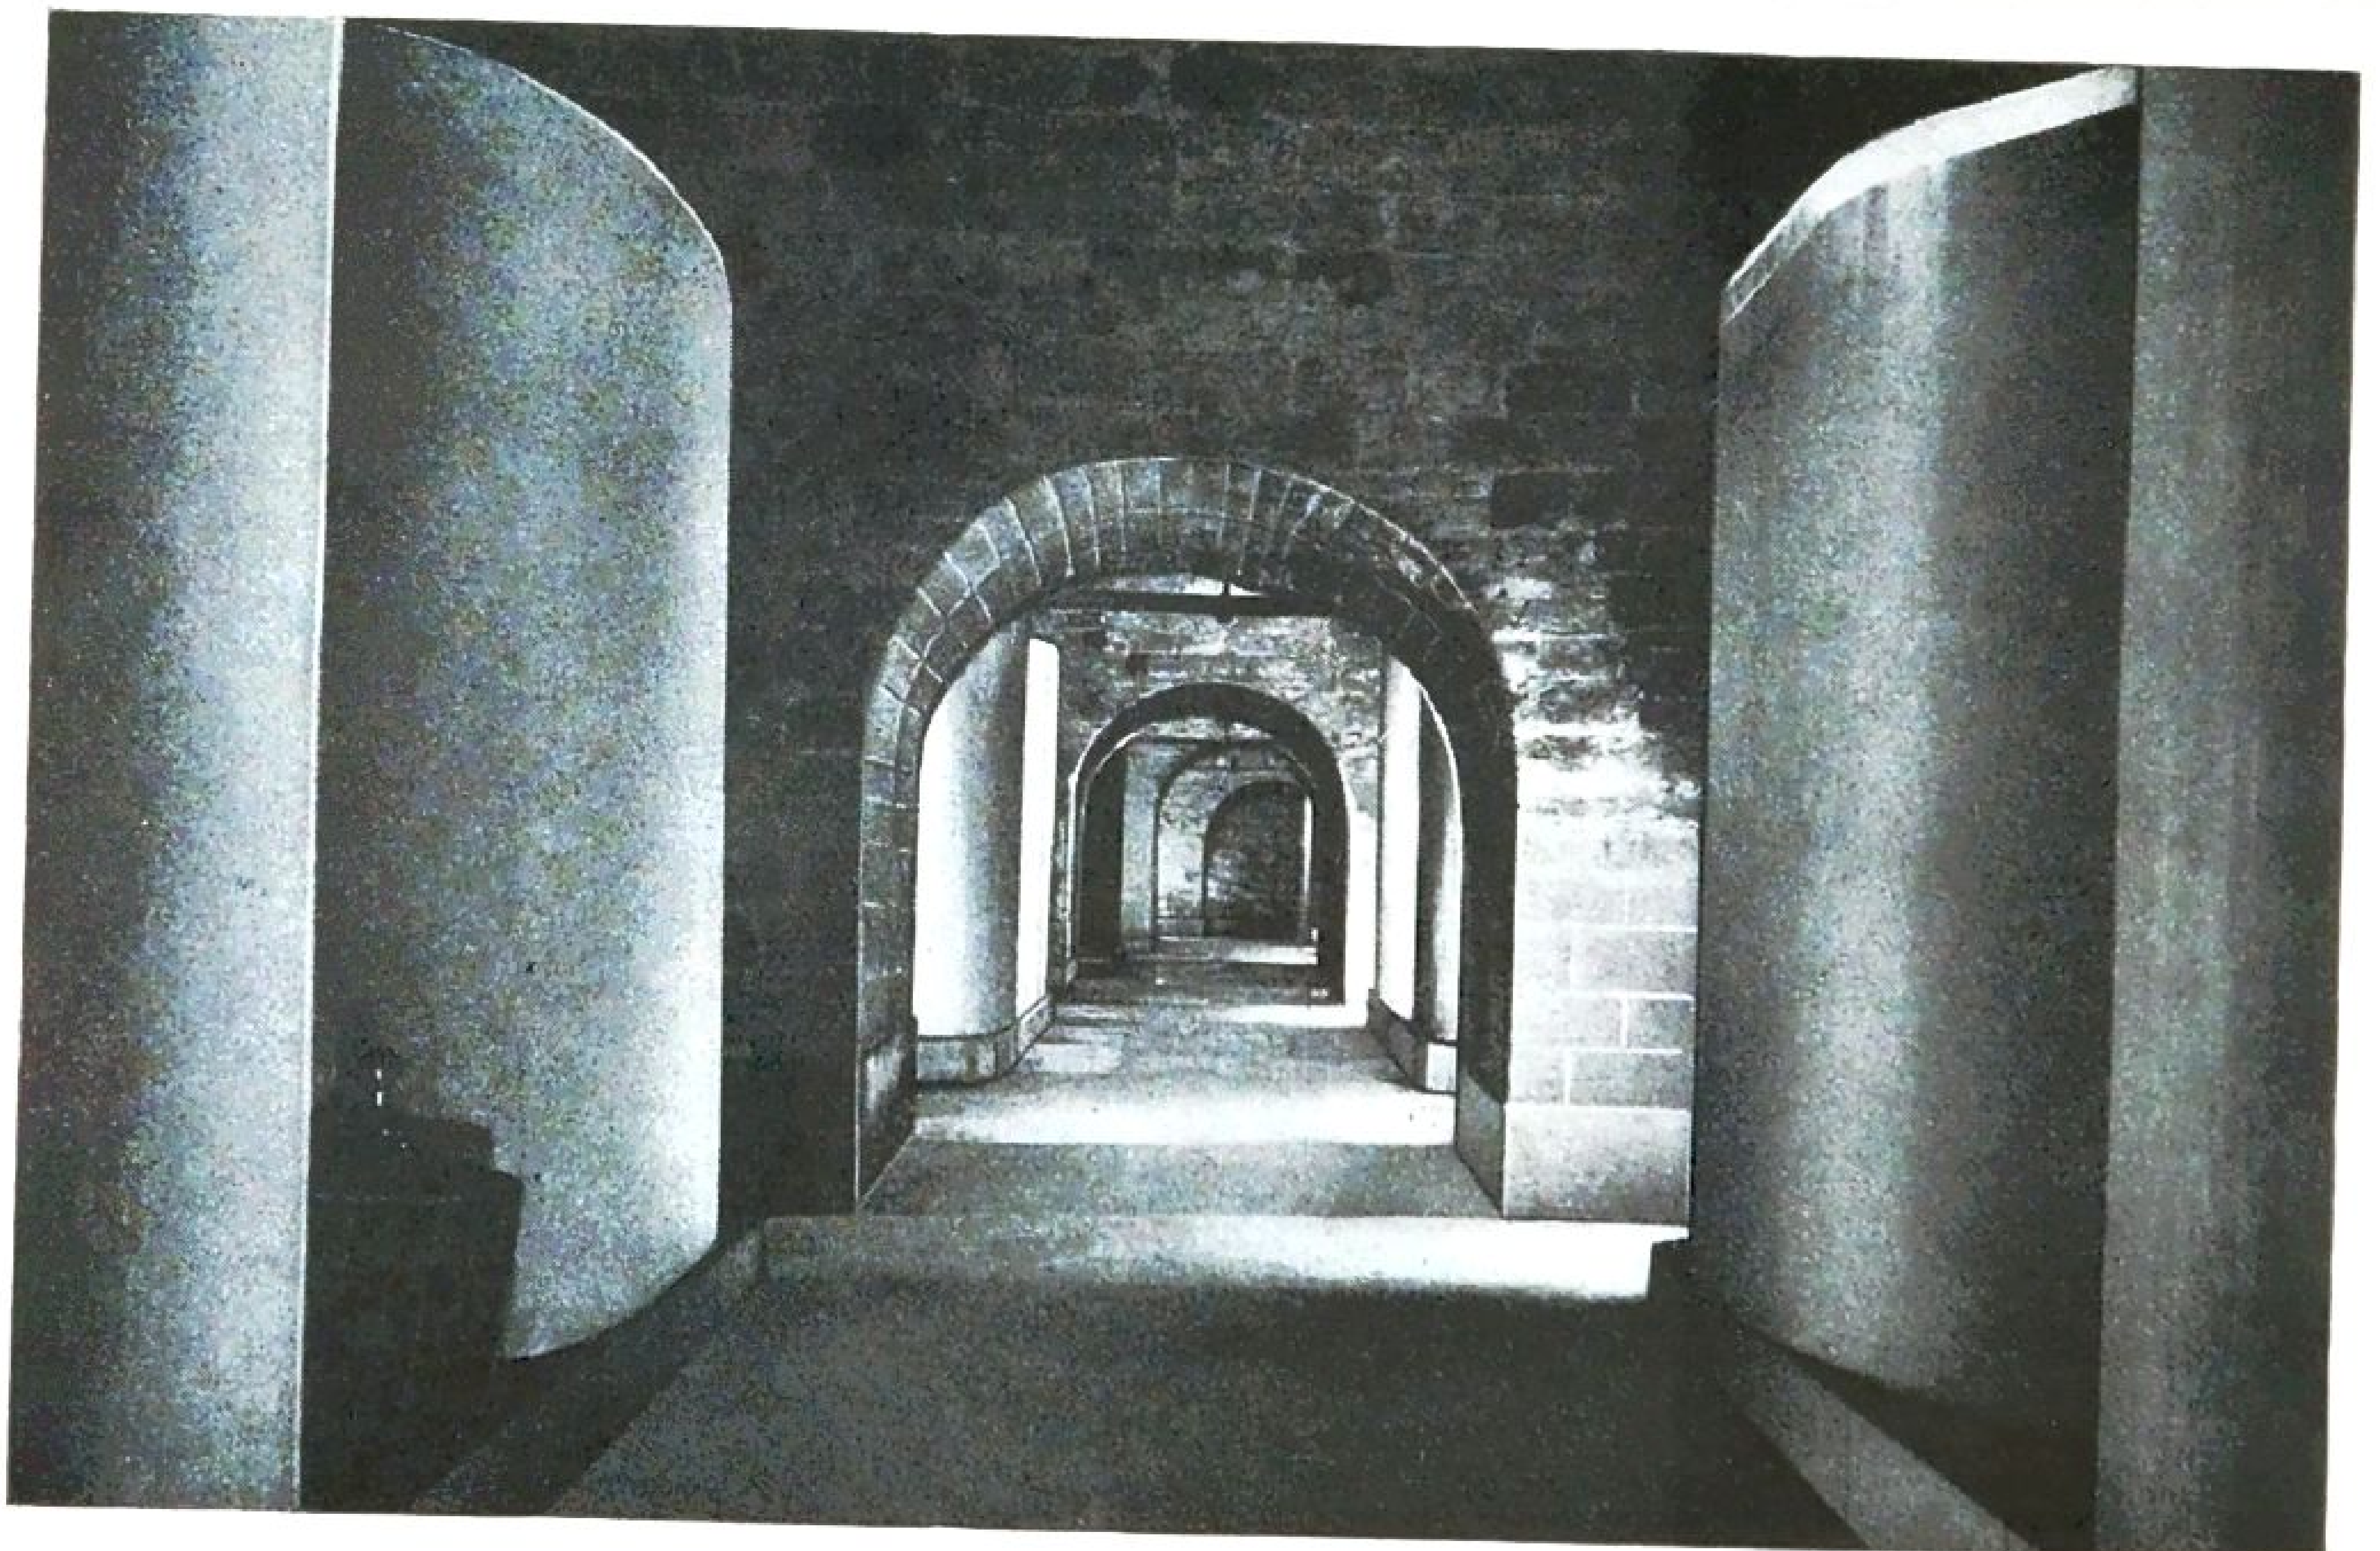

Long years of maturing in the wood before release to the market account for the strength and flavour of the noble Richon wines. The 'Grandes Caves' were founded in 1882 by Baron Edmond de Rothschild by whom the huge installation was built.

Richon wines won world-wide fame long before the war. The marketing organisation was known in most countries under the name of Carmel Oriental. In the United Kingdom the wines are marketed by the Palestine Wine Trading Co. (Palwin).

RICHON WINES AND LIQUEURS WERE AWARDED DIPLOMES D'HONNEUR AND GOLD MEDALS AT THE INTERNATIONAL EXHIBITIONS:

In 1890 at Paris; 1897 — Hamburg; 1900 — Paris; 1906 — Vienna; 1911 — Turin; 1923—Moscow; 1926—Wembley; 1926 and 1931—Paris; 1929, 1932, 1934 and 1936—Tel-Aviv.

# RICHON LIQUEURS

Only the highest quality ingredients are used by the Richon Distilleries for their famous liqueurs produced under the supervision of experts from France and Holland.

# PALESTINE BREWERY LIMITED

RISHON-LE-ZION

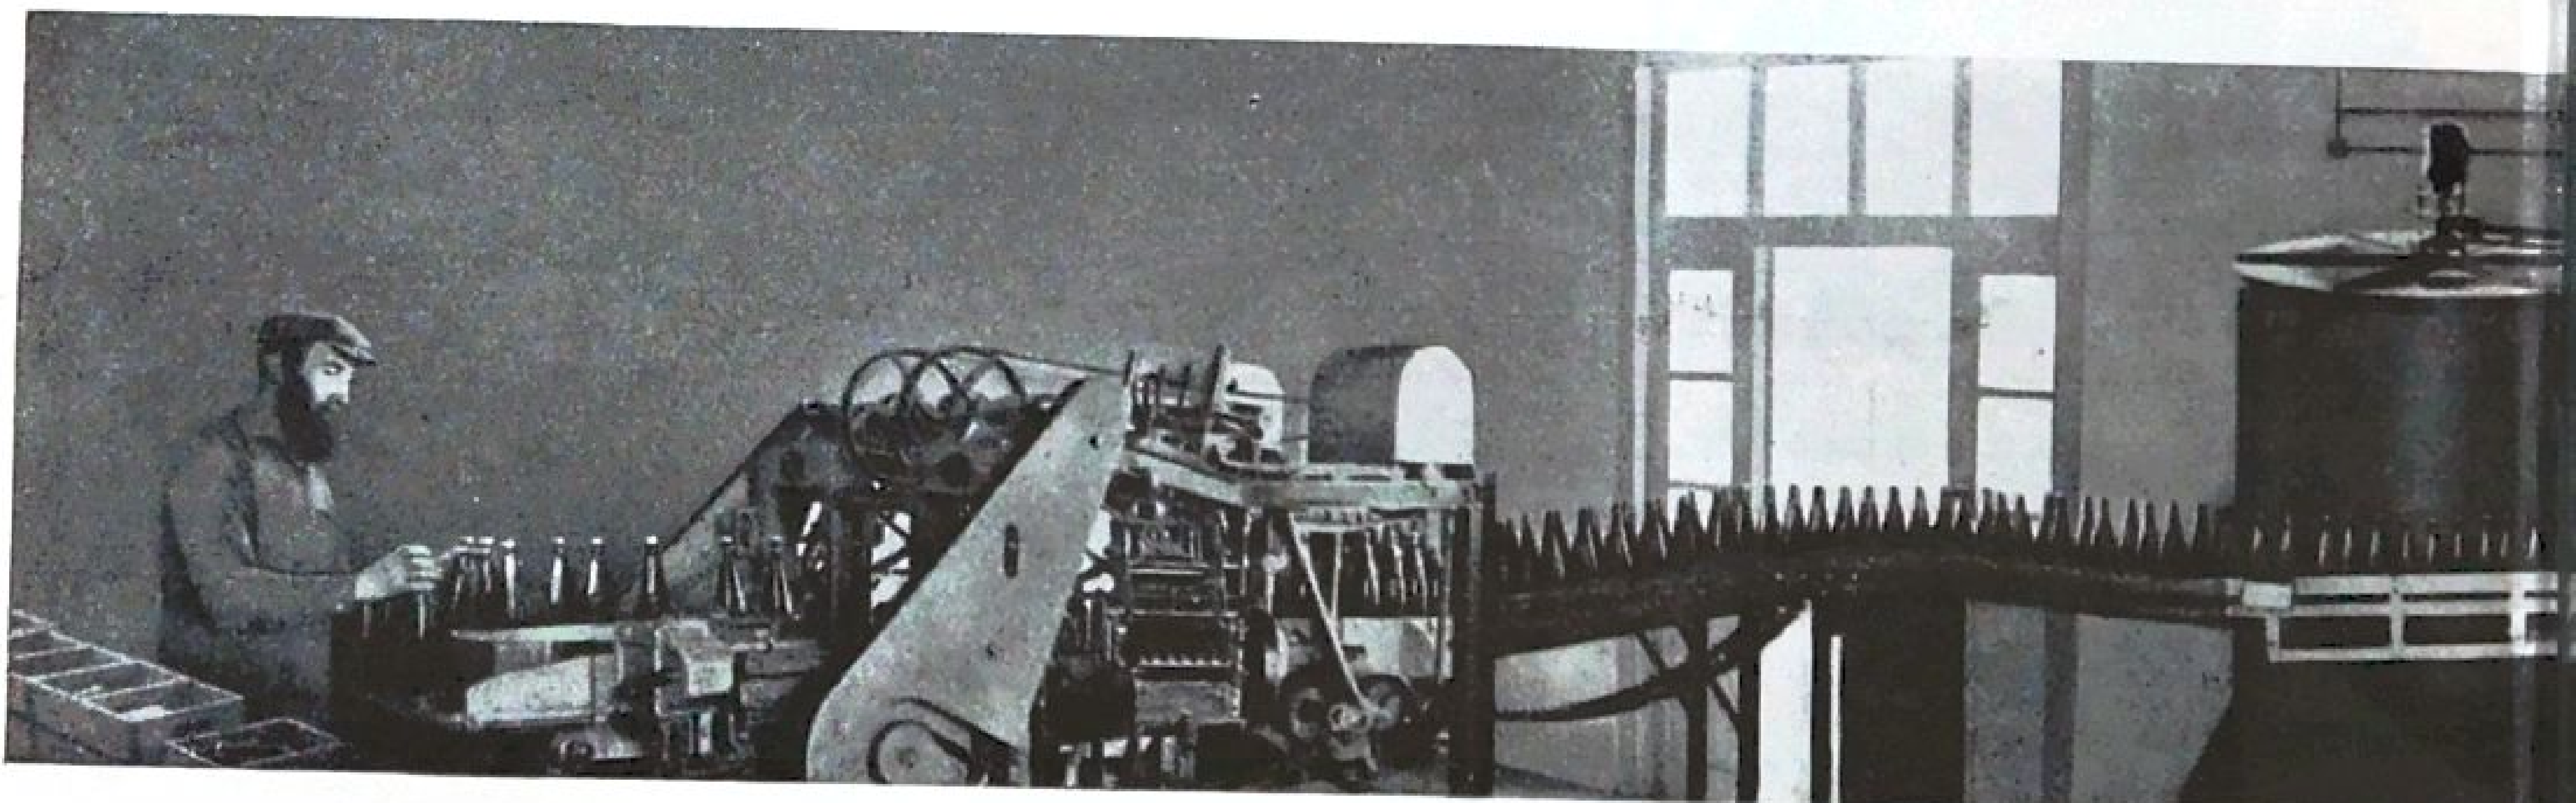

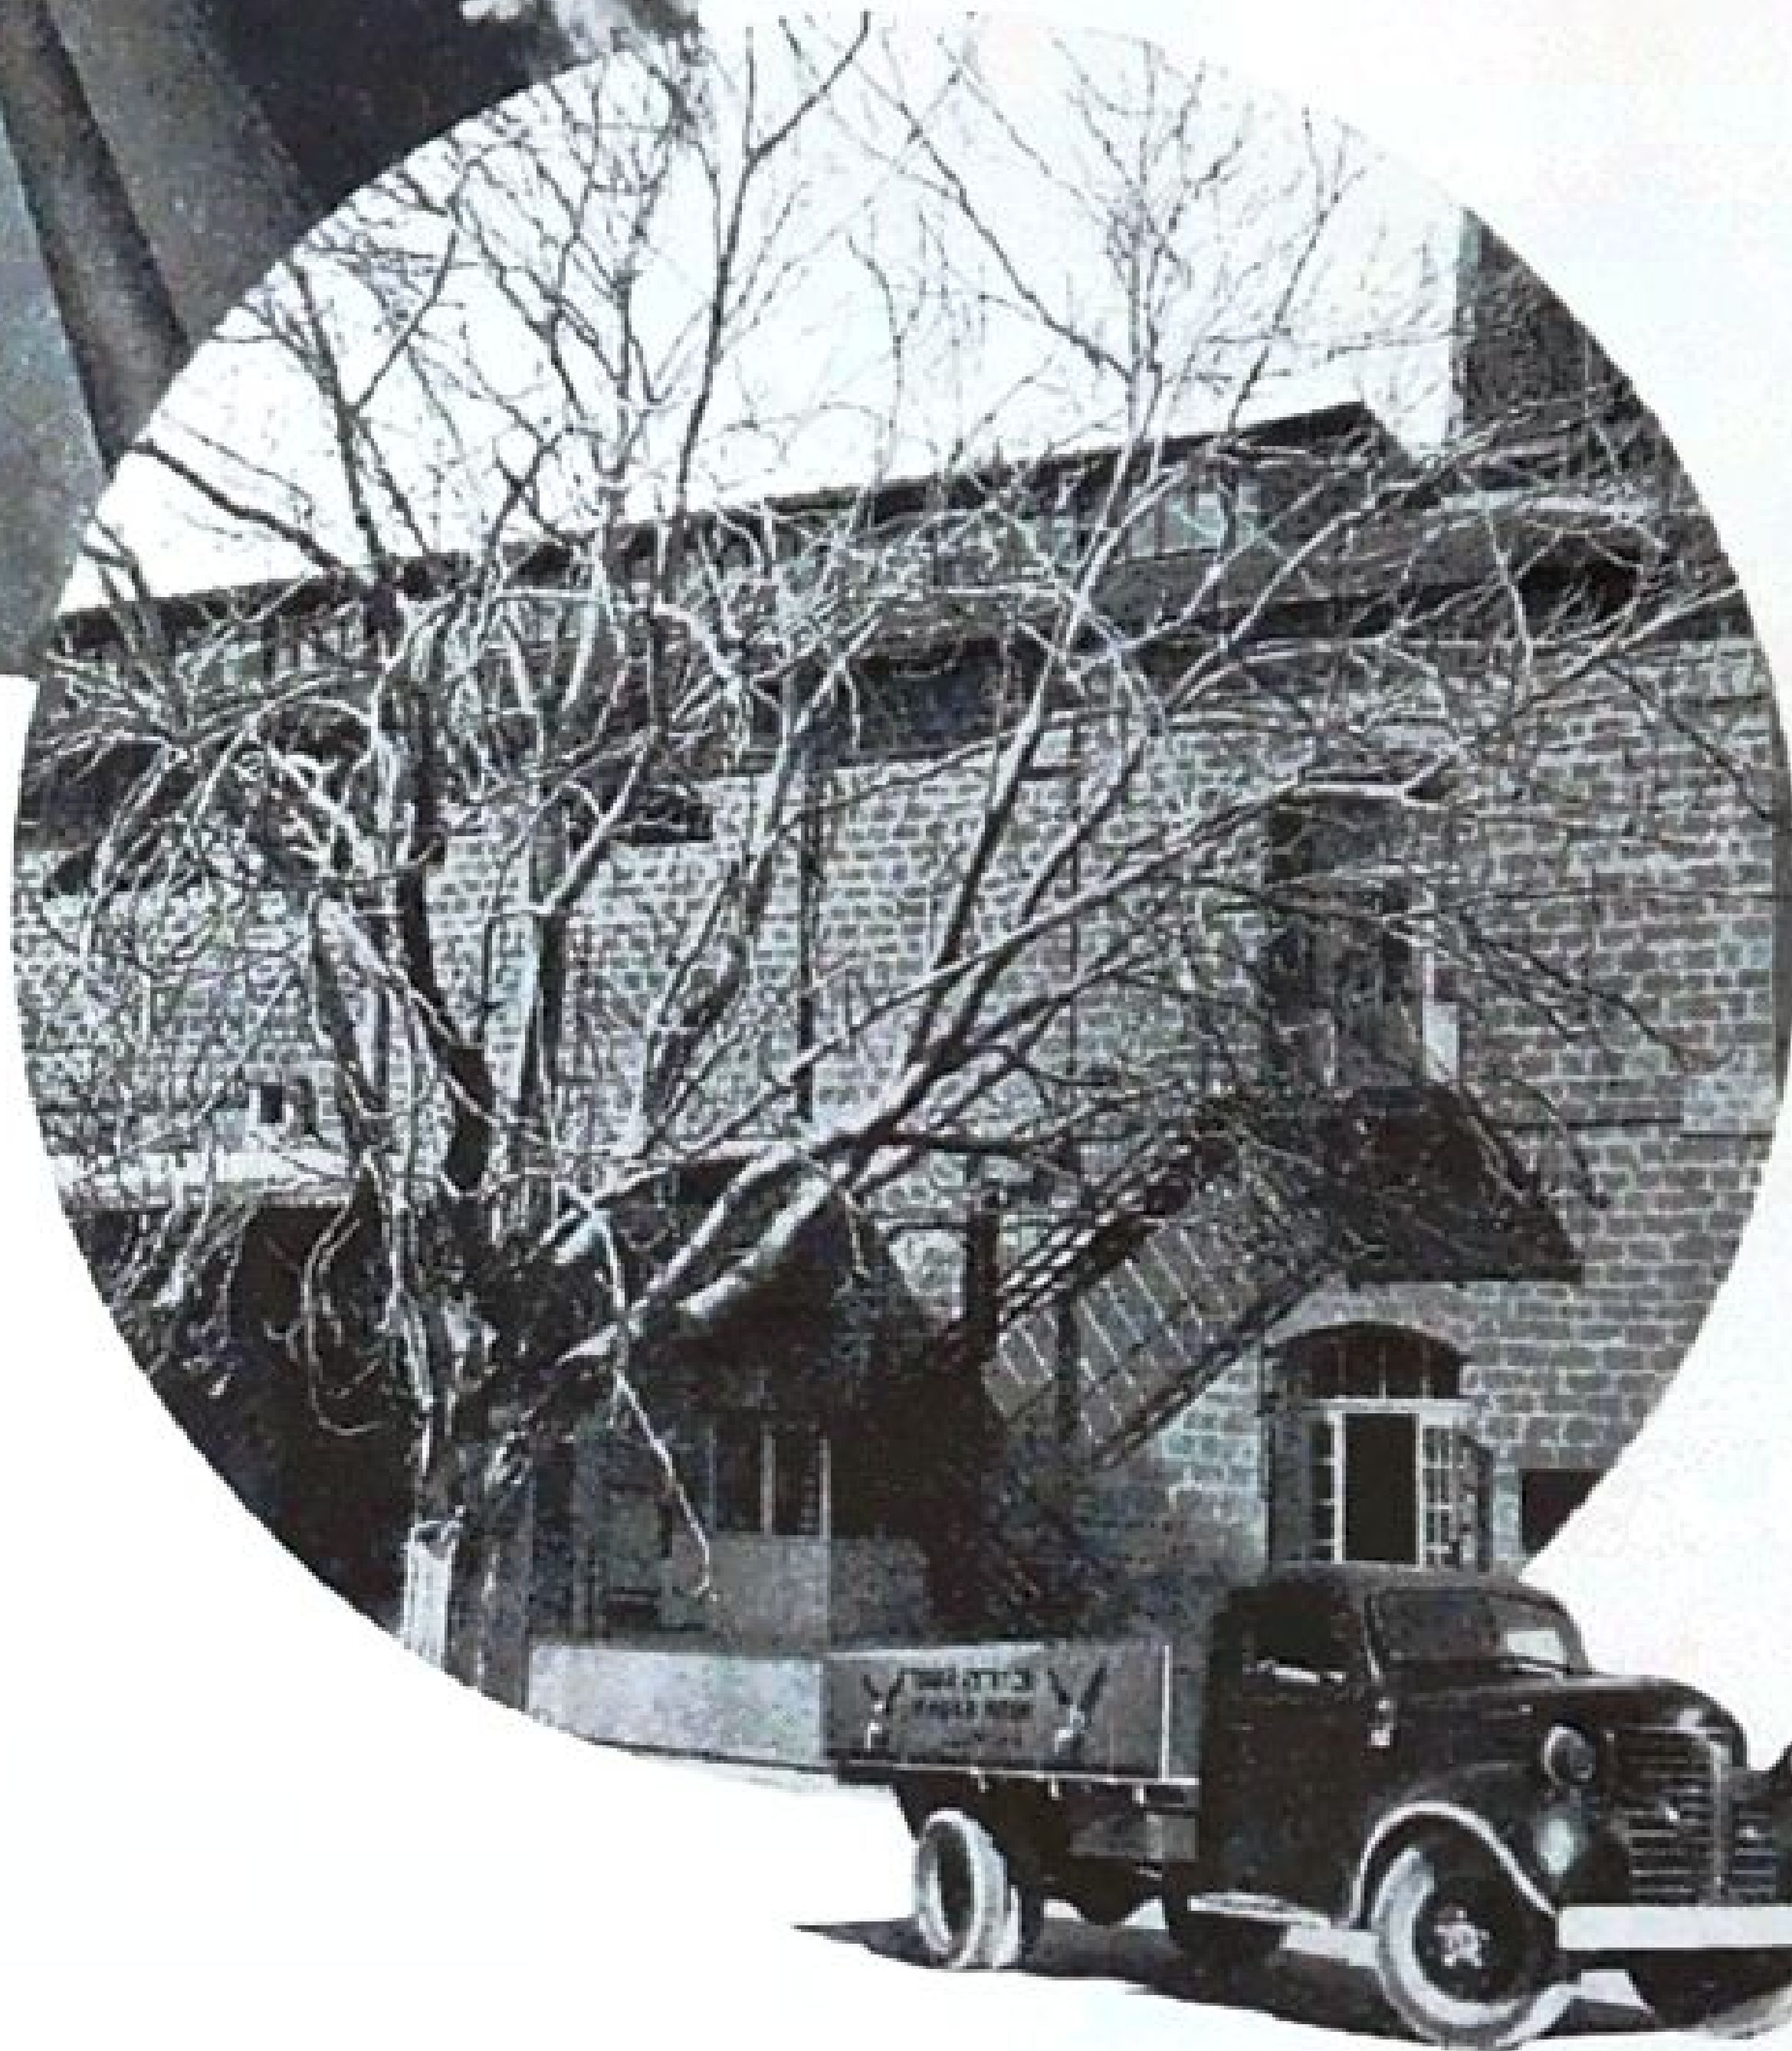

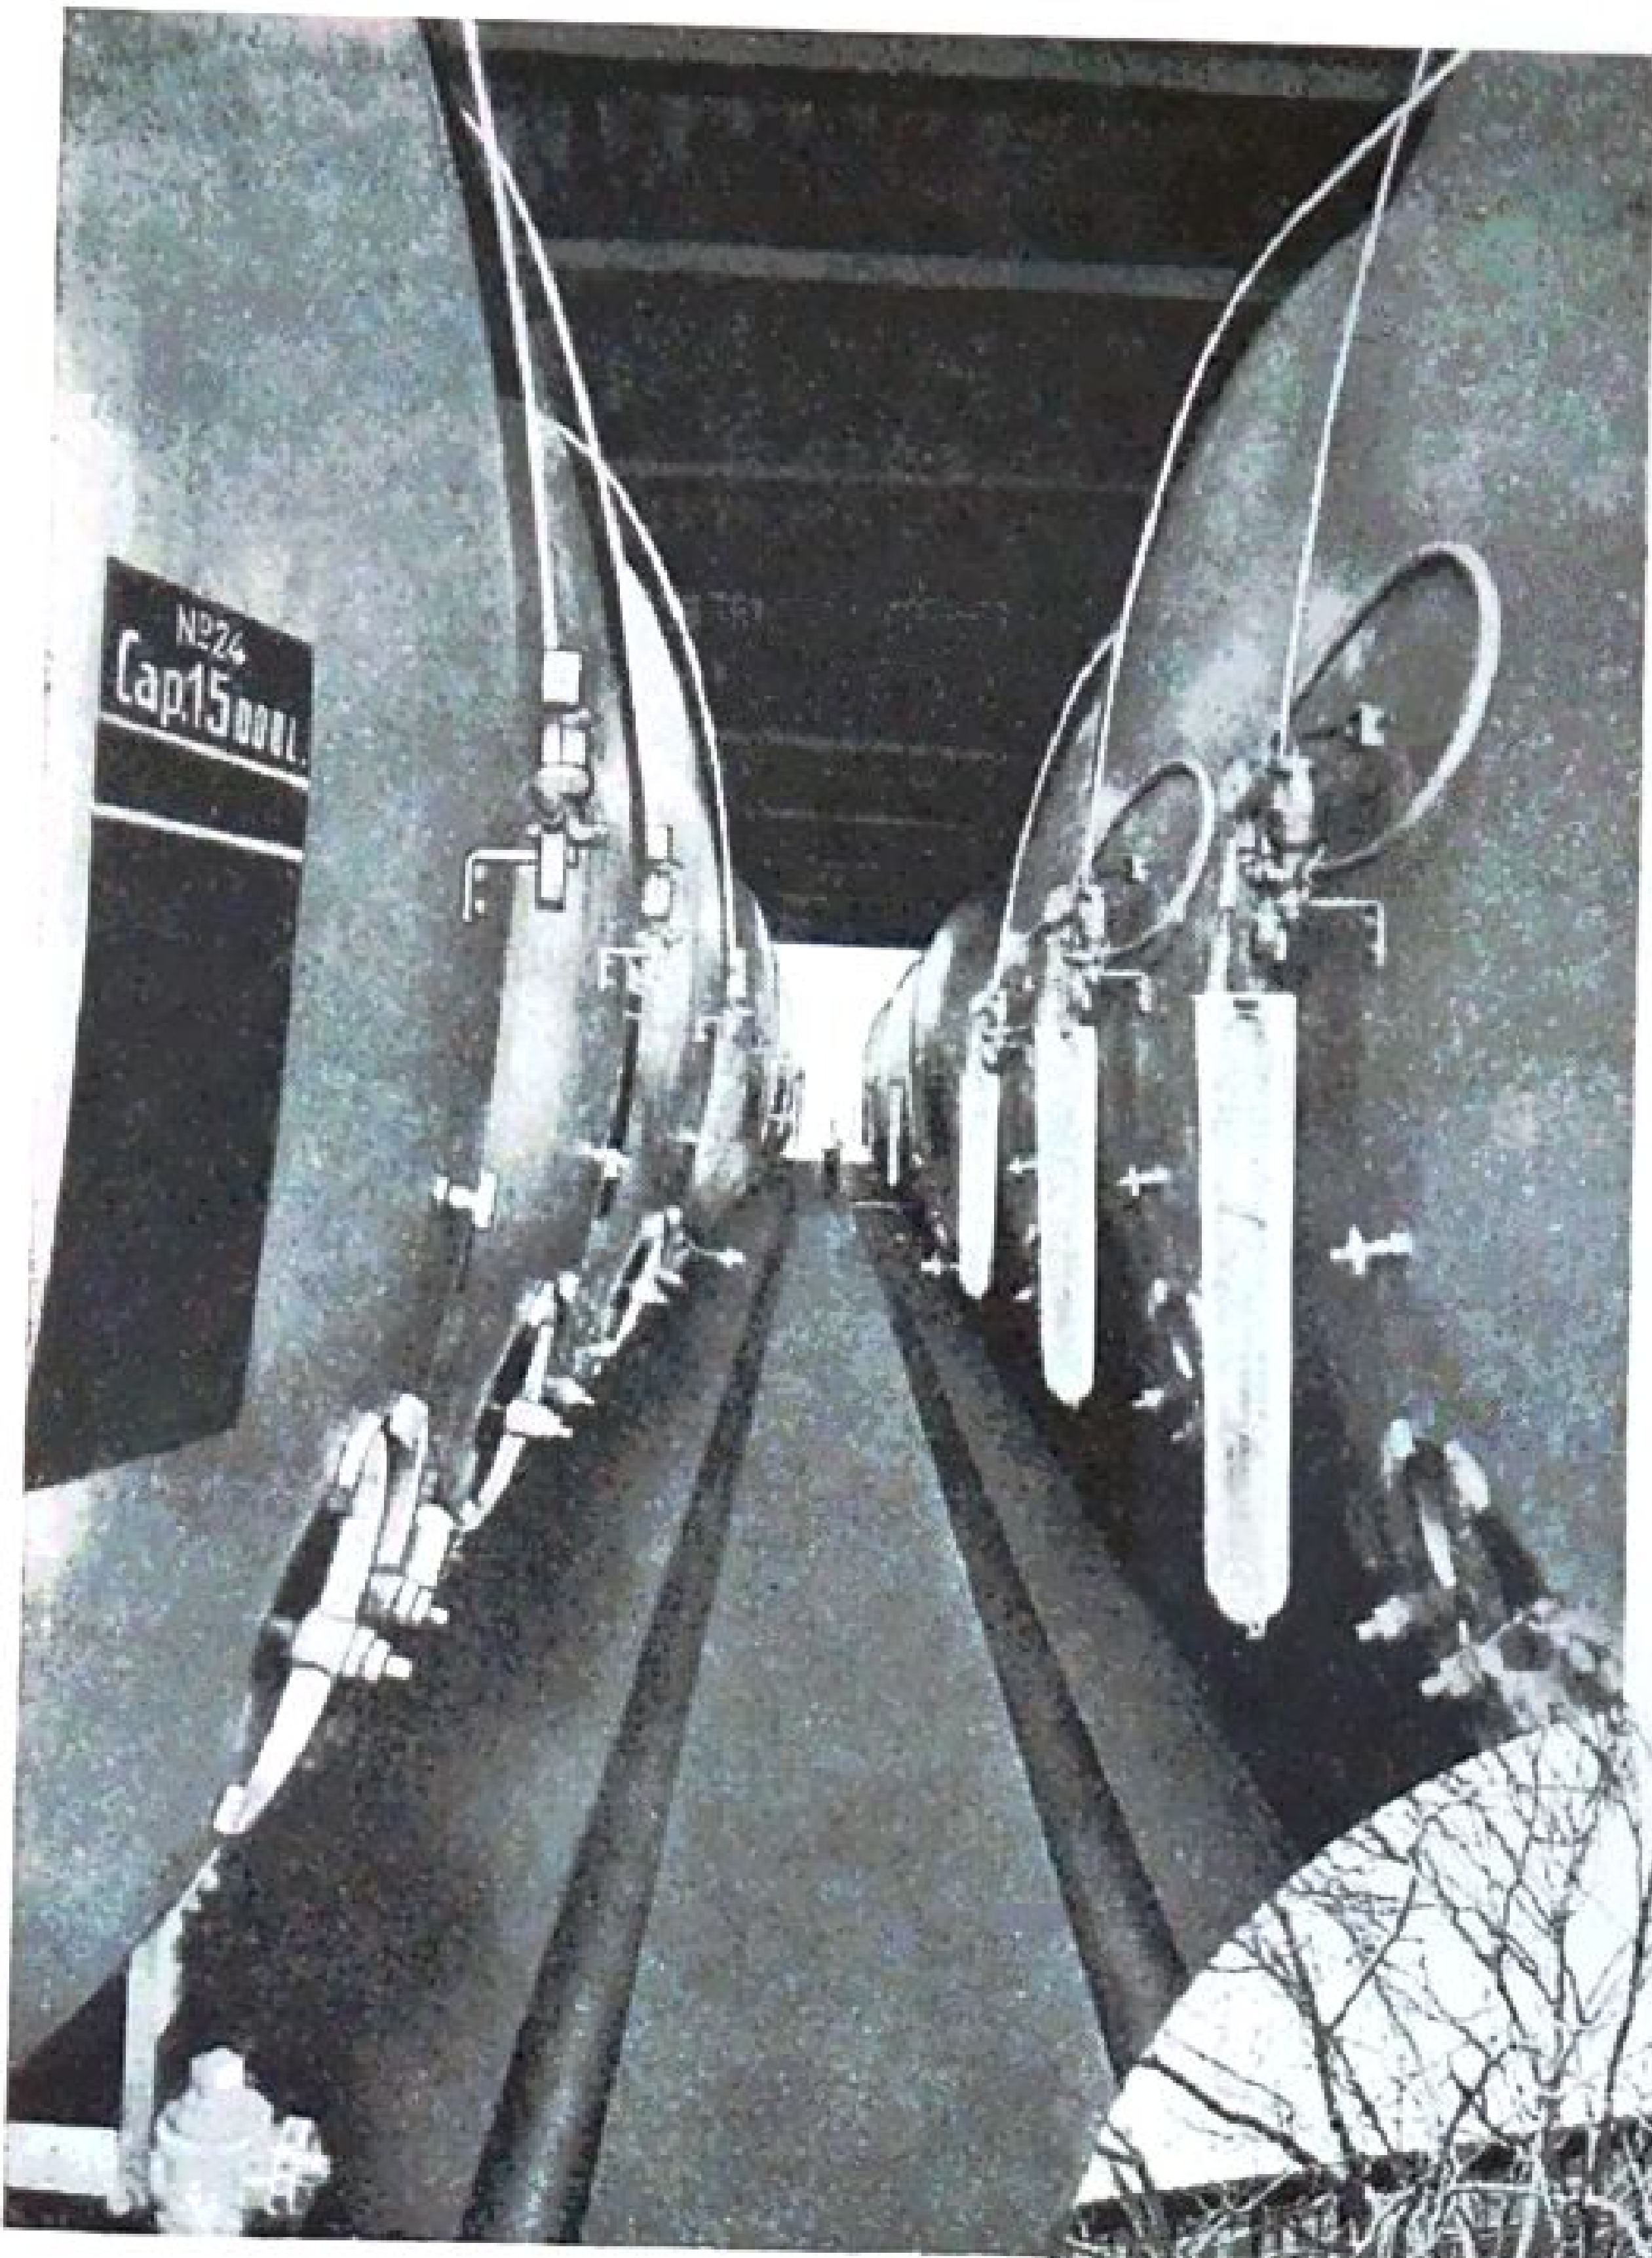

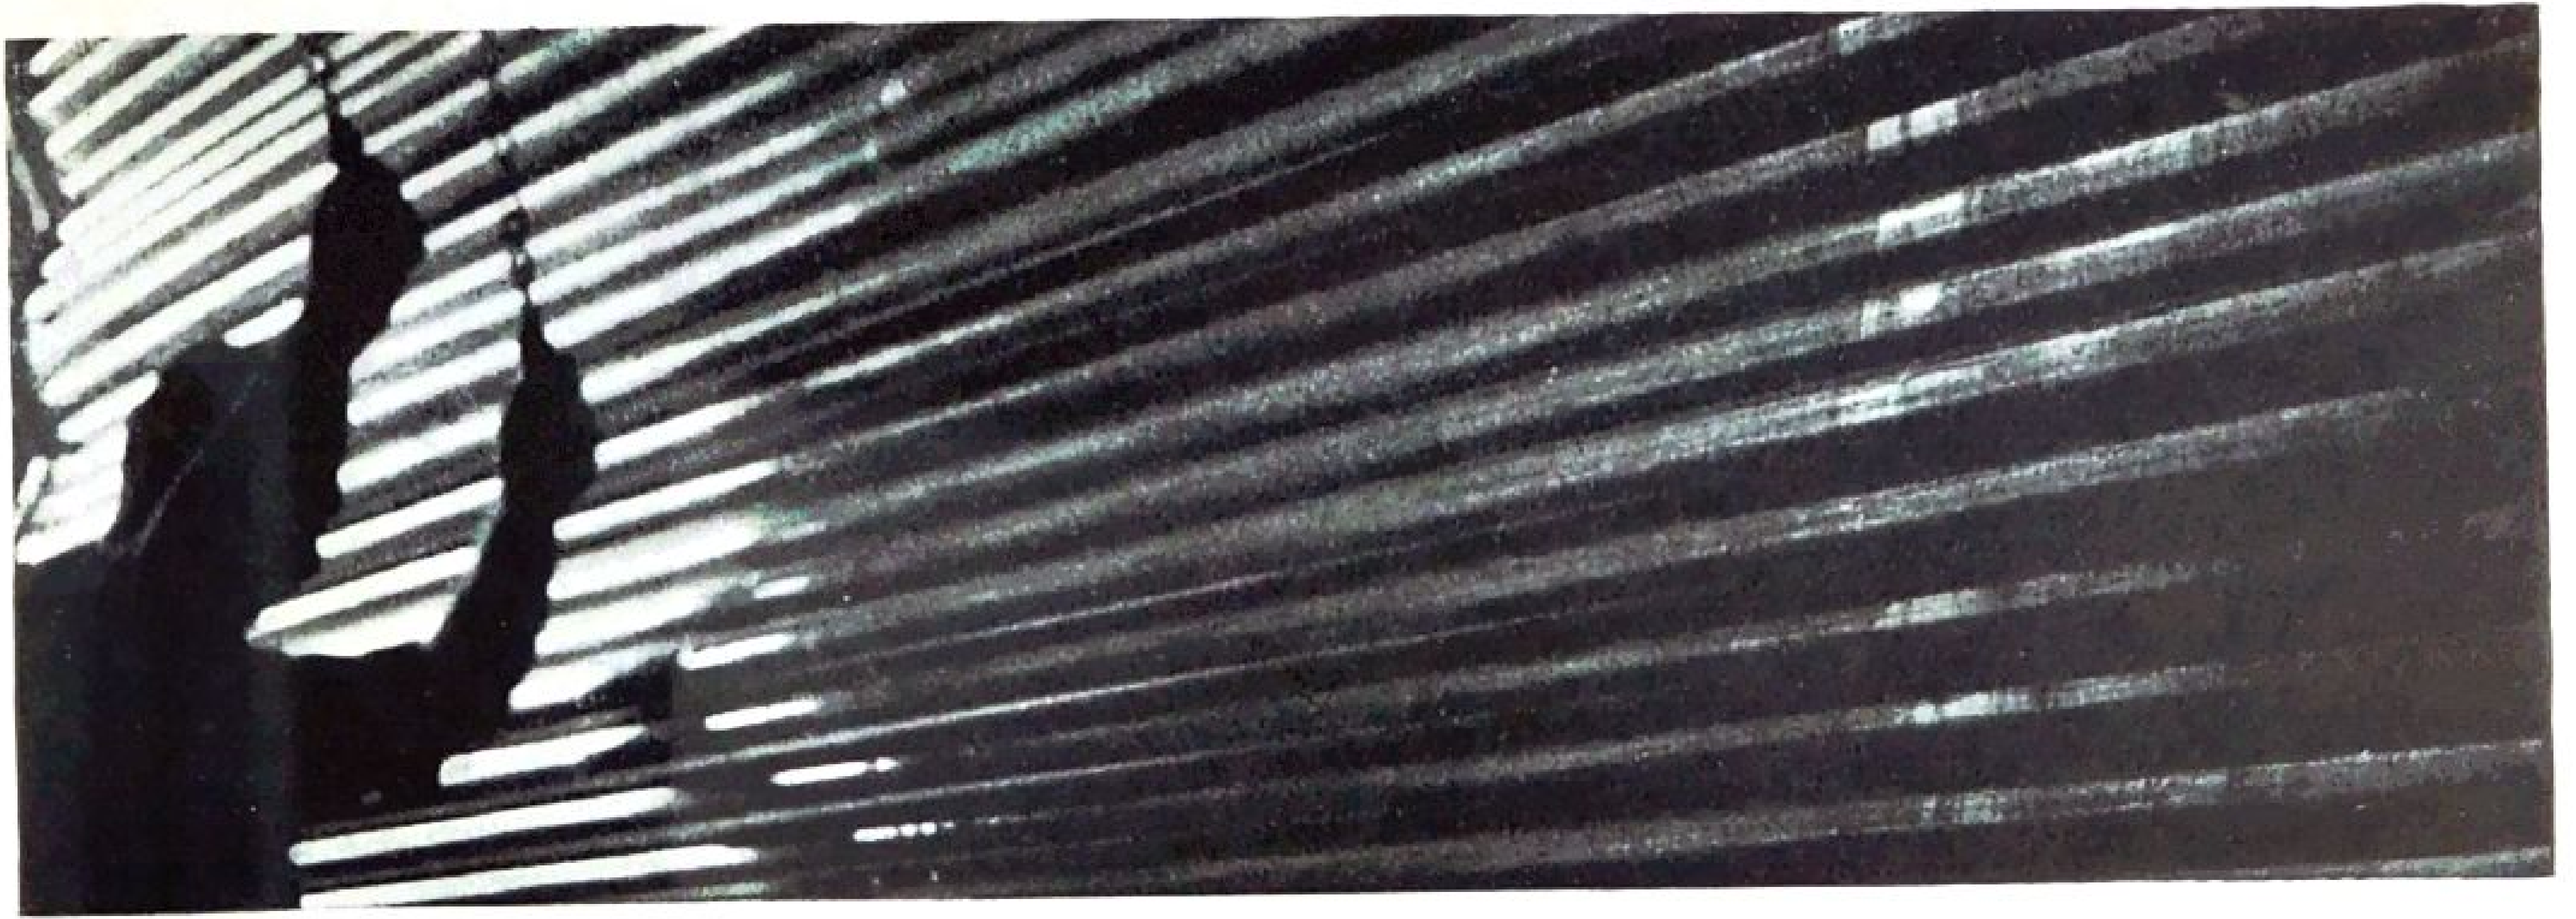

PALESTINE BREWERY LIMITED — generally known as the 'Nesher' Brewery (Nesher is the Hebrew for Eagle) — first introduced its beer to the Palestine market in 1936. The Company installed an up-to-date plant in Rishon-le-Zion — the first brewery in Palestine and one of the largest in the Middle East. For the duration of the war the Company is limiting the production in its main plant to two standard brands, *'Eagle'* and *'Gold Star'*.

In its MALT BEER PLANT at Jaffa—Tel-Aviv the Company produces Malt Beer, a vitamin-rich, nutritive beverage with low alcohol content, recommended by physicians to nursing mothers, convalescents, women and children.

The Company is now constructing another brewery under the name of CABEER BREWERIES LIMITED.

PALESTINE BREWERY LTD.  
RISHON-LE-ZION

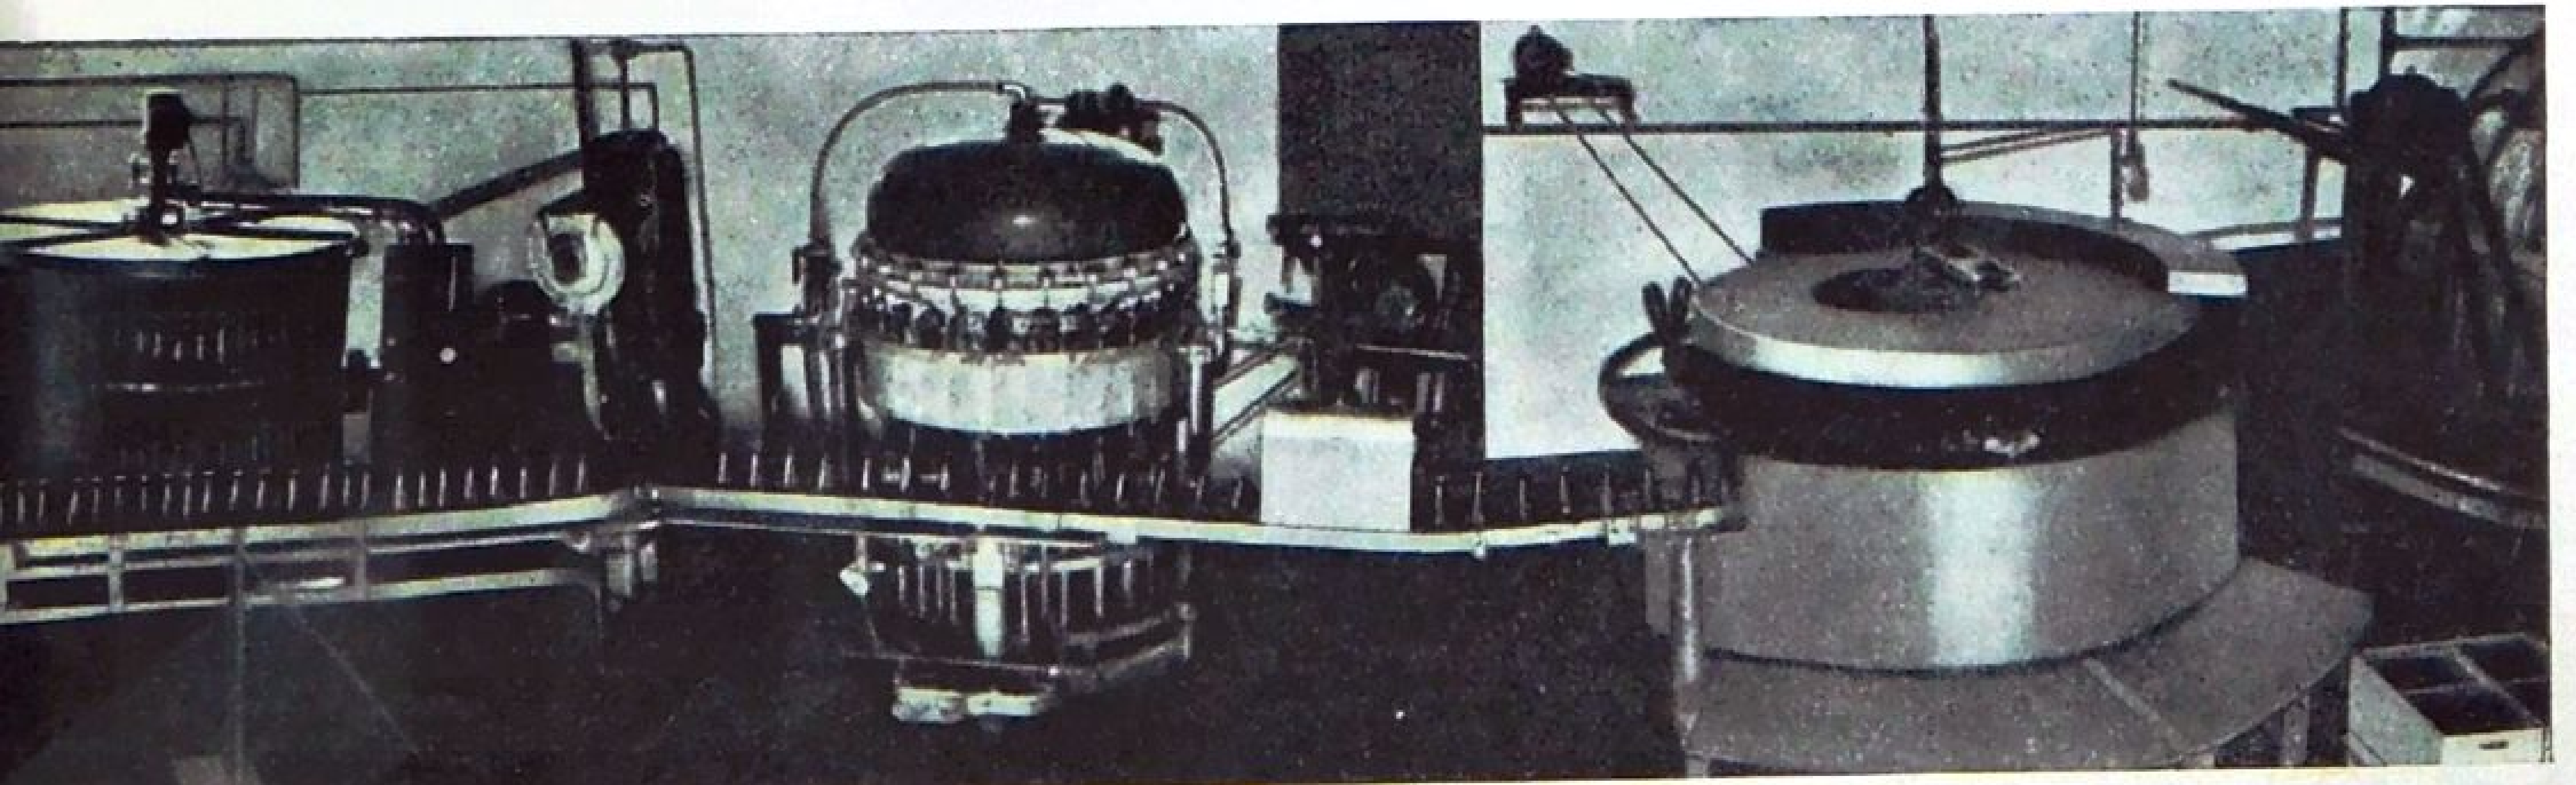

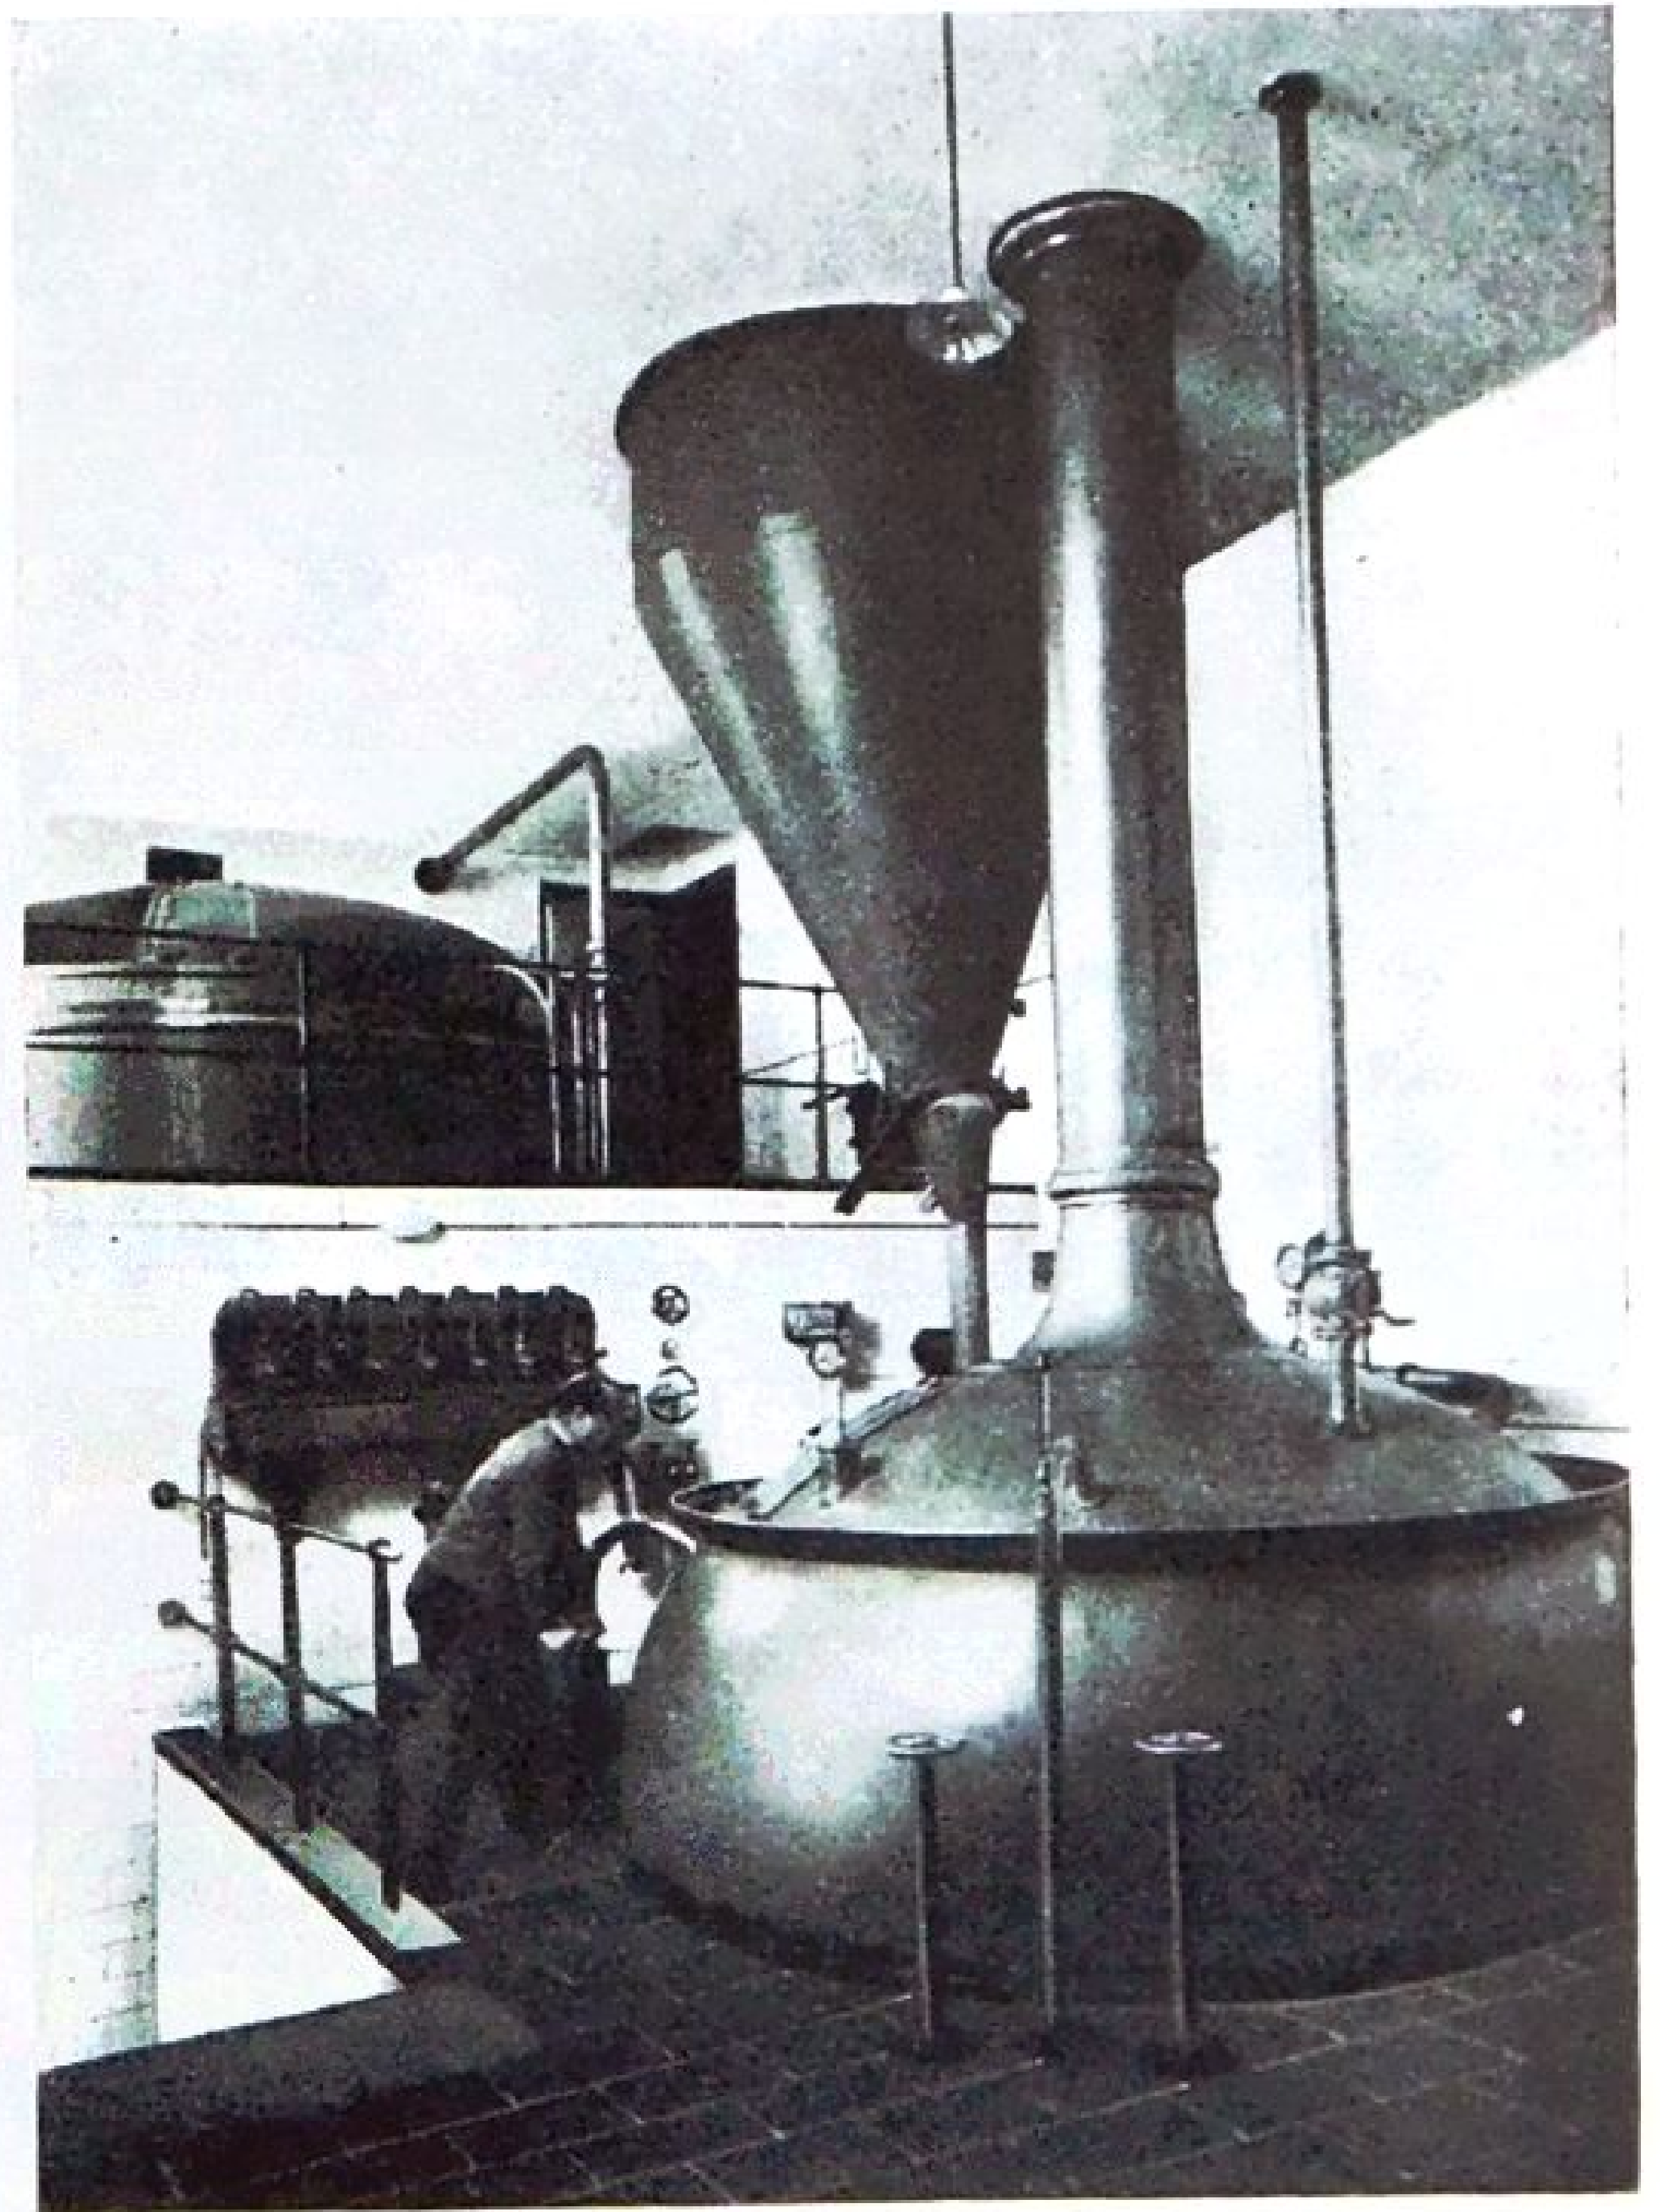

## PALESTINE BREWERY LTD.

*TOP LEFT:* ONE OF THE BREWERY'S HUGE STORAGE CELLARS. IN EACH OF THE CISTERNS 15,000 LITRES OF BEER ARE MATURED.

*ABOVE:* WORT COOLER. THE HOT WORT COMING FROM THE BREWING ROOM IS COOLED HERE PRIOR TO BEING TRANSFERRED TO THE FERMENTATION ROOM.

*RIGHT:* PART VIEW OF THE BREWING ROOM. FOUR BREWS ARE MADE HERE DAILY.

*BOTTOM LEFT AND RIGHT:* ONE OF THE AUTOMATIC BOTTLING UNITS. 3000 BOTTLES, MOVING ALONG A CONVEYOR, ARE CLEANED, FILLED, CAPPED, PASTEURIZED AND LABELLED EVERY HOUR.

## JEBEL UZDOM ROCK SALT CONCESSION

MAMILLAH ROAD, JERUSALEM,

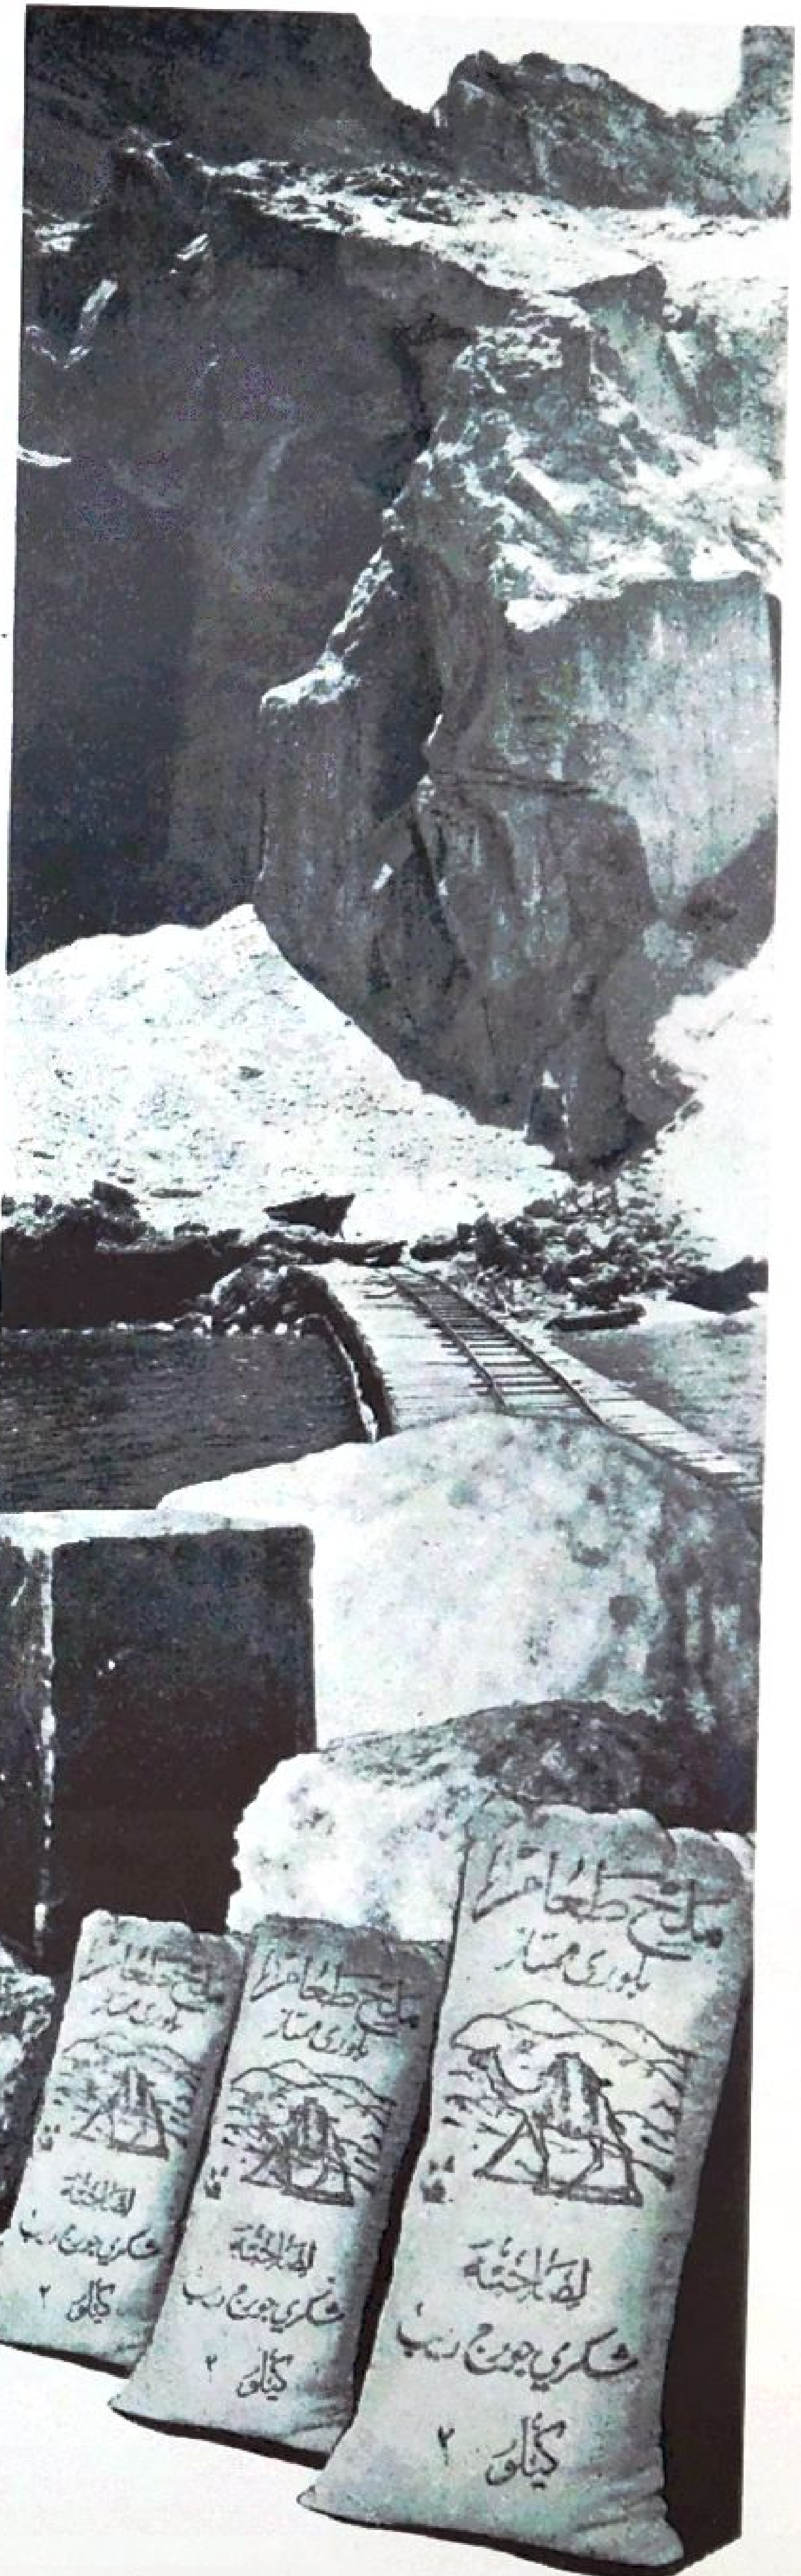

P.O.B. 278,

TELEPHONE 3008

This firm was established in 1927 for the quarrying of rock salt from Jebel Uzdom on the South-West shore of the Dead Sea — the site of the Biblical Sodom and Gomorrah.

Jebel Uzdom rock salt is a superior quality product, containing 97.8% Sodium Chloride. It is supplied to the Palestine market for household purposes and for use in industry and agriculture. The crystal grade salt, marketed in small cloth bags, and the free-running table salt, soon to be placed on the market, are the highest quality salts produced.

Apart from these and other grade salts for human consumption, coarse and fine grades are available for the tanning and curing industries while black rock salt is an essential item in the feeding of cattle and horses.

### JEBEL UZDOM ROCK SALT

# KELET AFIKIM

## MANUFACTURERS OF WOODEN SHIPPING CASES

POSTAL ADDRESS: KINNERETH.

TELEPHONE: KINNERETH 12.

KELET are manufacturers of standard wooden cases, and also specialise in the production of wire - bound folding boxes. Made in accordance with the latest American methods, KELET wire-bound boxes are 50% lighter in weight than the regular wooden, nailed cases and represent a considerable saving in wood. The wire-bound boxes are easily folded after use and can be stacked, retransported, and used again and again.

# KELET AFIKIM

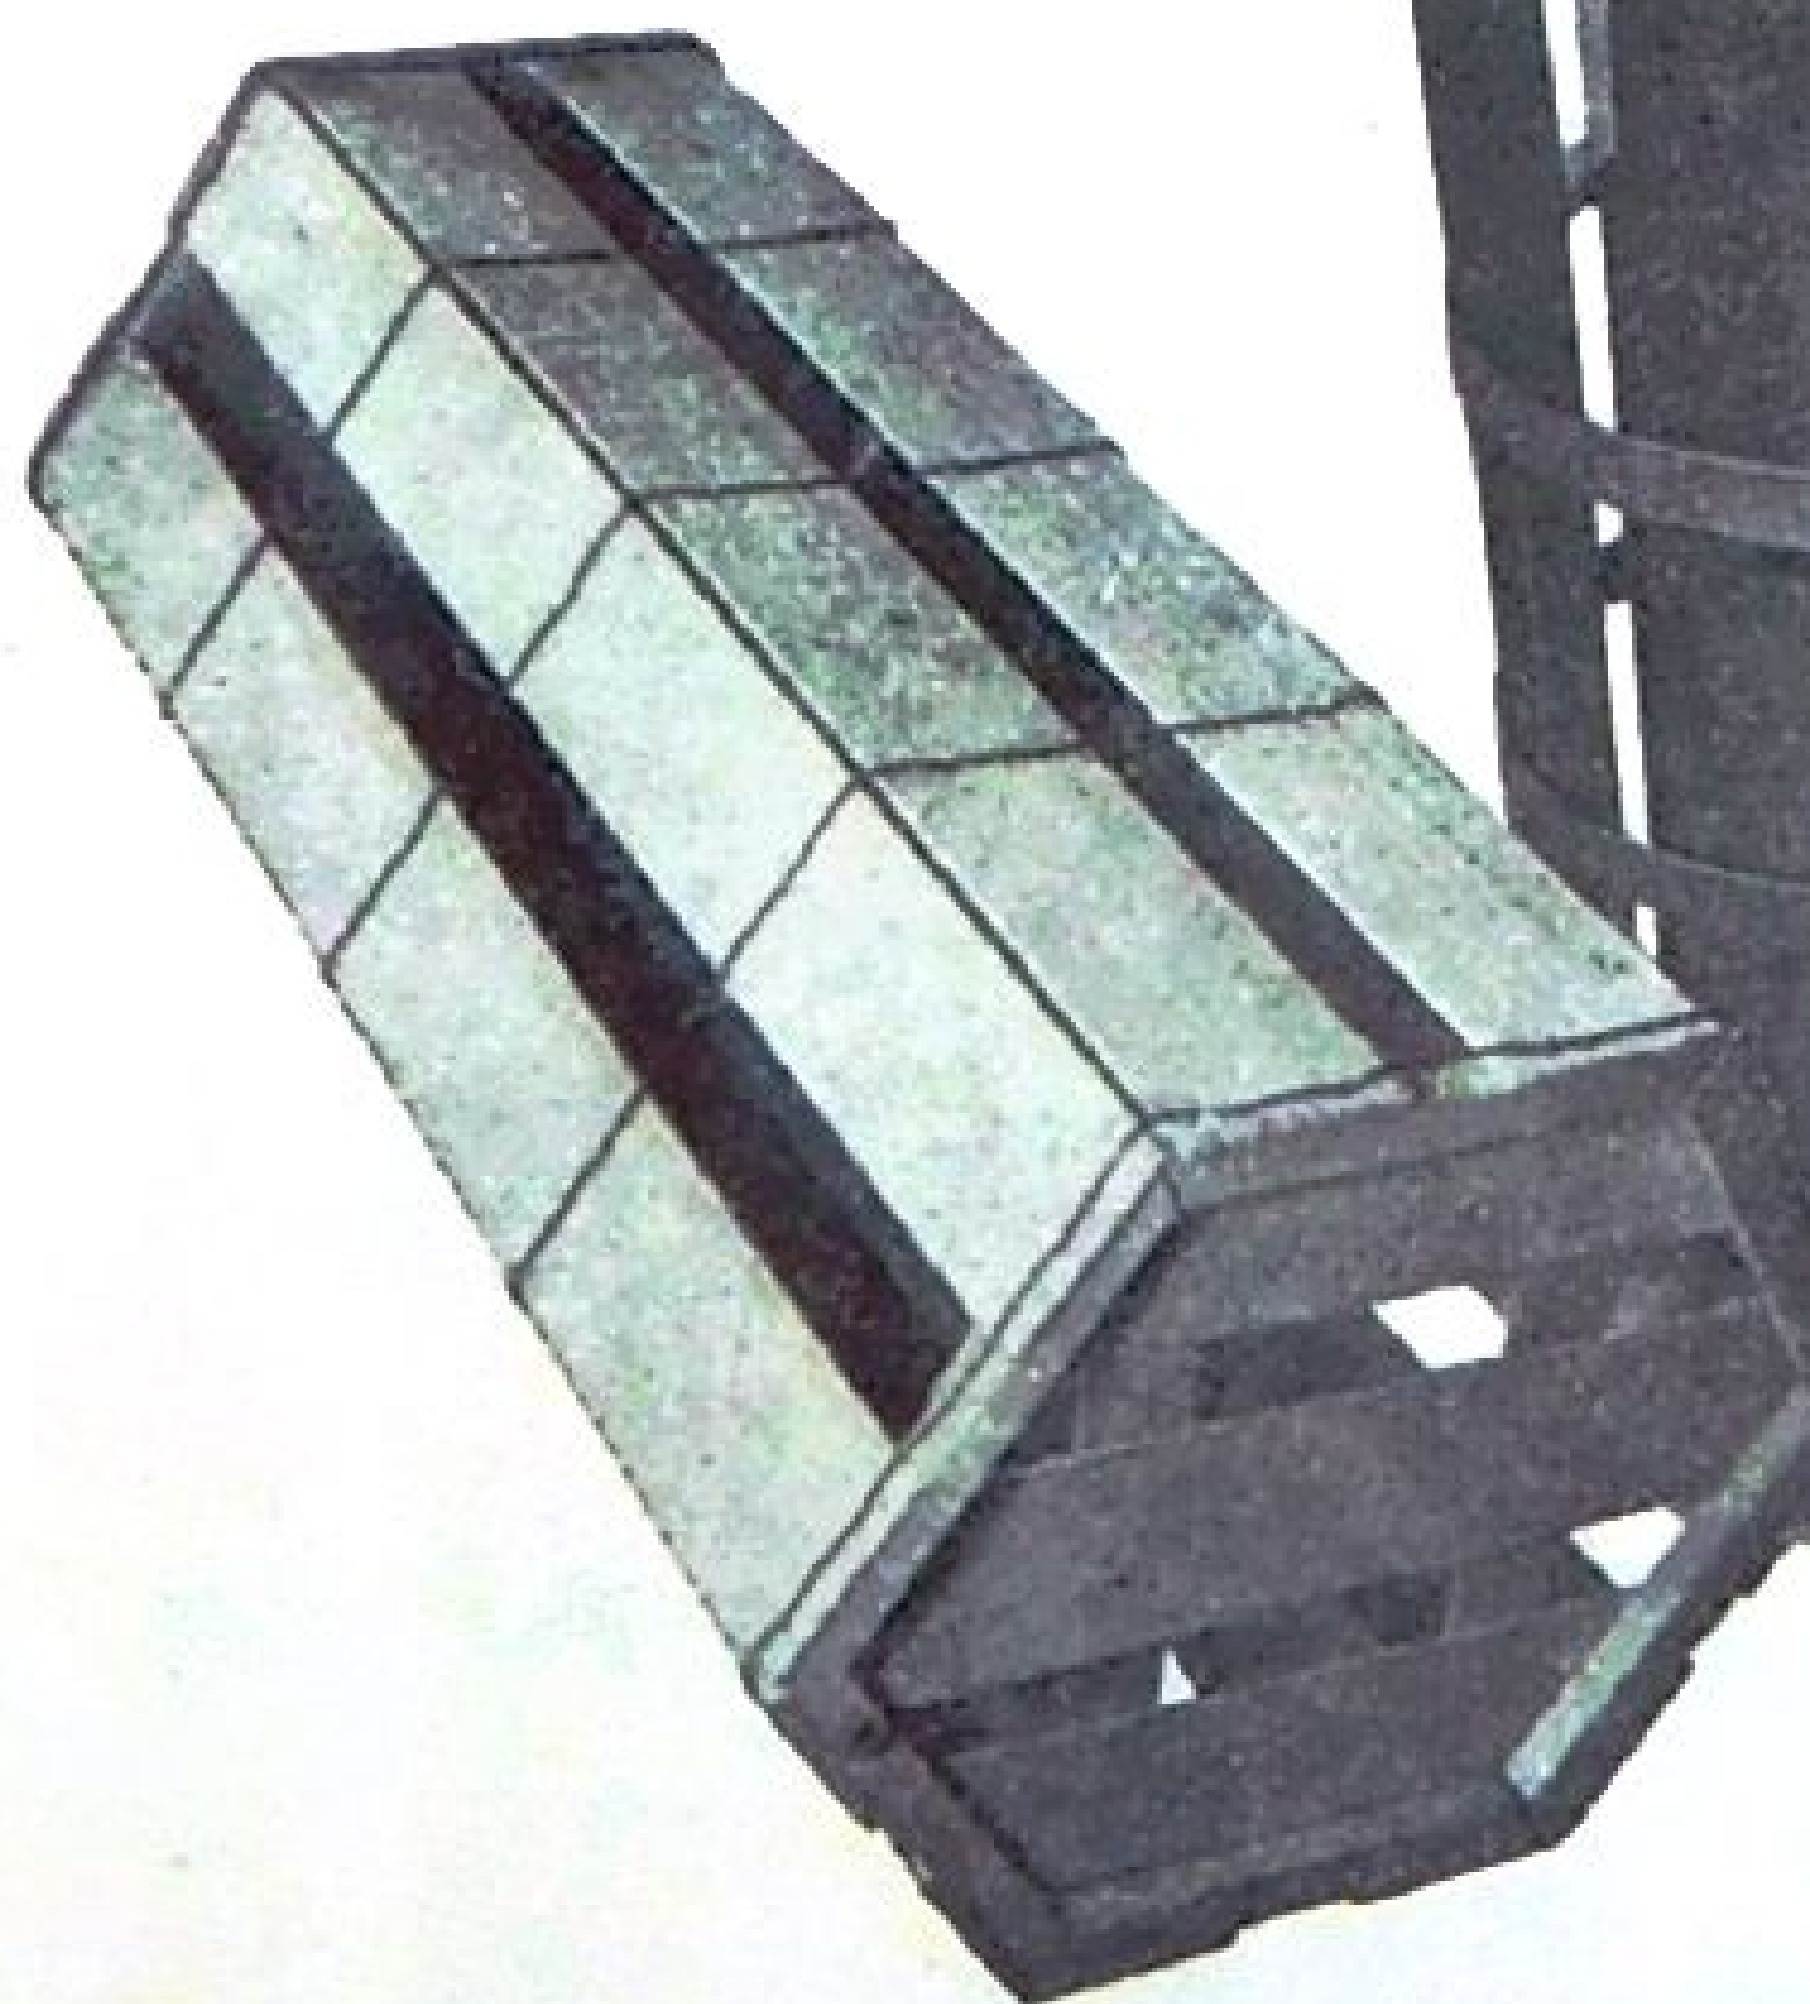

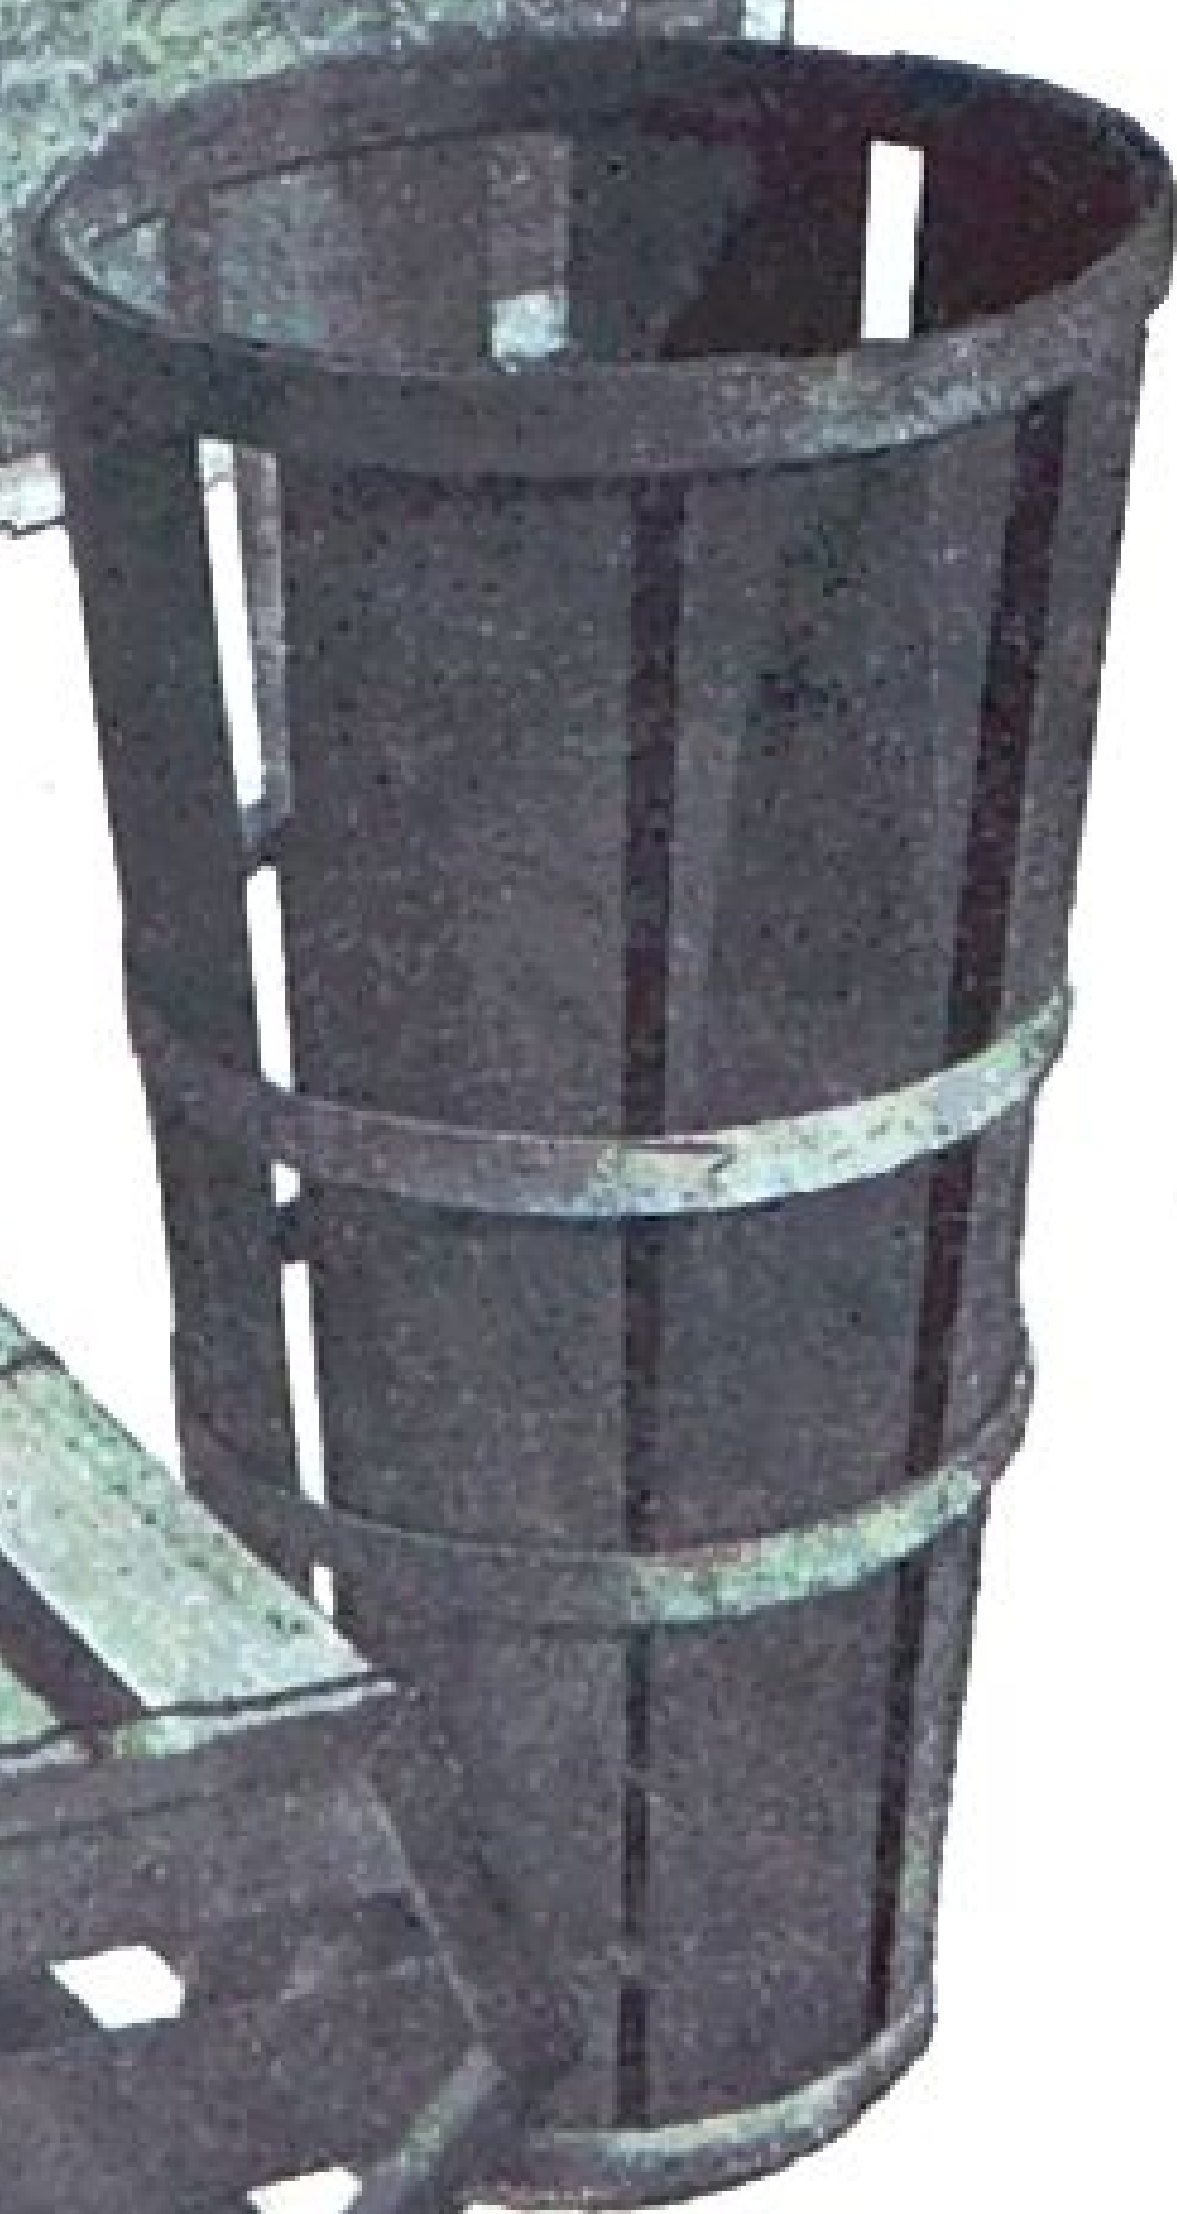

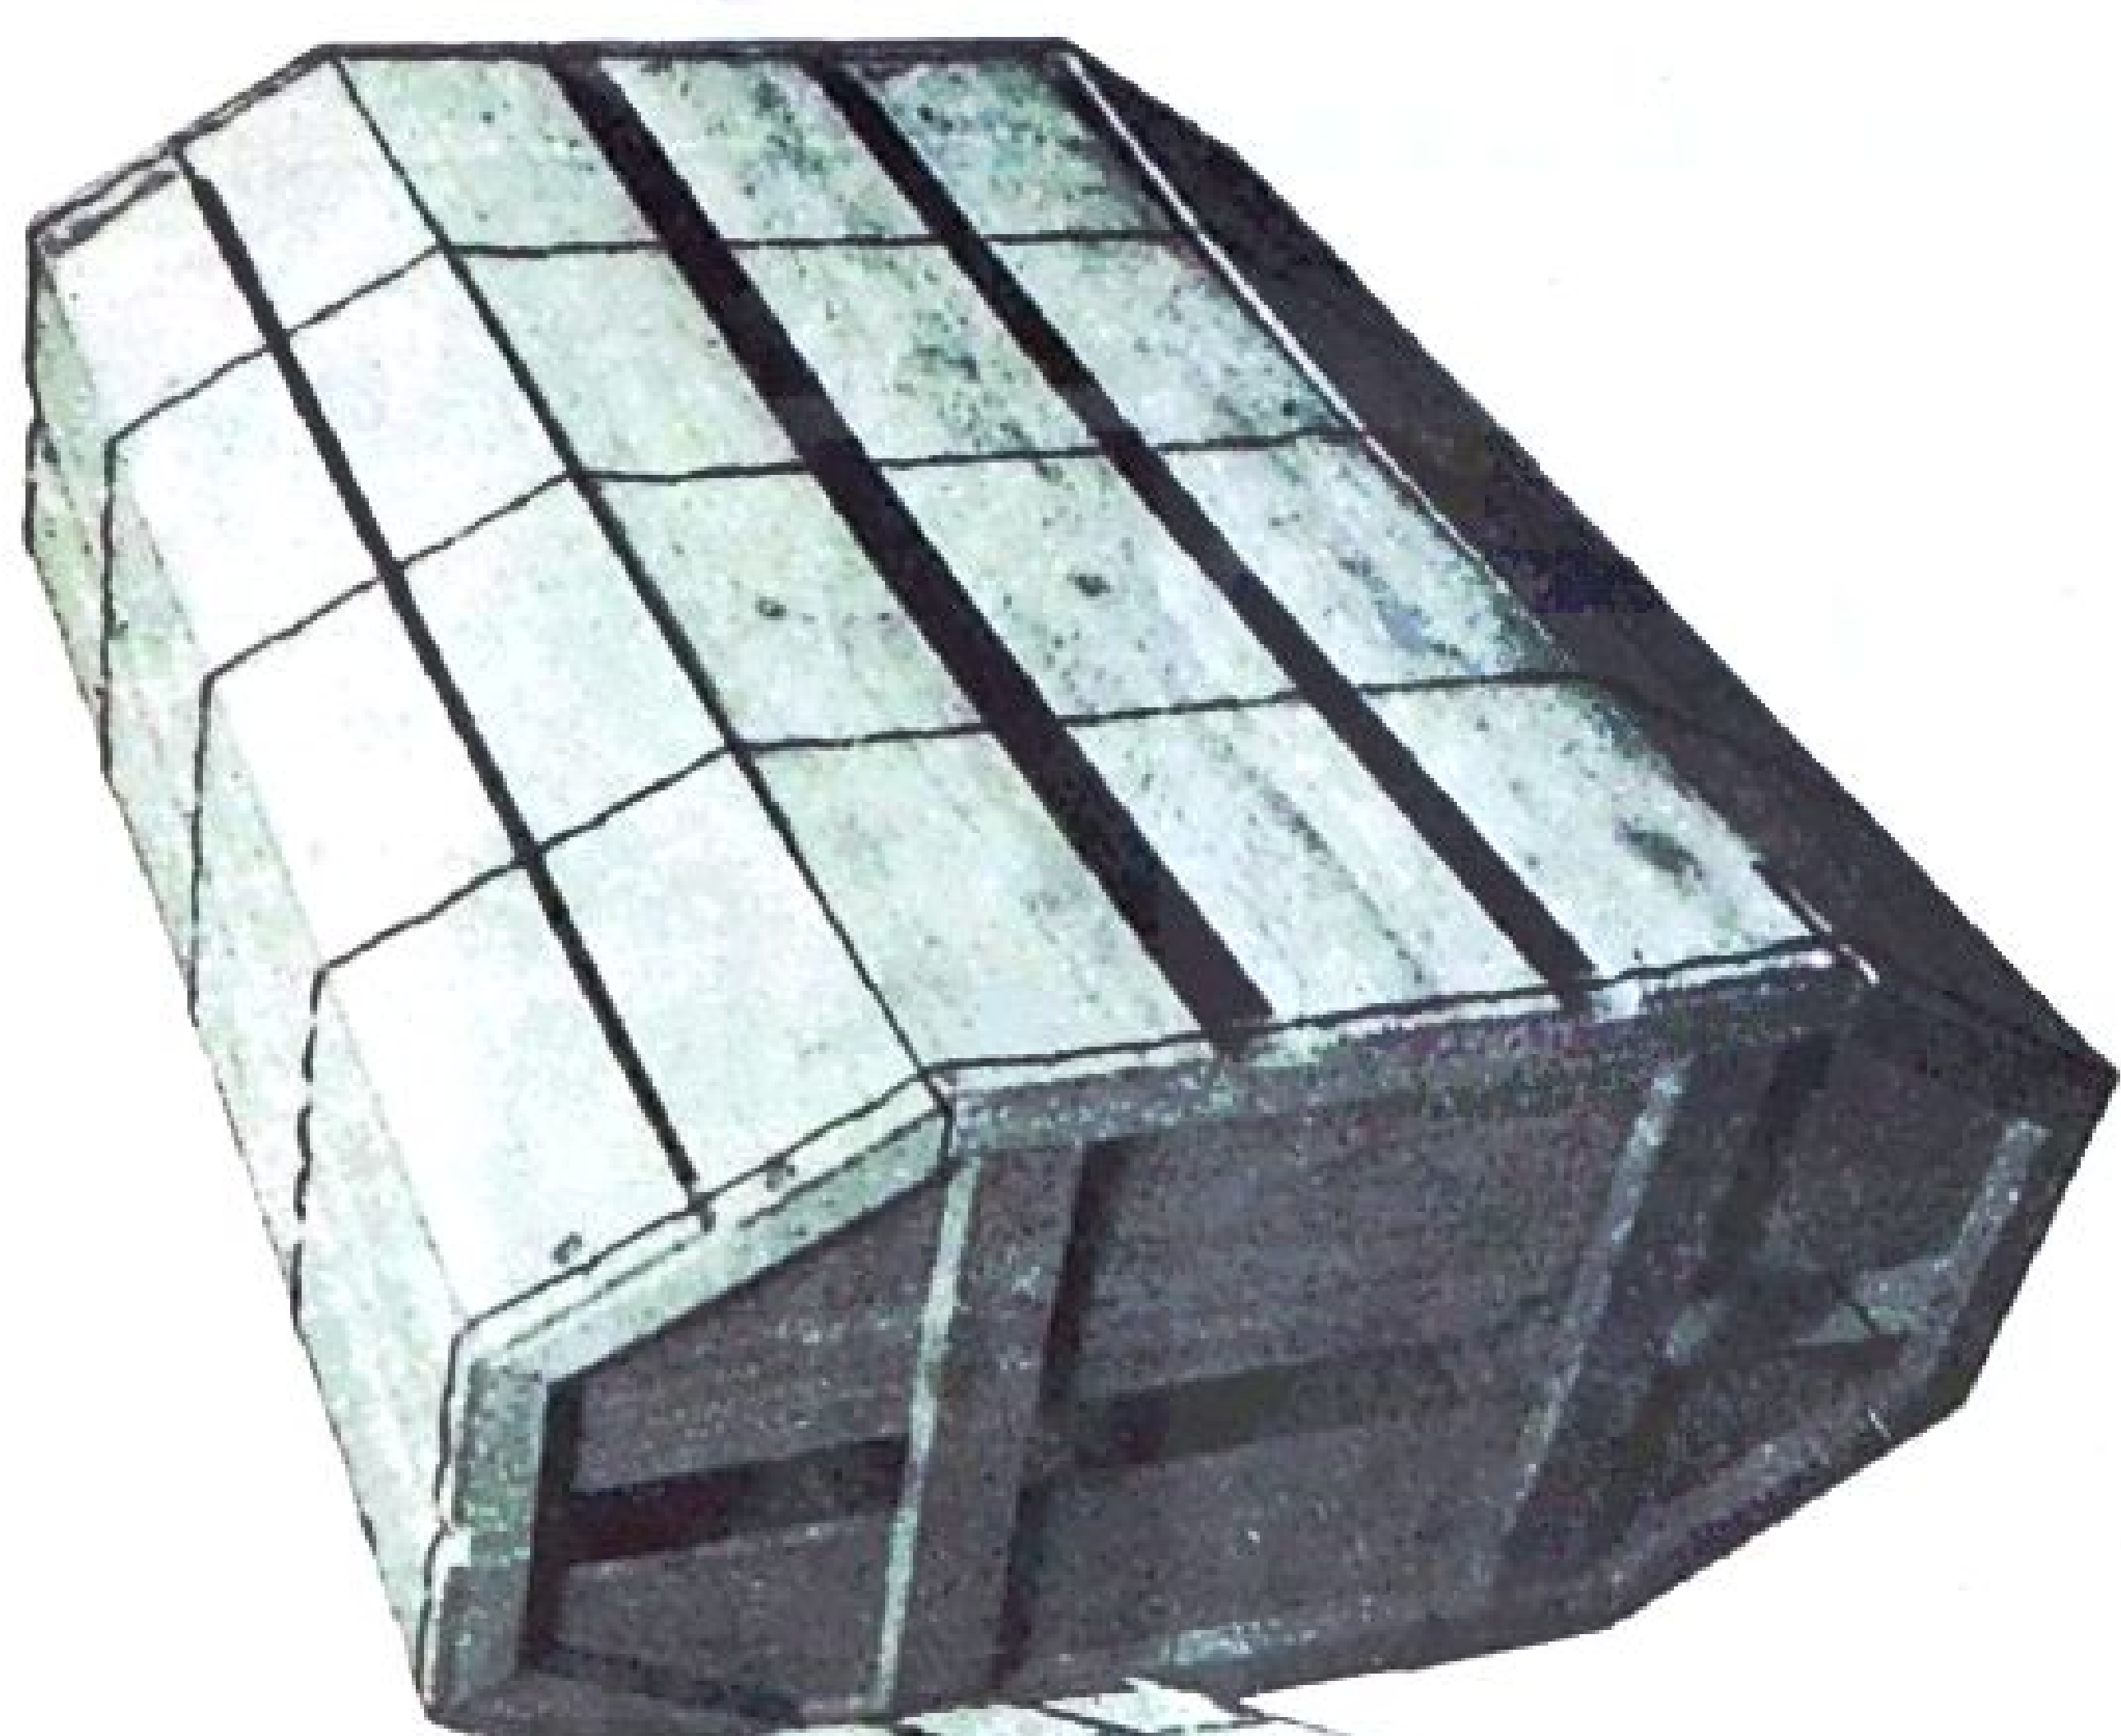

## KELET FACTORY MANUFACTURES :

WOODEN BOXES FOR AGRICULTURAL  
PRODUCTS

SPECIALLY DESIGNED WIRE - BOUND  
CASES FOR THE TRANSPORTATION OF  
TOMATOES, CAULIFLOWER, BANANAS,  
PLUMS AND OTHER FRUIT AND VEGE-  
TABLES

SHIPPING CASES FOR BISCUITS, PASTES  
(MACARONI), CHEESES, SAUSAGES AND  
ALL KINDS OF PRESERVED AND CANNED  
GOODS.

Wooden cases of any shape made to  
order in quantities as required.

Above are shown Kelet cases for the transportation of bananas (two bunch crate), tomatoes, apples and other hard fruit, and a banana (one bunch) crate. To the right is a typical Kelet wooden box for canned and other manufactured goods.

# GALAM LTD.

**'YAKHIN'****AGRICULTURAL CONTRACTING CO-OPERATIVE ASSOCIATION  
LIMITED**

126, ALLENBY RD., TEL-AVIV, P. O. B. 332, TEL. 4365. CABLES: YAKHIN TELAVIV

**'YAKHIN'** Ltd., founded in 1927 with the primary purpose of ESTABLISHING NEW SETTLEMENTS AND PLANTING CITRUS GROVES. Since its inception, 'Yakhin' has founded 12 Settlements and planted 10,000 dunams of citrus grove. Its activities also include:

**CULTIVATION OF CITRUS GROVES**

**'YAKHIN'** carries this out in various Settlements through its affiliated contracting offices, through which 12,000 dunams were cultivated during 1941/42.

**EXPORT OF CITRUS FRUIT**

**'YAKHIN'** set up a Citrus Export Department in 1936 and in the 1936/37 season exported 340,539 cases of fruit, being the crop of 6,000 dunams. In 1938/39 'Yakhin's exports amounted to 660,000 cases, representing the fruit of 12,500 dunams of grove.

**HAND-PRESSED CITRUS OILS**

**'YAKHIN'** organised through the medium of workers' groups in most of the citrus-growing Settlements the production of hand-pressed essential oils from citrus fruit which could not be exported owing to wartime conditions. 'Yakhin' produces and markets lemon, orange and grapefruit essential oils.

**MANUFACTURE OF CITRUS PRODUCTS**

**'YAKHIN'** manufactures marmalades, jams, juices, squashes, canned fruit, etc., at its factory, known by the name of 'Yakhin' Canning Company Ltd. (See page 80).

**SUPPLY OF AGRICULTURAL PRODUCTS**

**'YAKHIN'** opened, after the outbreak of the War, a department for the supply of agricultural products, acting, for special purposes, as the sole representative of the Settlements belonging to the Jewish Agricultural Workers Organisation. The Department supplies Green Berseem, Hay, Potatoes, Milk Products (from the dairies of Tnuva Ltd.), Fuel-Wood, etc.

In the course of all its activities, 'Yakhin' has always aimed at carrying out its agricultural work in accordance with current needs, striving to meet the demands of its members and business associates and to secure a fair, living wage for the agricultural workers employed.
